<a href="#">AB 12</a> <a href="#">Cooley D</a>	<b>State government: Administrative Procedure Act: standardized regulatory impact analyses.</b> The Administrative Procedure Act governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires each state agency to prepare a standardized regulatory impact analysis, as specified, with respect to the adoption, amendment, or repeal of a major regulation, as defined, that is proposed on or after November 1, 2013. Existing law requires the Department of Finance and the office, from time to time, to review the standardized regulatory impact analyses for adherence to regulations adopted by the department. This bill would instead require the Department of Finance and the office to annually review the standardized regulatory impact analyses for adherence to the regulations adopted by the department. This bill contains other related provisions and other existing laws.	Vetoed: 10/11/2013 <a href="#">pdf</a> <a href="#">html</a>	10/11/2013-Vetoed by the Governor	10/11/2013 A. VETOED	
<a href="#">AB 14</a> <a href="#">Lowenthal D</a>	<b>State freight plan.</b> Existing law creates the Transportation Agency in state government, consisting of various departments, including the Department of Transportation, which, among other things, is responsible for the state highway system. Existing law also requires the department to prepare a state rail plan, which contains a freight element. Existing law provides for the state and regional agencies to engage in various transportation planning activities, including goods	Chaptered: 9/6/2013 <a href="#">pdf</a> <a href="#">html</a>	9/6/2013-Chaptered by Secretary of State - Chapter 223, Statutes of 2013.	9/6/2013 A. 	<p>movement planning activities. Existing federal law provides certain incentives to the states for developing a state freight plan consistent with federal guidelines. This bill would require the Transportation Agency to prepare a state freight plan with specified elements to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. The bill would require the agency to establish a freight advisory committee with various responsibilities in that regard. The initial state freight plan would be submitted to the Legislature, the Governor, and certain state agencies by December 31, 2014, and updated every 5 years thereafter.</p>			
<p><a href="#">AB 26 Bonilla D</a></p>	<p><b>Construction: prevailing wage and mechanics liens.</b> (1) Existing law defines the term “public works” for purposes of requirements regarding the payment of prevailing wages. Existing law generally defines “public works” to include construction, alteration, demolition, installation, or repair work done under contract and paid in whole or in part out of public funds. Existing law defines “construction” for these purposes to include work performed during the design and preconstruction phases of construction. Existing law makes a willful violation of laws relating to payment of prevailing wages on public works a misdemeanor. This bill would revise the definition of “construction” to also include work performed during the postconstruction phases of construction, including, but not limited to, all cleanup work at the jobsite. The bill would also expand the definition of “public works,” for the purposes of requirements regarding the payment of prevailing wages, to also include any task relating to the collecting or sorting, or both, of refuse or recyclable metals, such as copper, steel, and aluminum, performed at a public works jobsite. By expanding the definition of a crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 3/18/2014-From committee chair, with author’s amendments: Amend, and re-refer to Com. on L. &amp; I.R. <p><a href="#">AB 28 V. Manuel Pérez D</a></p>	<p><b>Economic development: enterprise zones.</b> The Enterprise Zone Act provides for the designation and oversight by the Department of Housing and Community Development of various types of economic development areas throughout the state, including enterprise zones, targeted tax areas, and manufacturing enhancement areas, collectively known as geographically targeted economic development areas, or G-TEDAs. Pursuant to these provisions, qualifying entities in those areas may receive certain tax and regulatory incentives. This bill would revise various definitions for purposes of the act and modify specified requirements for designating and administering enterprise zones and G-TEDAs, collectively. The bill would impose new requirements on the Department of Housing and Community Development with respect to the enterprise zone program and modify department and Franchise Tax Board reporting requirements. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.</p>	<p>1/31/2014 A. <a href="#">AB 45</a> <a href="#">Dickinson</a> D	<b>Political Reform Act of 1974.</b> The Political Reform Act of 1974 defines various terms for purposes of the reporting and disclosure requirements under the act. This bill would revise this definition to provide that the term "candidate" includes any officeholder, regardless of whether he or she is the subject of a recall election, and would provide that a candidate retains that status until the time that he or she leaves office and the status is terminated. This bill contains other related provisions and other existing laws.	Amended: 5/31/2013 <a href="#">pdf</a> <a href="#">html</a>	7/3/2013-Referred to Com. on E. & C.A.	7/3/2013 S. E. & C.A.	
