AB 9 Holden D	Income taxes: credits: enterprise zone. The Personal Income Tax Law and the Corporation Tax Law allow various credits against the taxes imposed by those laws, including credits for taxpayers that employ qualified employees, as defined, in an enterprise zone. This bill would modify the definition of a qualified employee, as specified, and require qualified wages to exceed an average monthly wage of \$2,000, as specified. This bill contains other related provisions.	Amended: 3/19/2013 pdf html	2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.	1/31/2014 A. DEAD	Watch
AB 10 Alejo D	Minimum wage: annual adjustment. Existing law requires that, on and after January 1, 2008, the minimum wage for all industries be not less than \$8.00 per hour. This bill would increase the minimum wage, on and after July 1, 2014, to not less than \$9 per hour. The bill would further increase the minimum wage, on and after January 1, 2016, to not less than \$10 per hour. AB 12 Cooley D	State government: Administrative Procedure Act: standardized regulatory impact analyses. The Administrative Procedure Act governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires each state agency to prepare a standardized regulatory impact analysis, as specified, with respect to the adoption, amendment, or repeal of a major regulation, as defined, that is proposed on or after November 1, 2013. Existing law requires the Department of Finance and the office, from time to time, to review the standardized regulatory impact analyses for adherence to regulations adopted by the department. This bill would instead require the Department of Finance and the office to annually review the standardized regulatory impact analyses for adherence to the regulations adopted by the department. This bill contains other related provisions and other existing laws.	Vetoed: 10/11/2013 pdf html	10/11/2013-Vetoed by the Governor	10/11/2013 A. VETOED	
AB 14 Lowenthal D	State freight plan. Existing law creates the Transportation Agency in state government, consisting of various departments, including the Department of Transportation, which, among other things, is responsible for the state highway system. Existing law also requires the department to prepare a state rail plan, which contains a freight element. Existing law provides for the state and regional agencies to engage in various transportation planning activities, including goods	Chaptered: 9/6/2013 pdf html	9/6/2013-Chaptered by Secretary of State - Chapter 223, Statutes of 2013.	9/6/2013 A. 	<p>movement planning activities. Existing federal law provides certain incentives to the states for developing a state freight plan consistent with federal guidelines. This bill would require the Transportation Agency to prepare a state freight plan with specified elements to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. The bill would require the agency to establish a freight advisory committee with various responsibilities in that regard. The initial state freight plan would be submitted to the Legislature, the Governor, and certain state agencies by December 31, 2014, and updated every 5 years thereafter.</p>				
<p>AB 28 V. Manuel Pérez D</p>	<p>Economic development: enterprise zones. The Enterprise Zone Act provides for the designation and oversight by the Department of Housing and Community Development of various types of economic development areas throughout the state, including enterprise zones, targeted tax areas, and manufacturing enhancement areas, collectively known as geographically targeted economic development areas, or G-TEDAs. Pursuant to these provisions, qualifying entities in those areas may receive certain tax and regulatory incentives. This bill would revise various definitions for purposes of the act and modify specified requirements for designating and administering enterprise zones and G-TEDAs, collectively. The bill would impose new requirements on the Department of Housing and Community Development with respect to the enterprise zone program and modify department and Franchise Tax Board reporting requirements. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 4/29/2013 pdf html</p>	<p>2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.</p>	<p>1/31/2014 A. <p>AB 31 Pan D</p>	<p>Milk products: milk prices: dairy industry sustainability. Existing law empowers the Secretary of Food and Agriculture to formulate stabilization and marketing plans that establish the prices to be paid by milk handlers for specified classes of market milk. Existing law requires the secretary to take relevant economic factors into consideration in establishing the price to be paid for class 4b market milk, which comprises all market milk, market skim milk, or market cream used in the manufacture of cheese other than cottage cheese. This bill would make specified legislative findings and declarations regarding challenges faced by the dairy industry and would state specified intents of the Legislature .</p>	<p>Amended: 5/7/2013 pdf html</p>	<p>1/24/2014-Failed Deadline pursuant to Rule 61(b)(2). AB 53 John A. Pérez D	Governor's Office of Business and Economic Development: biennial California Economic Development Strategic Plan. The Governor's Office of Business and Economic Development serves as the Governor's lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth. The office, among others, makes recommendations to the Governor and the Legislature regarding policies, programs, and actions to advance statewide economic goals. This bill would require the office to lead the preparation of a California Economic Development Strategic Plan, as specified. This bill contains other related provisions and other existing laws. AB 152 Yamada D	Unemployment: Self-Employment Assistance Program. Existing law provides for the payment of unemployment compensation benefits during the period that a person is unemployed. Existing law imposes various requirements on the payments of benefits, including work search requirements. Existing law also establishes retraining programs for unemployed workers. Prior law, enacted in 1994 and repealed in 2005, established the Self-Employment Assistance Program for displaced workers. This bill would establish a similar Self-Employment Assistance Program, to be administered by the Director of the Employment Development. The bill would provide for a weekly allowance for participants equal to regular unemployment benefits, subject to various limits, and would impose various eligibility requirements upon participants, and would waive requirements relating to job search and self-employment, as specified. This bill contains other related provisions and other existing laws.	Amended: 3/21/2013 pdf html	2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.	1/31/2014 A. AB 167 Hagman R	Unfair competition: private enforcement actions. Existing law defines unfair competition to include an unlawful, unfair, or fraudulent business act or practice, unfair, deceptive, untrue, or misleading advertising, and any false representations to the public. Existing law, as amended by Proposition 64 at the November 2, 2004, statewide general election, authorizes an action for relief from this prohibited conduct to be brought by the Attorney General, a district attorney, a county counsel, or a city attorney or prosecutor, or by any person who suffered an injury in fact and has lost money or property as a result of the unfair competition, and provides various remedies, including injunctive relief, restitution, and civil penalties. This bill would define the injury in fact required for a private person to bring suit under these provisions as damages suffered by each individual plaintiff or member of a class amounting to at least \$500, adjusted for inflation, as specified. The bill would also provide that it shall become effective only when submitted to, and approved by, the voters of California. 	provides cash assistance and other benefits to qualified low-income families and individuals. In California, federal nutrition assistance benefits are administered through CalFresh. This bill would require the State Department of Social Services, to the extent permitted by federal law, to design and implement a program of categorical eligibility for the purpose of establishing the gross income limit for the federal Temporary Assistance for Needy Families and state maintenance of effort funded service that confers categorical eligibility for any household that is categorically eligible and that includes a member who receives, or is eligible to receive, medical assistance under the Medi-Cal program. This bill contains other related provisions and other existing laws.				
AB 224 Gordon D	Agricultural products: direct marketing: community-supported agriculture. Existing law encourages the Department of Food and Agriculture to assist producers in organizing certified farmers' markets, field retail stands, farm stands, and other forms of direct marketing by providing technical advice on marketing methods and in complying with the regulations that affect direct marketing programs. This bill would also encourage the department to assist in organizing community-supported agriculture. The bill would require producers that market whole produce, shell eggs, or processed foods through single-farm or multi-farm community-supported agriculture programs, as defined, to register annually with the department as a California direct marketing producer, and, among other things, to specify whether the producer is part of a single-farm community-supported agriculture program or a multi-farm community-supported agriculture program. The bill would impose specified requirements relating to the labeling and maintenance of consumer boxes and containers that are used in community-supported agriculture programs to deliver farm products, and would require a registered California direct marketing producer to maintain records of the contents and origin of all of the items included in each consumer box or container in accordance with department regulations. This bill contains other related provisions and other existing laws.	Chapter ed: 9/29/2013 pdf html	9/28/2013-Chaptered by Secretary of State - Chapter 404, Statutes of 2013.	9/28/2013 A. CHAPTERED	
AB 227 Gatto D	Proposition 65: enforcement. (1) The existing Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) prohibits any person, in the course of doing business, from knowingly and intentionally exposing any individual to a chemical known to the state to cause cancer or reproductive toxicity without giving a specified warning, or from knowingly discharging or releasing such a chemical into water or any source of drinking water, except as specified. The act imposes civil penalties of not more than \$2,500 per day upon persons who violate those prohibitions, and provides for the enforcement of those prohibitions by the Attorney General, a district attorney, or specified city attorneys or prosecutors, and by any person in the public interest. The act requires any person bringing an action in the public interest, or any private person filing an action in which a violation of the act is alleged, to notify the Attorney General, the district attorney, city attorney, or prosecutor in whose jurisdiction the violation is alleged to have occurred, and the alleged violator that such an action has been filed. This bill would require a person filing an enforcement action in the public interest for certain specified exposures to provide a notice in a specified proof of compliance form. The bill would prohibit an enforcement action from being filed by that person, and would prohibit the recovery of certain payments or reimbursements, if the notice to the alleged violator alleges a failure to provide a clear and	Chapter ed: 10/5/2013 pdf html	10/5/2013-Chaptered by Secretary of State - Chapter 581, Statutes of 2013.	10/5/2013 A. 	reasonable warning for those specified exposures and, within 14 days after receiving the notice, the alleged violator corrects the alleged violation, pays a civil penalty in the amount of \$500 per facility or premises, and notifies the person bringing the action that the violation has been corrected pursuant to the specified proof of compliance form. The bill would specify that the alleged violator may correct the violation, pay the civil penalty, and serve a correction notice on the person who served notice of the violation only one time for a violation arising from the same exposure in the same facility or on the same premises. The bill would require the Judicial Council, on April 1, 2019, and at each 5-year interval thereafter, to adjust that civil penalty, as specified. This bill contains other related provisions and other existing laws.				