<a href="#">AB 53</a> <a href="#">John A. <a href="#">AB 152</a> <a href="#">Yamada</a> D	<b>Unemployment: Self-Employment Assistance Program.</b> Existing law provides for the payment of unemployment compensation benefits during the period that a person is unemployed. Existing law imposes various requirements on the payments of benefits, including work search requirements. Existing law also establishes retraining programs for unemployed workers. Prior law, enacted in 1994 and repealed in 2005, established the Self-Employment Assistance Program for displaced workers. This bill would establish a similar Self-Employment Assistance Program, to be administered by the Director of the Employment Development. The bill would provide for a weekly allowance for participants equal to regular unemployment benefits, subject to various limits, and would impose various eligibility requirements upon participants, and would waive requirements relating to job search and self-employment, as specified. This bill contains other related provisions and other existing laws.	Amended: 3/21/2014 <a href="#">pdf</a> <a href="#">html</a>	2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.	1/31/2014 A. DEAD	Oppose

<a href="#">Alejo D</a>	<b>Program.</b> Existing law, the Monterey County Water Resources Agency Act, establishes the Monterey County Water Resources Agency as a flood control and water agency within the County of Monterey. This bill would require the agency to establish a multiobjective, multibenefit consensus-based comprehensive Salinas River Management Program and would require the agency to establish a steering committee to develop the program. By requiring the agency to establish a new program, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	d: 2/20/2014 <a href="#">pdf</a> <a href="#">html</a>	Com. on N.R. & W.	S. N.R. & W.	
<a href="#">AB 158 Levine D</a>	<b>Solid waste: single-use carryout bags.</b> Existing law, until January 1, 2020, requires an operator of a store, as defined, to establish an at-store recycling program that provides to customers the opportunity to return clean plastic carryout bags to that store. The bill would, on and after July 1, 2016, additionally impose these prohibitions and requirements on convenience food stores, foodmarts, and certain other specified stores. This bill contains other related provisions and other existing laws.	Amended: 1/27/2014 <a href="#">pdf</a> <a href="#">html</a>	1/31/2014-Failed Deadline pursuant to Rule 61(b)(3). <a href="#">AB 167 Hagman R</a>	<b>Unfair competition: private enforcement actions.</b> Existing law defines unfair competition to include an unlawful, unfair, or fraudulent business act or practice, unfair, deceptive, untrue, or misleading advertising, and any false representations to the public. Existing law, as amended by Proposition 64 at the November 2, 2004, statewide general election, authorizes an action for relief from this prohibited conduct to be brought by the Attorney General, a district attorney, a county counsel, or a city attorney or prosecutor, or by any person who suffered an injury in fact and has lost money or property as a result of the unfair competition, and provides various remedies, including injunctive relief, restitution, and civil penalties. This bill would define the injury in fact required for a private person to bring suit under these provisions as damages suffered by each individual plaintiff or member of a class amounting to at least \$500, adjusted for inflation, as specified. The bill would also provide that it shall become effective only when submitted to, and approved by, the voters of California. <a href="#">AB 191 Bocanegra D</a>	<b>CalFresh: categorical eligibility.</b> Existing law provides for the federal Supplemental Nutrition Assistance Program (SNAP), under which each county distributes nutrition assistance benefits provided by the federal government to eligible households, and the CalWORKs program, under which each county provides cash assistance and other benefits to qualified low-income families and individuals. In California, federal nutrition assistance benefits are administered through CalFresh. This bill would require the State Department of Social Services, to the extent permitted by federal law, to design and implement a program of categorical eligibility for the purpose of establishing the gross income limit for the federal Temporary Assistance for Needy Families and state maintenance of effort funded service that confers categorical eligibility for any household that is categorically eligible and that includes a member who receives, or is eligible to receive, medical assistance under the Medi-Cal program. The bill would require producers that market whole produce, shell eggs, or processed foods through single-farm or multi-farm community-supported agriculture programs, as defined, to register annually with the department as a California direct marketing producer, and, among other things, to specify whether the producer is part of a single-farm community-supported agriculture program or a multi-farm community-supported agriculture program. The bill would impose specified requirements relating to the labeling and maintenance of consumer boxes and containers that are used in community-supported agriculture programs to deliver farm products, and would require a registered California direct marketing producer to maintain records of the contents and origin of all of the items included in each consumer box or container in accordance with department regulations. This bill contains other related provisions and other existing laws.				