AB 228 Logue R	Labor Commissioner: employee claims. Existing law provides for the Director of the Department of Industrial Relations within the Labor and Workforce Development Agency to oversee and assist the divisions under its jurisdiction with the enforcement of provisions of law related to private employment, including claims for wage and hour violations and occupational safety violations. This bill would authorize both the director and the commissioner, or their deputies, to waive any penalties against an employer if the employer resolves the claim within 30 days of receiving a notice, as specified, from the commissioner. The bill would not apply to violations of minimum wage requirements. This bill contains other existing laws.	Amended: 4/15/2013 pdf html	1/17/2014-Failed Deadline pursuant to Rule 61(b)(1). AB 242 Chau D	Privacy: Internet. Existing law requires an operator of a commercial Web site or online service that collects personally identifiable information through the Internet, about individual consumers residing in California who use or visit its commercial Web site or online service, to make its privacy policy available to consumers, as specified. This bill would eliminate references to "privacy policy," and instead refer to a privacy policy as a "policy." The bill would require these policies to include hyperlinks to the Web pages where a consumer may file a complaint, as specified, if an operator collects personal information about an individual consumer. AB 263 Hernández, Roger D	Employment: retaliation: immigration-related practices. Existing law prohibits an employer from discharging an employee or in any manner discriminating against any employee or applicant for employment because the employee or applicant has engaged in prescribed protected conduct relating to the enforcement of the employee's or applicant's rights. Existing law provides that an employee who made a bona fide complaint, and was consequently discharged or otherwise suffered an adverse action, is entitled to reinstatement and reimbursement for lost wages. Existing law makes it a misdemeanor for an employer to willfully refuse to reinstate or otherwise restore an employee who is determined by a specified procedure to be eligible for reinstatement. This bill would also prohibit an employer from retaliating or taking adverse action against any employee or applicant for employment because the employee or applicant has engaged in protected conduct. The bill would expand the protected conduct to include a written or oral complaint by an employee that he or she is owed unpaid wages. The bill would provide that an employee who was retaliated against or otherwise was subjected to an adverse action is entitled to reinstatement and reimbursement for lost wages. The bill would subject a person who violates these provisions to a civil penalty of up to \$10,000 per	Chaptered: 10/11/2013 pdf html	6/2/2014-ASM. RLS. 	violation. The bill would also provide that it is not necessary to exhaust administrative remedies or procedures in the enforcement of specified provisions. Because the willful refusal by an employer to reinstate or reimburse an employee who suffered a retaliatory action under these provisions would be a misdemeanor, the bill would expand the scope of a crime and impose a state-mandated local program. This bill contains other related provisions and other existing laws.			
AB 276 Hueso D	CalFresh eligibility. Existing federal law provides for the federal Supplemental Nutrition Assistance Program (SNAP), known in California as CalFresh (formerly the Food Stamp Program), under which nutrition assistance benefits are distributed to eligible individuals by the counties. Existing law establishes eligibility and benefit level requirements for receipt of CalFresh benefits. This bill would require the state to submit a request to the United States Department of Agriculture, on or before December 31, 2014, to waive the requirement excluding the basic allowance for housing from countable income in the calculation of eligibility and benefit level and would require the waiver to be implemented within 6 months of being granted. AB 278 Gatto D	California Global Warming Solutions Act of 2006: Low Carbon Fuel Standard. The California Global Warming Solutions Act of 2006, establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases. The act requires the state board to adopt a statewide greenhouse gas emissions limit, as defined, to be achieved by 2020, equivalent to the statewide greenhouse gas emissions levels in 1990. The state board is additionally required to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. Pursuant to the act, the state board has adopted the Low Carbon Fuel Standard regulations. This bill would require the state board, in promulgating regulations or other policies for purposes of the carbon intensity of fuels, to consider specified sustainability factors and the state of the fuel market and technologies. The bill would require the state board, no later than December 2014, to include mechanisms and policies that favor low-carbon fuels with the highest possible sustainability based on specified factors and to encourage incentives for sustainable fuels produced without food stock or displacement of food crops. AB 282 Wieckowski D	Underground storage tanks: petroleum: charges. Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund and the State Water Resources Control Board is authorized to expend the moneys in the fund, upon appropriation by the Legislature, for various purposes, including the payment of claims to aid owners and operators of petroleum underground storage tanks who take corrective action to clean up unauthorized releases from those tanks, corrective actions undertaken by the board, a California regional water quality board, or a local agency, the cleanup and oversight of unauthorized releases at abandoned tank sites, and grants to small businesses to retrofit certain hazardous substance underground storage tanks. Existing law repeals the act on January 1,	Amended: 7/2/2013 pdf html	8/30/2013-In committee: Held under submission.	8/12/2013 S. APPR. SUSPENSE FILE

	2016, but specifies that certain associated rights, obligations, and authorities that apply prior to the repeal date do not terminate until the moneys in the fund are exhausted. This bill would require payment of the additional \$0.006 per gallon until January 1, 2016. The bill would extend the repeal date of the fund until January 1, 2018, and make conforming changes. The bill would require the board, no later than January 1, 2015, to make specified information relating to the payment of claims available on its Internet Web site. This bill would constitute a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of 2/3 of the membership of each house of the Legislature. This bill contains other existing laws.				