<a href="#">AB 227 Gatto D</a>	<b>Proposition 65: enforcement.</b> (1) The existing Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) prohibits any person, in the course of doing business, from knowingly and intentionally exposing any individual to a chemical known to the state to cause cancer or reproductive toxicity without giving a specified warning, or from knowingly discharging or releasing such a chemical into water or any source of drinking water, except as specified. The act imposes civil penalties of not more than \$2,500 per day upon persons who violate those prohibitions, and provides for the enforcement of those prohibitions by the Attorney General, a district attorney, or specified city attorneys or prosecutors, and by any person in the public interest. The act requires any person bringing an action in the public interest, or any private person filing an action in which a violation of the act is alleged, to notify the Attorney General, the district attorney, city attorney, or prosecutor in whose jurisdiction the violation is alleged to have occurred, and the alleged violator that such an action has been filed. This bill would require a person filing an enforcement action in the public interest for certain specified exposures to provide a notice in a specified proof of compliance form. The bill would prohibit an enforcement action from being filed by that person, and would prohibit the recovery of certain payments or reimbursements, if the notice to the alleged violator alleges a failure to provide a clear and reasonable warning for those specified exposures and, within 14 days after receiving the notice, the alleged violator corrects the alleged violation, pays a civil penalty in the amount of \$500 per facility or premises, and notifies the person bringing the action that the violation has been corrected pursuant to the specified proof of compliance form. The bill would specify that the alleged violator may correct the violation, pay the civil penalty, and serve a correction notice on the person who served notice of the violation only one time for a violation arising from the same exposure in the same facility or on the same premises. The bill would require the Judicial Council, on April 1, 2019, and at each 5-year interval thereafter, to adjust that civil penalty, as specified. This bill contains other related provisions and other existing laws. This bill would authorize both the director and the commissioner, or their deputies, to waive any penalties against an employer if the employer resolves the claim within 30 days of receiving a notice, as specified, from the commissioner. The bill would not apply to violations of minimum wage requirements. This bill contains other existing laws.				
<a href="#">AB 242</a> <a href="#">Chau D</a>	<b>Privacy: Internet.</b> Existing law requires an operator of a commercial Web site or online service that collects personally identifiable information through the Internet, about individual consumers residing in California who use or visit its commercial Web site or online service, to make its privacy policy available to consumers, as specified. This bill would eliminate references to "privacy policy," and instead refer to a privacy policy as a "policy." The bill would require these policies to include hyperlinks to the Web pages where a consumer may file a complaint, as specified, if an operator collects personal information about an individual consumer. <a href="#">AB 263</a> <a href="#">Hernández,</a> <a href="#">Roger D</a>	<b>Employment: retaliation: immigration-related practices.</b> Existing law prohibits an employer from discharging an employee or in any manner discriminating against any employee or applicant for employment because the employee or applicant has engaged in prescribed protected conduct relating to the enforcement of the employee's or applicant's rights. Existing law provides that an employee who made a bona fide complaint, and was consequently discharged or otherwise suffered an adverse action, is entitled to reinstatement and reimbursement for lost wages. Existing law makes it a misdemeanor for an employer to willfully refuse to reinstate or otherwise restore an employee who is determined by a specified procedure to be eligible for reinstatement. This bill would also prohibit an employer from retaliating or taking adverse action against any employee or applicant for employment because the employee or applicant has engaged in protected conduct. The bill would expand the protected conduct to include a written or oral complaint by an employee that he or she is owed unpaid wages. The bill would provide that an employee who was retaliated against or otherwise was subjected to an adverse action is entitled to reinstatement and reimbursement for lost wages. The bill would subject a person who violates these provisions to a civil penalty of up to \$10,000 per violation. The bill would also provide that it is not necessary to exhaust administrative remedies or procedures in the enforcement of specified provisions. Because the willful refusal by an employer to reinstate or reimburse an employee who suffered a retaliatory action under these provisions would be a misdemeanor, the bill would expand the scope of a crime and impose a state-mandated local program. This bill contains other related provisions and other existing laws. <a href="#">AB 278 Gatto D</a>	<b>California Global Warming Solutions Act of 2006: Low Carbon Fuel Standard.