AB 300 Perea D	Telecommunications: prepaid mobile telephony services: state surcharge and fees: local charges collection. (1) The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Amounts are determined annually by the Office of Emergency Services, and upon collection are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Mobile Telephony Service Surcharge Collection Act (act). The bill would establish a prepaid MTS surcharge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid MTS surcharge would include the emergency telephone users surcharge, as defined, and PUC surcharges, as defined. The bill would require a seller, as defined, to collect the prepaid MTS surcharge, as provided, from a prepaid consumer, as defined, and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board, after deducting its administrative expenses, to deposit the amounts collected for the emergency telephone users surcharge into the Prepaid MTS 911 Account and to deposit the amounts collected for PUC surcharges into the Prepaid MTS PUC Account in the Prepaid Mobile Telephony Services Surcharge Fund, which the bill would establish in the State Treasury. The bill would require the PUC to annually compute for prepaid mobile telephony services the PUC's reimbursement fee and 6 universal service program surcharges, to post notice of those fees and surcharges on its Internet Web site, and to notify the State Board of Equalization and the Office of Emergency Services of the amounts and the computation method used to determine the amounts, which would be adjusted, as specified, and together would be the PUC surcharges. <p>AB 327 Perea D</p>	<p>Electricity: natural gas: rates: net energy metering: California Renewables Portfolio Standard Program. Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical and gas corporations, as defined. Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law requires the commission to designate a baseline quantity of electricity and gas necessary to supply a significant portion of the reasonable energy needs of the average residential customer and requires that electrical and gas corporations file rates and charges, to be approved by the commission, providing baseline rates. Existing law requires the commission, in establishing the baseline rates, to avoid excessive rate increases for residential customers. Existing law requires the commission to establish a program of assistance to low-income electric and gas customers, referred to as the California Alternate Rates for Energy (CARE) program. The CARE program provides lower rates to low-income customers that are financed through a separate rate component, which is required to be a nonbypassable element of the local distribution service and collected on the basis of usage. Eligibility for the CARE program is for those electric and gas customers with annual household incomes that are no greater than 200% of the federal poverty guideline levels. This bill would repeal the limitations upon increasing the electric service rates of residential customers, including the rate increase limitations applicable to electric service provided to CARE customers, but would require the commission, in establishing rates for CARE program participants, to ensure that low-income ratepayers are not jeopardized or overburdened by monthly energy expenditures and to adopt CARE rates in which the level of discount for low-income electricity and gas ratepayers correctly reflects their level of need, as determined by a specified needs assessment. The bill would require that this needs assessment be performed not less often than every 3rd year. The bill would revise the CARE program eligibility requirements to provide that for one-person households, program eligibility would be based on 2-person household guideline levels. The bill would require the commission, when establishing the CARE discounts for an electrical corporation with 100,000 or more customer accounts in California, to ensure that the average effective CARE discount be no less than 30% and no more than 35% of the revenues that would have been produced for the same billed usage by non-CARE customers and that the entire discount be provided in the form of a reduction in the overall bill for the eligible CARE customer. The bill would require that increases to rates and charges in rate design proceedings, including any reduction in the CARE discount, be reasonable and subject to a reasonable phase-in schedule relative to the rates and charges in effect prior to January 1, 2014. The bill would authorize the commission to approve new, or expand existing, fixed charges, as</p>	<p>Chapter ed: 10/7/ 2013 pdf html</p>	<p>10/7/2013-Chaptered by Secretary of State - Chapter 611, Statutes of 2013.</p>	<p>10/7/2013 A. 	defined, for an electrical corporation for the purpose of collecting a reasonable portion of the fixed costs of providing service to residential customers. The bill would require the commission to ensure that any new or expanded fixed charges reasonably reflect an appropriate portion of the different costs of serving small and large customers, do not unreasonably impair incentives for conservation and energy efficiency, and do not overburden low-income and moderate-income customers. The bill would impose a \$10 limit per residential customer account per month for customers not enrolled in the CARE program, would impose a \$5 per month limit per residential customer account per month for customers enrolled in the CARE program, and would, beginning January 1, 2016, authorize the commission to adjust this maximum allowable fixed charge by no more than the annual percentage increase in the Consumer Price Index for the prior calendar year. The bill would authorize the commission to consider whether minimum bills are an appropriate substitute for any fixed charges. This bill contains other related provisions and other existing laws.				
AB 376 Donnelly R	Regulations: notice. The Administrative Procedure Act requires the Office of Administrative Law to provide for the official compilation, printing, and publication of adoption, amendment, or repeal of regulations, which is known as the California Code of Regulations, provide for a weekly update of the California Code of Regulations, and provide for the publication of the California Regulatory Notice Register, which includes, but is not limited to, a summary of all proposed regulations filed with the Secretary of State in the previous week. This bill would require a state agency enforcing a regulation promulgated on or after January 1, 2014, to notify a business that is required to comply with that regulation of the existence of the regulation 30 days before its effective date, and to cooperate with the Secretary of State to access business records to obtain the business contact information necessary to provide that notice. Existing law prohibits a pharmacist from dispensing any prescription unless it is in a specified container that is correctly labeled to include, among other information, the condition or purpose for which the drug was prescribed if the condition or purpose is indicated on the prescription. This bill would instead require that every prescription include a legible, clear notice of the condition or purpose for which the drug is prescribed, unless the patient or prescriber requests that this information be omitted. Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, that generally requires employers to secure the payment of workers' compensation for injuries incurred by their employees that arise out of, and in the course of, employment. Existing law provides certain methods for determining the amount of workers' compensation benefits payable to a worker or his or her dependents for purposes of temporary disability, permanent total disability, permanent partial disability, and in the case of death. Existing law provides that totally dependent minor children of the deceased worker shall receive death benefits until the youngest child attains 18 years of age, or until the death of a child physically or mentally incapacitated from earning, at a weekly rate of at least \$224. Existing law conclusively presumes, for the purpose of determining the amount of workers' compensation benefits, that children under 18, or certain adult children, who were living with the employee-parent at the time of injury resulting in death, or for whose maintenance the employee-parent was legally liable at the time of the injury resulting in death, is wholly dependent for support on the deceased employee-parent if there is no surviving totally dependent parent. This bill would prohibit an employer from having a policy of prohibiting an employee from providing voluntary emergency medical services, including, but not limited to, cardiopulmonary resuscitation, in response to a medical emergency, except as specified. AB 1330 John A. Pérez D	Environmental justice. (1) Existing law requires the Secretary for Environmental Protection to convene a Working Group on Environmental Justice to assist the secretary in developing an agency wide strategy for identifying and addressing gaps in existing programs, policies, or activities of the boards, departments, and offices of the California Environmental Protection Agency that may impede the achievement of environmental justice. Existing law requires the agency to identify disadvantaged communities for investment opportunities under the California Global Warming Solutions Act of 2006. This bill would require the agency, on or before January 1, 2015, to establish a list of environmental justice communities identifying the top 15% of communities in the state, based on census tracts, that are disproportionately impacted by environmental hazards. The bill would require the agency to revise the list on a triennial basis. This bill contains other related provisions and other existing laws. AB 1375 Chau D	California Global Warming Solutions Act of 2006: market-based compliance mechanisms: Clean Technology Investment Account. The California Global Warming Solutions Act of 2006, hereafter the Global Warming Solutions Act, designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency,	Amended: 5/7/2013 pdf html	1/24/2014-Failed Deadline pursuant to Rule 61(b)(2). 	to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. Existing law permits moneys from the fund be allocated for the research, development, and deployment of innovative technologies, measures, and practices related to programs and projects funded under the Global Warming Solutions Act. This bill would create the Clean Technology Investment Account within the Greenhouse Gas Reduction Fund and would require the Legislature to annually appropriate moneys from the Greenhouse Gas Reduction Fund into the Clean Technology Investment Account. This bill would make those moneys available to the state board for the purposes of accelerating the development, demonstration, and deployment of clean technologies that will reduce greenhouse gas emissions and foster job creation in the state. The bill would require the implementation of these provisions be contingent on the appropriation of moneys by the Legislature for these purposes.				
AB 1376 Hernández, Roger D	Workers' compensation: medical treatment: interpreters. Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, that generally requires employers to secure the payment of workers' compensation for injuries incurred by their employees that arise out of, or in the course of, employment. Existing law requires an employer to provide all medical services reasonably required to cure or relieve the injured worker from the effects of the injury. Under existing law, if the injured employee cannot effectively communicate with his or her treating physician because he or she cannot proficiently speak or understand the English language, the injured employee is entitled to the services of a qualified interpreter during medical treatment appointments. Existing law requires that, to be a qualified interpreter for these purposes, a person meet any requirements established by rule by the administrative director, as specified. This bill would provide that the requirement that a person meet any requirements established by the administrative director in order to be a qualified interpreter commences on March 1, 2014. This bill would also make technical, nonsubstantive changes. This bill contains other related provisions. AB 1383 Hernández, Roger D	District-based municipal elections. Existing law provides for political subdivisions that encompass areas of representation within the state. With respect to these areas, public officials are generally elected by all of the voters of the political subdivision (at-large) or from districts formed within the political subdivision (district-based). Existing law, the California Voting Rights Act of 2001, prohibits an at-large method of election to be imposed or applied in a manner that impairs the ability of a protected class to elect candidates of its choice or its ability to influence the outcome of an election, as a result of the dilution or the abridgment of the rights of voters who are members of a protected class, as defined. This bill would permit the legislative body of a city to provide by ordinance, without submitting the ordinance to the voters of the city for approval, for the election of members of the legislative body by district if the voters of the city previously rejected such an ordinance, as specified. This provision would be repealed on December 31, 2016. This bill contains other related provisions and other existing laws.	Amend: 5/28/2014 pdf html	5/29/2014-Withdrawn from committee. AB 1386 Committee on Labor and Employment	Employment: employee complaints: final orders. Existing law vests with the Labor Commissioner the authority to hear employee complaints regarding the payment of wages and other employment-related issues. Existing law requires the Labor Commissioner to file an order, decision, or award within 15 days of hearing an employee complaint. If no party to the action appeals the order, decision, or award within 10 days after its service, existing law provides that the order, decision, or award becomes the final order for the action. The Labor Commissioner is required to file the final order with the clerk of the superior court of the appropriate county within 10 days of the order, decision, or award becoming the final order for the action, unless the parties reach a settlement approved by the Labor Commissioner. Existing law then requires the clerk of the superior court to enter judgment in conformity with the final order, which has the same force and effect as a judgment entered in a civil action. This bill would provide that, under the above provisions, upon an order becoming final, a lien is created and the Labor Commissioner may record a certificate of lien, as specified, with the county recorder of any county in which the employer's property may be located. The bill would require the certificate to contain specified information. The bill would provide that the lien would continue on the employer's real property until satisfied or released, as provided, or for 10 years, as specified, and would require the county recorder to accept, record, and index the certificate of lien, as specified. AB 1392 Committee on Insurance	Unemployment insurance: work sharing plans. Existing law deems an individual unemployed in any week if the individual works less than his or her normal weekly hours of work for the individual's regular employer as the result of a plan by the employer, in lieu of layoff, to reduce employment and stabilize the work force by work sharing. Existing law requires that plan to have been approved by the Director of Employment Development, pursuant to prescribed requirements. Existing law requires the plan to involve the participation of at least two employees and include not less than 10 percent of the employer's regular permanent work force, as specified. Existing law requires an approved plan to expire 6 months after its effective date. Existing law provides that employees participating are eligible to receive unemployment compensation benefits in an amount equal to the percentage of reduction of the employee's wages resulting from an approved plan, as specified. This bill would limit the application of these provisions to work sharing plans that become effective before July 1, 2014. The bill would prohibit the renewal of those work sharing plans on or after July 1, 2014. This bill contains other related provisions. Existing law also requires jurisdictions to implement a commercial solid waste recycling program meeting specified elements. Existing law defines commercial solid waste by reference to a specified regulation. This bill instead would define commercial solid waste to include all types of solid waste generated by a store, office, or other commercial or public entity source, including a business or a multifamily dwelling of 5 or more units, thereby imposing a state-mandated local program by imposing new requirements upon local jurisdictions. The Sherman Food, Drug, and Cosmetic Law authorizes a person who ships to another state or country a food, drug, device, or cosmetic manufactured or produced in this state to request that the State Department of Public Health issue an export document to reference the shipment. Existing law requires that a person requesting an export document submit certain information and documents to the department, including original labels and advertising affixed to, accompanying, or relating to the food, drug, device, or cosmetic, and authorizes the department to accept copies if the submission of the original labels or advertising is impractical. Existing law also requires a person requesting an export document to submit specified fees to the department. Under existing law, an export document expires 180 days after its issue date. This bill would authorize a person requesting an export document to make the request in certain electronic formats, and would require the department to accept requests submitted by email or other electronic methods, including electronic copies of labels or advertising. The bill would require that the fees for requests made by email, facsimile, or the department's Internet Web site be submitted within specified time periods. The bill would require the department to develop procedures to expedite approval of requests for an export document in which the labels and advertising remain unchanged from a previously approved request for an export document for that food, drug, device, or cosmetic. This bill would prohibit a livestock or poultry product from being sold in California if the livestock or poultry product is constituted of livestock or poultry that was administered a medically important antimicrobial for nontherapeutic use, such as growth promotion, feed efficiency, weight gain, or disease prevention. The bill would also prohibit a medically important antimicrobial from being administered to a food-producing animal unless the medically important antimicrobial is administered for a therapeutic use and consistently with specified veterinarian provisions. The bill would require the department to establish, by regulation, a schedule for the implementation of these provisions and require that they be fully implemented on or before on January 1, 2020. AB 1439 Salas D	Unfair business practices: contests and sweepstakes. Existing law generally regulates false advertising and specifically prohibits certain unfair acts or practices undertaken by, or omissions of, a person in the operation of a contest, including misrepresenting the odds of winning a prize or failing to award and distribute all prizes. A violation of this provision is a misdemeanor. This bill would apply the prohibition described above to unfair acts or practices undertaken by, or omissions of, a person in the operation of a sweepstakes, as defined. The bill would also prohibit using or offering to use any method intended to be used by a person interacting with an electronic video monitor to simulate gambling or play gambling-themed games in a business establishment that directly or indirectly implements the predetermination of sweepstakes cash, cash-equivalent prizes, or other prizes of value, or otherwise connects a sweepstakes player or participant with sweepstakes cash, cash-equivalent prizes, or other prizes of value. Existing law makes these provisions applicable to employers, labor organizations, employment agencies, and specified training programs. This bill would provide that discrimination against any person in the selection, termination, training, or other terms or treatment of that person in an unpaid internship, or any other program to provide unpaid experience for that person in the workplace or industry, or the harassment of an unpaid intern or volunteer, on account of the factors described above is an unlawful employment practice. Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations, as defined. Existing law, adopted during the energy crisis of 2000-01, required the Public Utilities Commission, in consultation with the Independent System Operator and the State Energy Resources Conservation and Development Commission, to adopt initiatives, on or before March 7, 2001, to reduce demand for electricity and reduce load during peak demand periods, including differential incentives for renewable or super clean distributed generation resources. Pursuant to this requirement, the commission adopted Decision 01-03-073, dated March 27, 2001, that established program incentives for demand-responsiveness and self-generation, collectively known as the self-generation incentive program, that were modified in later decisions. This bill would require the Public Utilities Commission to require electrical corporations to administer the program for distributed energy resources originally established pursuant to the above-described law through and including December 31, 2021. The bill would require the Public Utilities Commission to allocate \$83 million from the above-described greenhouse gas allowance revenues for the self-generation incentive program. The bill would require the Public Utilities Commission to authorize the expenditure of unallocated funds collected from ratepayers before authorizing the expenditure of funds allocated from the greenhouse gas allowance revenues. The bill would require the Public Utilities Commission, beginning January 1, 2018, and each year thereafter until December 31, 2021, to reduce the total amount allocated to the program by 10% annually. AB 1684 Chávez R	Vehicles: length limitations: buses: bicycle transportation devices. Existing law imposes a 40-foot limitation on the length of vehicles that may be operated on the highways, with specified exemptions. Existing law exempts from this limitation an articulated bus or trolley and a bus, except a schoolbus, that is operated by a public agency or passenger stage corporation that is used