</b> The California Global Warming Solutions Act of 2006, establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020, equivalent to the statewide greenhouse gas emissions levels in 1990. The state board is additionally required to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. Pursuant to the act, the state board has adopted the Low Carbon Fuel Standard regulations. This bill would require the state board, in promulgating regulations or other policies for purposes of the carbon intensity of fuels, to consider specified sustainability factors and the state of the fuel market and technologies. The bill would require the state board, no later than December 2014, to include mechanisms and policies that favor low-carbon fuels with the highest possible sustainability based on specified factors and to encourage incentives for sustainable fuels produced without food stock or displacement of food crops. <a href="#">AB 282 Wieckowski D</a>	<b>Underground storage tanks: petroleum: charges.</b> Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund and the State Water Resources Control Board is authorized to expend the moneys in the fund, upon appropriation by the Legislature, for various purposes, including the payment of claims to aid owners and operators of petroleum underground storage tanks who take corrective action to clean up unauthorized releases from those tanks, corrective actions undertaken by the board, a California regional water quality board, or a local agency, the cleanup and oversight of unauthorized releases at abandoned tank sites, and grants to small businesses to retrofit certain hazardous substance underground storage tanks. Existing law repeals the act on January 1, 2016, but specifies that certain associated rights, obligations, and authorities that apply prior to the repeal date do not terminate until the moneys in the fund are exhausted. This bill would require payment of the additional \$0.006 per gallon until January 1, 2016. The bill would extend the repeal date of the fund until January 1, 2018, and make conforming changes. The bill would require the board, no later than January 1, 2015, to make specified information relating to the payment of claims available on its Internet Web site. This bill would constitute a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of 2/3 of the membership of each house of the Legislature. This bill would enact the Prepaid Mobile Telephony Service Surcharge Collection Act (act). The bill would establish a prepaid MTS surcharge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid MTS surcharge would include the emergency telephone users surcharge, as defined, and PUC surcharges, as defined. The bill would require a seller, as defined, to collect the prepaid MTS surcharge, as provided, from a prepaid consumer, as defined, and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board, after deducting its administrative expenses, to deposit the amounts collected for the emergency telephone users surcharge into the Prepaid MTS 911 Account and to deposit the amounts collected for PUC surcharges into the Prepaid MTS PUC Account in the Prepaid Mobile Telephony Services Surcharge Fund, which the bill would establish in the State Treasury. The bill would require the PUC to annually compute for prepaid mobile telephony services the PUC's reimbursement fee and 6 universal service program surcharges, to post notice of those fees and surcharges on its Internet Web site, and to notify the State Board of Equalization and the Office of Emergency Services of the amounts and the computation method used to determine the amounts, which would be adjusted, as specified, and together would be the PUC surcharges. customer and requires that electrical and gas corporations file rates and charges, to be approved by the commission, providing baseline rates. Existing law requires the commission, in establishing the baseline rates, to avoid excessive rate increases for residential customers. Existing law requires the commission to establish a program of assistance to low-income electric and gas customers, referred to as the California Alternate Rates for Energy (CARE) program. The CARE program provides lower rates to low-income customers that are financed through a separate rate component, which is required to be a nonbypassable element of the local distribution service and collected on the basis of usage. Eligibility for the CARE program is for those electric and gas customers with annual household incomes that are no greater than 200% of the federal poverty guideline levels. This bill would repeal the limitations upon increasing the electric service rates of residential customers, including the rate increase limitations applicable to electric service provided to CARE customers, but would require the commission, in establishing rates for CARE program participants, to ensure that low-income ratepayers are not jeopardized or overburdened by monthly energy expenditures and to adopt CARE rates in which the level of discount for low-income electricity and gas ratepayers correctly reflects their level of need, as determined by a specified needs assessment. The bill would require that this needs assessment be performed not less often than every 3rd year. The bill would revise the CARE program eligibility requirements to provide that for one-person households, program eligibility would be based on 2-person household guideline levels. The bill would require the commission, when establishing the CARE