in a transit system if it is equipped with a folding device attached to the front of the vehicle that is designed and used exclusively for transporting bicycles, does not materially affect efficiency or visibility of vehicle safety equipment, and does not extend more than 36 inches from the front of the body of the bus or trolley when fully deployed. In addition, existing law prohibits a bicycle that is transported on the above-described device from having the bicycle handlebars extend more than 42 inches from the front of the vehicle. This bill would authorize the North County Transit District to install folding devices attached to the front of its buses that are designed and used exclusively for transporting bicycles if the use of the device meets certain requirements, including, but not limited to, that the device does not extend more than 43 inches from the front of the bus, or more than 36 inches from the front bumper, when fully deployed, and that the handlebars of the bicycles being transported do not extend more than 49 inches from the front of the bus, or more than 42 inches from the front bumper. AB 2088 Hernández, Roger D	Health insurance: minimum value: large group market policies. Existing law, the federal Patient Protection and Affordable Care Act (PPACA), enacts various health care coverage market reforms that take effect January 1, 2014, and exempts health insurance coverage that provides excepted benefits from those reforms. PPACA requires each state to establish an American Health Benefits Exchange and allows qualified individuals to obtain premium assistance for coverage purchased through the Exchange. PPACA specifies that this premium assistance is not available if the individual is eligible for affordable employer-sponsored coverage that provides minimum value, as specified. This bill would extend that requirement to a health care service plan that offers, amends, or renews a group health plan contract and an insurer issuing a policy that does not provide 60% minimum value in the large group market. The bill would require a health care service plan and an insurer issuing those plan contracts and policies in the large group market to file a certification with the director or commissioner stating that the policies are being offered or marketed as supplemental health insurance and not as a substitute for minimum essential coverage. Existing law requires food employees to wash their hands in accordance with specified provisions and prohibits food employees from contacting exposed, ready-to-eat food with their bare hands, except under certain conditions, including when washing fruits and vegetables and when not serving a highly susceptible population, as specified. This bill would instead require that food employees minimize bare hand and arm contact with nonprepackaged food that is in a ready-to-eat form. The bill would require food employees to use utensils, as specified, to assemble ready-to-eat food or to place ready-to-eat food on tableware or in other containers. The bill would authorize food employees to assemble or place on tableware or in other containers ready-to-eat food in an approved food preparation area without using utensils if hands are cleaned in accordance with specified provisions. The bill would require that food that has been served to the consumer and then wrapped or prepackaged at the direction of the consumer be handled only with utensils. AB 2280 Alejo D	Community Revitalization and Investment Authorities. The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined by means of redevelopment projects financed by the issuance of bonds serviced by tax increment revenues derived from the project area. Existing law dissolved redevelopment agencies and community development agencies, as of February 1, 2012, and provides for the designation of successor agencies to wind down the affairs of the dissolved agencies and to fulfill the enforceable obligations of those agencies. This bill would authorize certain local agencies, to form a community revitalization authority (authority) within a community revitalization and investment area, as defined to carry out provisions of the Community Redevelopment Law in that area for purposes related to, among other things, infrastructure, affordable housing, and economic revitalization. The bill would provide for the financing of these activities by, among other things, the issuance of bonds serviced by tax increment revenues, and would require the authority to adopt a community revitalization plan for the community revitalization and investment area that includes elements describing and governing revitalization activities. The bill would also provide for periodic audits of the authority with respect to affordable housing, conducted as provided by the Controller, and for annual public reports by the authority as well as periodic proceedings for the consideration of public protests. This bill would require the department , in consultation with other designated entities, to conduct research to assist in the development of, and to propose the adoption, amendment, or repeal by the commission, of mandatory building standards for the installation of recycled water infrastructure for newly constructed single-family and multifamily residential buildings. The bill would authorize the department to expend funds from the existing Building Standards Administration Special Revolving Fund for this purpose, upon appropriation. The bill would require the department to limit the mandate to install recycled water piping to areas within a local jurisdiction that meet specified conditions, and to consider whether a service area plans to provide potable water prior to mandating the use of recycled water piping. The bill would require the commission to seek advice from specified entities when developing the application provisions for the mandatory building standards. The bill would require the commission to undertake identical research and activities with respect to development of mandatory green building standards for the installation of recycled water infrastructure for newly constructed commercial and public buildings.

This bill would require a junk dealer or recycler to request to receive theft alert notifications regarding the theft of commodity metals in the junk dealer's or recycler's geographic region from the theft alert system maintained by the Institute of Scrap Recycling Industries, Inc. The bill would require the Department of Food and Agriculture, until January 1, 2019, to require a junk dealer or recycler who is an applicant for a new weighmaster license or a renewal of a weighmaster license to also include a statement on the application indicating that the applicant has requested to receive the theft alert notifications. The bill would also encourage local law enforcement agencies to report thefts of commodity metals that have occurred within their jurisdiction to that theft alert system, in order to ensure that persons using the system receive timely and thorough information regarding metal thefts. The bill would prohibit the institute or its successor from requiring payment for use of the theft alert system by law enforcement agencies or members of the public, and would prohibit the sale of subscribers' information to 3rd parties. Existing law provides that any person who feloniously steals, takes, or carries away the personal property of another, or who fraudulently appropriates property that has been entrusted to him or her, is guilty of theft. Existing law also provides that a person who, being a dealer in or collector of junk, metals, or secondhand materials, buys or receives any wire, cable, copper, lead, solder, mercury, iron, or brass that he or she knows or reasonably should know is ordinarily used by, or ordinarily belongs to, a railroad or other transportation, telephone, telegraph, gas, water, or electric light company or county, city, or city and county without using due diligence to ascertain that the person selling or delivering the same has a legal right to do so, is guilty of criminally receiving that property. This bill , until December 31, 2020, would require the Office of Emergency Services to establish a Metal Theft Task Force Program to provide grants to applicant agencies for the purpose of providing local law enforcement and district attorneys with the tools necessary to successfully interdict the commission of metal theft and related metal recycling crimes. The bill would establish the Metal Theft Task Force Fund, to be administered by the Office of Emergency Services , and would continuously appropriate all moneys in that fund to the department for the purposes of the program. The bill would impose a fee, to be deposited into the fund, not to exceed 1% of the purchase price for each junk sale , which involves the sale of scrap metals and alloys, on the seller of junk for the purpose of regulating that seller, thereby making an appropriation. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020. The act authorizes the state board to include use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. This bill would establish the Natural Resources Climate Improvement Program, which would be administered by the Natural Resources Agency, in coordination with the state board, to assist in the development and implementation of natural resources projects selected by state conservancies and the Wildlife Conservation Board that maximize greenhouse gas emission reductions or sequestration. The Safe Drinking Water and Toxic Enforcement Act of 1986, an initiative measure approved by the voters as Proposition 65 at the November 6, 1986, statewide general election, (Proposition 65) prohibits any person, in the course of doing business, from knowingly and intentionally exposing any individual to a chemical known to the state to cause cancer or reproductive toxicity without giving a specified warning, or from knowingly discharging or releasing such a chemical into water or into or onto land passing into any source of drinking water, except as specified. The act imposes civil penalties upon persons who violate those prohibitions, and provides for the enforcement of those prohibitions by the Attorney General, a district attorney, or specified city attorneys or prosecutors, and by any person in the public interest. Proposition 65 excludes from the definition of the term "person in the course of doing business" a person employing fewer than 10 employees. This bill would impose similar requirements with regard to a person filing an enforcement action in the public interest upon a person for a violation of the requirement to provide a warning for any exposure to a chemical known to the state to cause cancer or reproductive toxicity, if the person employs fewer than 25 employees. The bill would prohibit an enforcement action against the alleged violator, and the recovery of certain payments or reimbursements, if, within 14 days after service of the notice, the alleged violator corrects the alleged violation, agrees to pay a civil penalty in the amount of \$500, and notifies the person bringing the action that the violation has been corrected. AB 2451 Daly D	Weights and measures: water submeters. Existing law requires the sealer of a county to inspect and test weighing and measuring devices, as specified, that are used or sold for commercial purposes in the county. Existing law, until January 1, 2016, authorizes the county board of supervisors to charge fees to recover the costs of the county sealer to perform these duties. For marinas, mobilehome parks, recreational vehicle parks, and apartment complexes, where the owner is responsible for the utility meters, existing law prohibits the device fee for water submeters from exceeding \$2 per device per space or apartment. This bill would require a county sealer who possesses the appropriate equipment for performing tests on water submeters to inspect, calibrate, test, and certify to the accuracy of a water submeter, upon request of the owner, user, or operator of the water submeter, if any of specified conditions exist. By placing additional duties on local officials, this bill would impose a state-mandated local program. The bill would permit the board of supervisors of the county to authorize the sealer to establish a schedule of fees to cover the costs of performing those services . AB 2494 Cooley D	Courts: frivolous actions or proceedings. Existing law authorizes a trial court to order a party, the party's attorney, or both to pay reasonable expenses, including attorney's fees, incurred by another party as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay, if the actions or tactics arise from a complaint filed, or a proceeding initiated, on or before December 31, 1994. In addition to the reasonable expenses award, existing law authorizes the court to assess punitive damages against the plaintiff on a determination that the plaintiff's action was maintained by a person convicted of a felony against the person's victim for injuries arising from the acts for which the person was convicted, and that the plaintiff is guilty of fraud, oppression, or malice in maintaining the action. This bill would delete the December 31, 1994, date limitation on a trial court's authorization to award reasonable expenses incurred as a result of bad-faith actions or tactics that are frivolous or solely intended to cause unnecessary delay, thus making both of the provisions described above applicable commencing January 1, 2015. The bill would include in the definition of "actions or tactics" the filing and serving of an answer or other responsive pleading, and would exclude from that definition disclosures and discovery requests, responses, objections, and motions. The bill would require certain standards, conditions, and procedures to apply to sanctions imposed pursuant to its provisions. The bill would repeal these provisions on January 1, 2018. AB 2688 Brown D	Employment: violations: good faith defense. The Division of Labor Standards Enforcement of the Department of Industrial Relations is generally charged with enforcing employment statutes and regulations, either in administrative actions or through litigation. Under existing law an employer may face administrative sanctions, civil fines and penalties, and criminal penalties for violations of employment statutes or regulations. This bill, until January 1, 2019, would permit a person to raise as an affirmative defense that, at the time of an alleged violation of statute or regulation in a judicial or administrative proceeding, the person was acting in good faith, had sought, relied upon, and conformed with a published opinion letter or enforcement policy of the division and had provided true and correct information to the division in seeking the opinion letter or enforcement policy. AB 2691 Harkey R	Sales and use taxes: wireless communication devices: bundled transactions. The Sales and Use Tax Law imposes a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. Under existing sales and use tax regulations, gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service is generally equal to the amount of the unbundled sales price of the wireless telecommunication device. This bill would, instead, limit the gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service to the bundled sales price of the wireless telecommunication device. Existing law provides for an independent medical review process to resolve disputes over a utilization review decision for injuries occurring on or after January 1, 2013, and for any decision that is communicated to the requesting physician on or after July 1, 2013, regardless of the date of injury. Under existing law, as part of its notification to the employee regarding an initial utilization review decision that denies, modifies, or delays a treatment recommendation, an employer is required to provide the employee with a one-page form prescribed by the administrative director, and an addressed envelope, which the employee may return to the administrative director or the administrative director's designee to initiate an independent medical review. Under existing law, an employer is required to include on this form any information required by the administrative director to facilitate the completion of the independent medical review. SB 242 Wyland R	Toll collection: alternative technologies. Existing law requires the Department of Transportation, in cooperation with the Golden Gate Bridge, Highway and Transportation District and all known entities planning to implement a toll facility, to develop and adopt functional specifications and standards for an automatic vehicle identification system, as specified, and generally requires any automatic vehicle identification system purchased or installed after January 1, 1991, to comply with those specifications and standards. Existing federal law, pursuant to the Moving Ahead for Progress in the 21st Century Act, requires all toll facilities on federal-aid highways to implement technologies or business practices that provide for the interoperability of electronic toll collection programs no later than a specified date. This bill would authorize the Department of Transportation and local and regional transportation agencies with existing or planned toll facilities to conduct a pilot project that uses automated toll collection technologies as an alternative to the existing radio-frequency identification tolling technology, in order to identify opportunities to facilitate lower cost tolling infrastructure, lower related operating costs, and more rapid deployment of high-occupancy toll lane networks. The bill would allow the test of tolling technologies that may not meet the interoperability requirements in existing law. The bill would authorize pilot projects in that regard for a period of up to 4 years . The bill would require any vendor participating in a pilot project to cover all related costs incurred by the participating agency . SB 383 Jackson D	Credit cards: personal information. Existing state and federal law regulates the provision of credit and the use of credit cards. The Song-Beverly Credit Card Act of 1971 generally regulates credit card transactions and prohibits a person or entity that accepts credit cards for the transaction of business from requesting, or requiring as a condition to accepting the credit card, that the cardholder write any personal identification information, as defined, upon the credit card transaction form or otherwise. Existing law prohibits a person or entity that accepts credit cards for the transaction of business from requesting, or requiring as a condition to accepting the credit card, that the cardholder provide his or her personal identification information to the person or entity to be written or caused to be written upon the credit card transaction form or otherwise. Notwithstanding those provisions, existing law authorizes a person or entity that accepts credit cards for the transaction of business to require the cardholder, as a condition to accepting the credit card, to provide reasonable forms of positive identification, which may include a driver's license or a California state identification card, provided that the information is not written or recorded on the credit card transaction form or otherwise. Existing law authorizes the use of ZIP Code information in a sales transaction at a retail motor fuel dispenser or retail motor fuel payment island with an automated cashier that uses the ZIP Code information solely for prevention of fraud, theft, or identity theft. This bill would authorize a person or entity that accepts credit cards in an online transaction involving an electronic downloadable product , as defined, to require a cardholder, as a condition to accepting a credit card as payment in full or in part, in an online transaction involving an electronic downloadable product, to provide the billing ZIP Code and street address number associated with the credit card, if used solely for the detection, investigation, or prevention of fraud, theft, identity theft , or criminal activity, or enforcement of terms of sale . Existing law entitles an employee who is discriminated or retaliated against in the terms and conditions of employment by his or her employer because the employee has taken time off for specified purposes, to reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer. Under existing law, an employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for rehiring or promotion by a grievance procedure or hearing authorized by law is guilty of a misdemeanor. Existing law authorizes an employee who is discharged, threatened with discharge, demoted, suspended, or otherwise discriminated or retaliated against by his or her employer in violation of these provisions to file a complaint with the Division of Labor Standards Enforcement of the Department of Industrial Relations, as specified. The act prohibits a container wherein commodities are packed to have a false bottom, false sidewalls, false lid or covering, or to be constructed or filled as to facilitate the perpetration of deception or fraud. The act prohibits a commodities container, or a food container subject to the Federal Food, Drug, and Cosmetic Act from being made, formed, or filled as to be misleading. The act provides that a container that does not allow a consumer to fully view its contents violates this provision if it contains nonfunctional slack fill. The act provides that nonfunctional slack fill is the empty space in a package that is filled to less than its capacity for other than specified reasons. However, existing law provides that these state provisions regarding food containers are operative only to the extent they are identical to specified federal requirements. This bill would instead define nonfunctional slack fill for all of these provisions as the empty space in a package that is filled to substantially less than its capacity for other than any one or more of the applicable reasons. The bill would provide that slack fill in a package shall not be used as grounds to allege a violation of the applicable provisions based solely on its presence in any of these types of packages unless it is nonfunctional slack fill, except that, for food containers, this would be operative only to the extent it is identical to the federal requirement. Existing law provides that any person who violates or induces a violation of the latter provisions is guilty of a misdemeanor. Existing law also permits any person aggrieved by a violation of these provisions to bring an action for injunctive relief or damages, or both, and authorizes recovery of damages, costs, and reasonable attorney's fees, in an amount not less than \$500, if the aggrieved person prevails on the action. The California Franchise Relations Act sets forth certain requirements related to the termination, nonrenewal, and transfer of franchises between a franchisor, subfranchisor, and franchisee, as those terms are defined. Existing law provides that any condition purporting to bind any person to waive compliance with the act is contrary to public policy and void. This bill would require these parties to deal with each other in good faith, as defined, and prohibit a franchisor or subfranchisor from restricting the right of a franchisee to join or participate in an association of franchisees to the extent the restriction is prohibited by existing law. The bill would authorize a franchisee to bring an action against a franchisor or subfranchisor who offers to sell, sells, fails to renew or transfer, or terminates a franchise in violation of