discounts for an electrical corporation with 100,000 or more customer accounts in California, to ensure that the average effective CARE discount be no less than 30% and no more than 35% of the revenues that would have been produced for the same billed usage by non-CARE customers and that the entire discount be provided in the form of a reduction in the overall bill for the eligible CARE customer. The bill would require that increases to rates and charges in rate design proceedings, including any reduction in the CARE discount, be reasonable and subject to a reasonable phase-in schedule relative to the rates and charges in effect prior to January 1, 2014. The bill would authorize the commission to approve new, or expand existing, fixed charges, as defined, for an electrical corporation for the purpose of collecting a reasonable portion of the fixed costs of providing service to residential customers. The bill would require the commission to ensure that any new or expanded fixed charges reasonably reflect an appropriate portion of the different costs of serving small and large customers, do not unreasonably impair incentives for conservation and energy efficiency, and do not overburden low-income and moderate-income customers. The bill would impose a \$10 limit per residential customer account per month for customers not enrolled in the CARE program, would impose a \$5 per month limit per residential customer account per month for customers enrolled in the CARE program, and would, beginning January 1, 2016, authorize the commission to adjust this maximum allowable fixed charge by no more than the annual percentage increase in the Consumer Price Index for the prior calendar year. The bill would authorize the commission to consider whether minimum bills are an appropriate substitute for any fixed charges. This bill contains other related provisions and other existing laws.

With certain exceptions, the source reduction and recycling element of that plan is required to divert 50% of all solid waste, through source reduction, recycling, and composting activities. Existing law allows the 50% diversion requirement to include, pursuant to specified conditions, not more than 10% through biomass conversion, which is defined as the controlled combustion of specific materials for use in producing electricity or heat. Existing law defines the term "transformation" and excludes from that definition composting, gasification, and biomass conversion. This bill would define the terms "EMSW conversion" and "EMSW conversion facility," and would make conforming changes to existing definitions with regard to those operations and facilities. Existing law establishes the California Apprenticeship Council, composed of 6 representatives of entities that sponsor apprenticeship programs, as prescribed, and of 2 representatives of the general public. The Director of Industrial Relations, the Superintendent of Public Instruction, and the Chancellor of the California Community Colleges, or their designees, are also members of the council. The council aids the director in formulating policies relating to the effective administration of apprenticeship programs. The bill would require the division, in consultation with the California Workforce Investment Board, the State Department of Education, and representatives for the California Community College system, to establish and coordinate a stakeholders group that includes representatives of health care providers, employers or employer organizations, hospital systems, community clinics, patients, caregivers, and patient advocacy organizations. The bill would require the stakeholders group to identify opportunities for apprenticeships, identify and develop specific requirements and qualifications for entry into apprenticeships, establish standards for corresponding preapprenticeship skills training programs, and work with designated entities to identify, assess, and prepare a pool of qualified candidates seeking to enter apprenticeship. The bill would require the chief, on or before December 1, 2015, to prepare and submit to the appropriate policy committees of the Legislature a report on the findings and recommendations of the stakeholders group. 	attorney's fees, incurred by another party as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay, if the actions or tactics arise from a complaint filed, or a proceeding initiated, on or before December 31, 1994. Existing law defines "frivolous" for these purposes, in part, as "for the sole purpose of harassing an opposing party." In addition to the reasonable expenses award, existing law authorizes the court to assess punitive damages against the plaintiff on a determination that the plaintiff's action was maintained by a person convicted of a felony against the person's victim for injuries arising from the acts for which the person was convicted, and that the plaintiff is guilty of fraud, oppression, or malice in maintaining the action. This bill would delete the December 31, 1994, date limitation on a trial court's authorization to award reasonable expenses incurred as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay, thus making both of the provisions described above applicable commencing January 1, 2015. The bill would recast the definition of "frivolous" for purposes of the reasonable expenses award, in part, as "for the purpose of harassing an opposing party." The bill would, notwithstanding these provisions, authorize a pharmacy to use