these provisions for temporary and permanent injunctive relief, and damages caused thereby, or for rescission or other relief deemed appropriate by the court. (1) The California Environmental Quality Act, referred to as CEQA requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report, referred to as an EIR on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would additionally require the above mentioned notices to be filed with both the Office of Planning and Research and the county clerk and be posted by the county clerk for public review. The bill would require the county clerk to post the notices within one business day, as defined, of receipt and stamp on the notice the date on which the notices were actually posted. By expanding the services provided by the lead agency and the county clerk, this bill would impose a state-mandated local program. The bill would require the county clerk to post the notices for at least 30 days. The bill would require the Office of Planning and Research to post the notices on a publicly available online database established and maintained by the office. The bill would require the office to stamp the notices with the date on which the notices were actually posted for online review and would require the notices to be posted for at least 30 days. The bill would authorize the office to charge an administrative fee not to exceed \$10 per notice filed. The bill would specify that a time period or limitation period specified by CEQA does not commence until the notice is actually posted for public review by the county clerk or is available in the online database, whichever is later. The tax would be administered by the State Board of Equalization and would be collected pursuant to the procedures set forth in the Fee Collection Procedures Law. This bill would exempt from the tax, among other things, the distribution in this state of bottled sweetened beverages or concentrate made by a distributor to another distributor registered with the board and supported by an exemption certificate that consists of a statement signed under penalty of perjury. CEQA requires the Office of Planning and Research to prepare and develop, and the Secretary of the Natural Resources Agency to certify and adopt, guidelines for the implementation of CEQA. CEQA requires the office to review the guidelines once every 2 years and recommend proposed changes or amendments to the guidelines to the secretary. CEQA requires the guidelines to include a list of classes of projects that have been determined not to have a significant effect on the environment and to exempt those classes of projects from CEQA. These are referred to as categorical exemptions. This bill would , for purposes of the new information exception to the prohibition on requiring a subsequent or supplemental EIR, specify that the exception applies if new information that becomes available was not known and could not have been known by the lead agency or any responsible agency at the time the EIR was certified as complete. The bill would authorize the office, by July 1, 2015, to draft and transmit to the secretary revisions to the guidelines to include as a categorical exemption projects involving minor temporary uses of land and public gatherings that have been determined not to have a significant effect on the environment. The bill would require the secretary, if the Office of Planning and Research transmits the revisions to the secretary , to certify and adopt the proposed revisions to the guidelines by January 1, 2016 . This bill would allow an on-sale licensee to apply to the Department of Alcoholic Beverage Control to authorize, with or without conditions on the on-sale license , the selling, giving, delivering, or purchasing of alcoholic beverages at the licensed premises between the hours of 2 a.m. and 4 a.m., upon completion of specified requirements by the local jurisdiction in which the licensee is located, as provided. Existing law authorizes a person claiming to be aggrieved by an alleged unlawful practice under these provisions to file a complaint with the Department of Fair Employment and Housing and authorizes the department to bring a civil action on the behalf of the person in the case of a failure to eliminate an unlawful practice under these provisions. The bill would authorize the board of retirement to appoint a retirement administrator and other personnel as required to accomplish the necessary work of the board and would authorize the administrator to make appointments on its behalf. The bill would provide that these employees are employees of the retirement system, not the county, and would except them from civil service provisions and merit system rules that would otherwise apply. This bill would provide that aesthetic and parking impacts of a residential, mixed-use residential, or employment center project, as defined, on an infill site, as defined, within a transit priority area, as defined, shall not be considered significant impacts on the environment. The bill would require the office to prepare and submit to the Secretary of the Natural Resources Agency, and the secretary to certify and adopt, revisions to the guidelines for the implementation of CEQA establishing thresholds of significance for noise and transportation impacts of projects within transit priority areas. The bill would require the office, on or before July 1, 2015, to prepare, develop, and transmit to the secretary recommended proposed changes or amendments to the guidelines establishing criteria for a lead agency to assess the need for translating specified notices into non-English languages and requirements for the posting of those notices in non-English languages. SB 820 Committee on Governmental Organization	State government. (1) Existing law and the Governor's Reorganization Plan No. 2 of 2012 (GRP 2), effective on July 3, 2012, and operative on July 1, 2013, assigns and reorganizes the functions of state government among executive officers and agencies by creating the following general agency structure in the executive branch: Business, Consumer Services, and Housing; Government Operations; Corrections and Rehabilitation; Labor and Workforce Development; California Health and Human Services; Environmental Protection; Natural Resources; and Transportation. In creating the new general agency structure, existing law and the GRP 2, abolished certain existing state entities and offices, including, among others, the Business, Transportation and Housing Agency and its secretary, and created new ones, including, but not limited to, the Transportation Agency and its secretary. This bill would generally enact the statutory changes to make conforming name changes to properly reflect the assignment and reorganization of the functions of state government among the newly established executive entities and officers, including, among others, changing the name Department of Real Estate to Bureau of Real Estate and the California Emergency Management Agency to the Office of Emergency Services. This bill would also reallocate certain duties of abolished and reorganized executive entities and officers to newly established and existing ones. This bill would specifically authorize the Governor to appoint up to 4 deputies for the Secretary of Transportation, up to 3 deputies for the Secretary of Government Operations, and up to 3 deputies for the Secretary of Business, Consumer Services, and Housing under certain conditions. SB 844 Pavley D	Elections: ballot measure contributions. Existing law requires each campaign committee formed or existing primarily to support or oppose a statewide ballot measure to file with the Secretary of State periodic reports identifying the sources and amounts of contributions received during specified periods. Existing law, including the Political Reform Act of 1974, also specifies information required to be included in the statewide ballot pamphlet for each statewide ballot measure to be voted upon. This bill would require the Secretary of State to create an Internet Web site, or use other available technology, to consolidate information about each ballot measure in a manner that is easy for voters to access and understand. The Internet Web site would be required to include a summary of each ballot measure, a list of each committee primarily formed to support or oppose a ballot measure, and a list of a committee's top 10 contributors, as	Amende d: 5/27/2 014 pdf html	5/29/2014-In Assembly. SB 913 DeSaulnier D	<p>Vehicular air pollution: vehicle retirement. Existing law creates an enhanced fleet modernization program for the retirement of high polluting vehicles to be administered by the Bureau of Automotive Repair in the Department of Consumer Affairs pursuant to guidelines adopted by the State Air Resources Board. Existing law requires the department to pay a person who retires his or her vehicle \$1,500 for a low-income motor vehicle owner, as defined, and \$1,000 for all other motor vehicle owners, and authorizes additional payments above these amounts based on consideration of specified criteria. This bill would require the guidelines adopted by the state board to additionally include specific goals for retirement and replacement of passenger vehicles and light- and medium-duty trucks that are high polluters. The bill would require the state board and the bureau to cooperate in the issuance of a specified number of replacement vouchers through the Enhanced Fleet Modernization Program for specified fiscal years and a specified number of retirement vouchers through the Consumer Assistance Program and the Enhanced Fleet Modernization Program for specified fiscal years. The bill would state the intent of the Legislature regarding the funding of these activities. The bill would require the state board and the bureau, on or before September 1, 2016, to make public ly available, on their respective Internet Web sites, a report regarding whether the goals for the numbers of vehicle retirements and replacements have been met and, if not, the manner in which the state board and the bureau plan to revise the program to increase the numbers of vehicle retirements and replacements. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emission reductions. The act authorizes the state board to include the use of market-based compliance mechanisms. This bill, effective January 1, 2015, would impose a carbon tax of an unspecified amount per ton of carbon-dioxide-equivalent emissions on suppliers of fossil fuels. The bill would require the State Board of Equalization to administer and implement the carbon tax, and would require revenues from the tax to be deposited in the Carbon Tax Revenue Special Fund in the State Treasury. The bill would exempt suppliers of fossil fuels subject to the tax from regulations imposed by the State Air Resources Board under the California Global Warming Solutions Act of 2006 relative to the compliance obligation in the second compliance period under which suppliers of specified fuels are required to obtain allowances for carbon-dioxide-equivalent emissions under the cap-and-trade program adopted by the State Air Resources Board. The bill would state the intent of the Legislature that revenues from the carbon tax be rebated to taxpayers, particularly low- and medium-income taxpayers, of other taxes, and for implementation of the carbon tax to be revenue neutral. SB 1188 Jackson D	Consumers Legal Remedies Act: material facts. Existing law, the Consumers Legal Remedies Act, makes unlawful certain acts identified as unfair methods of competition and unfair or deceptive acts or practices undertaken by any person in a transaction intended to result or which results in the sale or lease of goods to any consumer. Existing case law had held that act to encompass omissions, including the omission of a material fact a person was obliged to disclose. This bill, for the purposes of the Consumers Legal Remedies Act, would provide that fraud or deceit may consist of the suppression or omission of a material fact by one who is bound to disclose it or who gives information of other facts that are likely to mislead for want of communication of that fact, and would provide that a fact is material if a reasonable person would attach importance to its existence or nonexistence in determining a choice of action in the transaction in question. This bill would also provide, for the purposes of the act, that materiality is not limited to circumstances in which a product poses a threat to health or safety. The term "plastic product" is defined for purposes of these prohibitions, and local agencies and the state are authorized to impose civil liability for a violation of those requirements. This bill would require each manufacturer of plastic products, as defined, to include specified information in either an Internet Web site that is available to the public or as part of a specified annual report, with regard to whether the manufacturer has established a sustainability policy or has established or implemented goals to reuse, recover, and reduce the use of plastic. SB 1328 Hill D	Weights and measures. Under existing law, the Department of Food and Agriculture has general supervision of weights and measures and weighing and measuring devices sold or used in the state, and provides that the duty of enforcing and carrying out those provisions is vested with the Secretary of Food and Agriculture and in each sealer acting under the supervision and direction of the secretary. Existing law makes it unlawful for any person to sell poultry or smoked, fresh, frozen, cooked, dried, or pickled meats or fish other than by weight determined at the time of sale on a scale properly sealed in accordance with specified requirements, except as specified. Existing law specifies that fat added to fresh meat or roasts shall not be considered tare weight if the package is labeled as containing added fat. A violation of the provisions, or any regulations adopted pursuant to those provisions, regulating weights and measurements is a crime. This bill would authorize the secretary, by regulation, to establish a uniform policy consistent with federal law relating to the use of dry tare weight or wet tare weight methods of measurement for the retail sale of meat, poultry, and fish products. Existing law regulates pesticide use and generally provides that, except for specified provisions that are within the jurisdiction of the Secretary of Food and Agriculture, the enforcement of these provisions is the duty of the Director of Pesticide Regulation. Existing law, until January 1, 2018, authorizes the use of carbon monoxide for the control of burrowing rodent pests under specified conditions, including that the carbon monoxide delivery device be permanently affixed with a warning label, as provided. Existing law provides that a violation of the provisions relating to pesticides, or any regulation adopted pursuant to those provisions, is guilty of a misdemeanor, and further provides, in lieu of misdemeanor prosecution by the director, for civil prosecution by the director, or for the director or a county agricultural commissioner to levy a civil penalty against a person violating those provisions. This bill would require the director to regulate the use of carbon monoxide pest control devices, as defined, and to adopt and enforce regulations to provide for the proper, safe, and efficient use of these devices, as specified. A violation of those provisions would be a misdemeanor, and would also be subject to the provisions authorizing the action to be prosecuted civilly by the director, or for a county agricultural commissioner to levy a civil penalty, in lieu of prosecution as a misdemeanor. SB 1451 Hill D	Environmental quality: judicial review: standing. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would require that the alleged grounds for noncompliance shall have been presented to a public agency prior to the close of	Amended: 4/21/2014 pdf html	5/9/2014-Failed Deadline pursuant to Rule 61(b)(6). 	the public hearing on the project if the grounds for noncompliance were not known and could not have been known with the exercise of reasonable diligence during the public comment period or if no public comment period was provided by CEQA. The bill would limit the standing of a person objecting to the project prior to the close of the public hearing on the project before the filing of notice of determination to an action or proceeding challenging a project for which no public comment period was provided by CEQA. This bill contains other related provisions and other existing laws.				
SB 1453 Leno D	Litter: receptacles. Existing law requires litter receptacles to be placed in all public places in the state, as specified, and requires any person owning or operating any establishment or public place in which litter receptacles are required to procure, place, and maintain those receptacles at that person's own expense on the premises. This bill would make technical, nonsubstantive changes to this provision.	Introduced: 2/21/2014 pdf html	5/9/2014-Failed Deadline pursuant to Rule 61(b)(6). SCA 4 Liu D	Local government transportation projects: special taxes: voter approval. The California Constitution conditions the imposition of a special tax by a city, county, or special district upon the approval of 2/3 of the voters of the city, county, or special district voting on that tax, except that certain school entities may levy an ad valorem property tax for specified purposes with the approval of 55% of the voters within the jurisdiction of these entities. This measure would provide that the imposition, extension, or increase of a special tax by a local government for the purpose of providing funding for local transportation projects requires the approval of 55% of its voters voting on the proposition, if the proposition proposing the tax includes certain requirements. This measure would prohibit a local government from expending any revenues derived from a special transportation tax approved by 55% of the voters at any time prior to the completion of a statutorily identified capital project funded by revenues derived from another special tax of the same local government that was approved by a 2/3 vote. The measure would also make conforming and technical, nonsubstantive changes.	Amended: 8/28/2013 pdf html	8/29/2013-Re-referred to Com. on APPR.	8/29/2013 S. APPR.	Oppose
SCA 7 Wolk D	Local government financing: public libraries: voter approval. The California Constitution prohibits the ad valorem tax rate on real property from exceeding 1% of the full cash value of the property, subject to certain exceptions. This measure would create an additional exception to the 1% limit for a rate imposed by a city, county, city and county, or special district to service bonded indebtedness incurred to fund public library facilities, that is approved by 55% of the voters of the city, county, city and county, or special district, as applicable, if the proposition meets specified requirements. This bill contains other related provisions and other existing laws.	Amended: 2/26/2013 pdf html	6/27/2013-Re-referred to Com. on APPR.	6/27/2013 S. APPR.	Oppose
SCA 8 Corbett D	Transportation projects: special taxes: voter approval. The California Constitution conditions the imposition of a special tax by a city, county, or special district upon the approval of 2/3 of the voters of the city, county, or special district voting on that tax, except that certain school entities may levy an ad valorem property tax for specified purposes with the approval of 55% of the voters within the jurisdiction of these entities. This measure would provide that the imposition, extension, or increase of a special tax by a local government for the purpose of providing funding for transportation projects requires the approval of 55% of its voters voting on the proposition , if the proposition proposing the tax includes	Amended: 5/21/2013 pdf html	8/29/2013-Re-referred to Com. on APPR.	8/29/2013 S. SCA 9 Corbett D	Local government: economic development: special taxes: voter approval. The California Constitution conditions the imposition of a special tax by a city, county, or special district upon the approval of 2/3 of the voters of the city, county, or special district voting on that tax, except that certain school entities may levy an ad valorem property tax for specified purposes with the approval of 55% of the voters within the jurisdiction of these entities. This measure would provide that the imposition, extension, or increase of a special tax by a local government for the purpose of providing funding for community and economic development projects, as specified, requires the approval of 55% of its voters voting on the proposition , if the proposition proposing the tax contains specified requirements . The measure would also make conforming and technical, nonsubstantive changes.	Amended: 5/21/2013 pdf html	6/27/2013-Re-referred to Com. on APPR.	6/27/2013 S. APPR.	Oppose
SCA 10 Volk D	Legislative procedure. The California Constitution prohibits a bill other than the Budget Bill from being heard or acted on by a committee or either house of the Legislature until the 31st day after the bill is introduced, unless the house dispenses with this requirement by rollcall vote entered in the journal, 3/4 of the membership concurring. This measure would add an additional exception to this 31-day waiting period by authorizing a committee to hear or act on a bill if the bill, in the form to be considered by the committee, has been in print and published on the Internet for at least 15 days. This bill contains other related provisions and other existing laws.	Introduced: 1/22/2013 pdf html	1/31/2013-Referred to Com. on RLS.	1/31/2013 S. RLS.	
SCA 11 Hancock D	Local government: special taxes: voter approval. The California Constitution conditions the imposition of a special tax by a local government upon the approval of 2/3 of the voters of the local government voting on that tax, and prohibits a local government from imposing an ad valorem tax on real property or a transactions tax or sales tax on the sale of real property. This measure would instead condition the imposition, extension, or increase of a special tax by a local government upon the approval of 55% of the voters voting on the proposition , if the proposition proposing the tax contains specified requirements . The measure would also make conforming and technical, nonsubstantive changes.	Amended: 5/21/2013 pdf html	6/27/2013-Re-referred to Com. on APPR.	6/27/2013 S. APPR.	Oppose
SCA 16 Steinberg D	Members of the Legislature: vacancy. The California Constitution requires the Governor to call an election to fill a vacancy occurring in either house of the Legislature. This measure would instead require the Governor to fill a vacancy in either house of the Legislature by appointment within 21 days of the date of the vacancy, and would require that the appointee, at the time of the appointment and during the 12-month period immediately preceding the appointment, have the same political party preference as the vacating Member had when he or she was last elected to the Legislature. The measure would allow the house to which the appointment is made to reject the appointment, by a majority vote, within 21 days of the appointment, in which case the Governor would be required to make another appointment. If an appointment is not rejected, the appointee would be eligible to take office the day after the end of the 21-day period and would serve for the remainder of the term of the vacating Member, except as specified.