its own translations of the board's English language directions for use, as specified, if a trained and qualified translator or translation service, as defined, is utilized to complete the additional translations. The bill would authorize the directions for use, as specified, to be translated into additional non-English languages if a trained and qualified translator or translation service, as defined, is utilized to complete the additional translations. The bill would authorize a pharmacist to use the English language directions for use, as specified, if he or she reasonably believes a translation of the directions for use contains an error due to software or equipment malfunction. The bill would also provide that a pharmacist that reasonably uses the translations of the directions for use in non-English languages published on the board's Internet Web site has not breached his or her legal duty if the published translations contain an error and the pharmacist did not know, or did not have reason to know, of the error. Existing law does not classify ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine within any of these 5 schedules, but provides that it is a crime, punishable as specified, for a person in this state who engages in specified transactions involving those drugs to fail to submit a report to the Department of Justice of all of those transactions, or to fail to submit an application to, and obtain a permit for the conduct of that business from, the Department of Justice, as specified. Existing law prohibits the sale of more than 3 packages or 9 grams of a nonprescription product containing ephedrine or the other drugs, as specified. This bill would instead provide that it is a misdemeanor, punishable as specified, for a retail distributor, except pursuant to a valid prescription from a licensed practitioner with prescriptive authority, to sell or distribute to a person specified amounts of nonprescription products containing ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine within specified time limits, to sell or distribute any of those substances to a person whose information has generated an alert, or, except under specified conditions, to sell or distribute to a purchaser a nonprescription product containing any amount of those substances. The bill would contain provisions requiring the secure storage and monitoring of products containing any amount of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine, as specified. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA prescribes certain requirements for the review of draft EIRs, as specified. CEQA prohibits a lead agency or responsible agency from requiring a subsequent or supplemental EIR when an EIR has been prepared for a project pursuant to its provisions, unless one or more of specified events occurs, including, among other things, that new information, which was not known and could not have been known at the time the EIR was certified as complete, becomes available. CEQA requires the Office of Planning and Research to prepare and develop, and the Secretary of the Natural Resources Agency to certify and adopt, guidelines for the implementation of CEQA. CEQA requires the office to review the guidelines once every 2 years and recommend proposed changes or amendments to the guidelines to the secretary. CEQA requires the guidelines to include a list of classes of projects that have been determined not to have a significant effect on the environment and to exempt those classes of projects from CEQA. These are referred to as categorical exemptions. This bill would , for purposes of the new information exception to the prohibition on requiring a subsequent or supplemental EIR, specify that the exception applies if new information that becomes available was not known and could not have been known by the lead agency or any responsible agency at the time the EIR was certified as complete. The bill would authorize the office, by July 1, 2015, to draft and transmit to the secretary revisions to the guidelines to include as a categorical exemption projects involving minor temporary uses of land and public gatherings that have been determined not to have a significant effect on the environment. The bill would require the secretary, if the Office of Planning and Research transmits the revisions to the secretary , to certify and adopt the proposed revisions to the guidelines by January 1, 2016 . Because a lead agency would be required to determine whether a project would fall within this categorical exemption, this bill would impose a state-mandated local program. A provision of that law imposes a tax upon the distribution of tobacco products at a tax rate that is equivalent to the combined rate of all taxes imposed on cigarettes, which is deposited in specified accounts. This bill would, on or after the first day of the first calendar quarter commencing more than 90 days on or after the effective date of the bill, impose an additional tax on the distribution of cigarettes at the rate of \$0.10 for each cigarette distributed; would require a dealer and a wholesaler to file a return with the State Board of Equalization showing the number of cigarettes in its possession or under its control on that date, and impose a related floor stock tax; and would require a licensed cigarette distributor to file a return with the board and pay a cigarette indicia adjustment tax for cigarette tax stamps in its possession or under its control on that date.
