AB 1 Frazier D	<p>Transportation funding. (1)Existing law provides various sources of funding for transportation purposes, including funding for the state highway system and the local street and road system. These funding sources include, among others, fuel excise taxes, commercial vehicle weight fees, local transactions and use taxes, and federal funds. Existing law imposes certain registration fees on vehicles, with revenues from these fees deposited in the Motor Vehicle Account and used to fund the Department of Motor Vehicles and the Department of the California Highway Patrol. Existing law provides for the monthly transfer of excess balances in the Motor Vehicle Account to the State Highway Account. This bill would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria, consistent with a specified asset management plan, to ensure efficient use of certain funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund, including revenues attributable to a \$0.012 per gallon increase in the motor vehicle fuel (gasoline) tax imposed by the bill with an inflation adjustment, as provided, an increase of \$38 in the annual vehicle registration fee with an inflation adjustment, as provided, a new \$165 annual vehicle registration fee with an inflation adjustment, as provided, applicable to zero-emission motor vehicles, as defined, and certain miscellaneous revenues described in (7) below that are not restricted as to expenditure by Article XIX of the California Constitution. This bill contains other related provisions and other existing laws.</p>	Introduced: 12/5/2016 Text	1/19/2017-Referred to Coms. on TRANS. and NAT. RES.	1/19/2017 A. TRANS.	
AB 5 Gonzalez	<p>Employers: Opportunity to Work Act. Existing law creates the Division of Labor Standards Enforcement in the Department of Industrial Relations for the purpose of enforcing labor laws. Existing law, with certain exceptions, establishes 8 hours as a day's work and a 40-hour workweek, and requires payment of prescribed overtime compensation for additional hours worked. This bill would create the Opportunity to Work Act. The bill would require an employer with 10 or more employees to offer additional hours of work to an existing nonexempt employee before hiring an additional employee or subcontractor, except as specified, would require an employer to post a notice of employee rights, as specified, and would require the employer to maintain certain documentation. The bill would authorize an employee to file a complaint for violation</p>	Introduced: 12/5/2016 Text	5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). 	of these provisions with the division and to, in the alternative, bring a civil action for remedies under the act. The bill would require the division to enforce these provisions, as specified and would authorize the division to, among other things, adopt rules and regulations. The bill would make a violation of these provisions punishable by a civil penalty. The bill would also define various terms for these purposes.				
AB 9 Garcia, Cristina D	Sales and use taxes: exemption: sanitary napkins: tampons: menstrual sponges and menstrual cups. Existing sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. Those laws provide various exemptions from those taxes. This bill, on and after January 1, 2018, would exempt from those taxes the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, tampons, sanitary napkins, menstrual sponges, and menstrual cups. This bill contains other related provisions and other existing laws.	Introduced: 12/5/2016 Text	5/26/2017-In committee: Hearing postponed by committee.	5/24/2017 A. APPR. SUSPENSE FILE	
AB 12 Cooley D	State government: administrative regulations: review. Existing law authorizes various state entities to adopt, amend, or repeal regulations for various specified purposes. The Administrative Procedure Act requires the Office of Administrative Law and a state agency proposing to adopt, amend, or repeal a regulation to review the proposed changes for, among other things, consistency with existing state regulations. This bill would require each state agency to, on or before January 1, 2020, review that agency's regulations, identify any regulations that are duplicative, overlapping, inconsistent, or out of date, to revise those identified regulations, as provided, and report to the Legislature and Governor, as specified. The bill would repeal these provisions on January 1, 2021.	Introduced: 12/5/2016 Text	5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). AB 14 Gomez D	Political Reform Act of 1974: campaign disclosures. (1)Existing law, the Political Reform Act of 1974, provides for the comprehensive regulation of campaign financing and activities. The act requires a committee that supports or opposes ballot measures to name and identify itself using a name or phrase that clearly identifies the economic or other special interests of its major donors of \$50,000 or more. The act also requires that the identity of a common employer shared by major donors be disclosed. This bill would repeal these provisions. This bill contains other related provisions and other existing laws.	Amended: 7/6/2017 Text	7/10/2017-Re-referred to Com. on E. & R.	5/1/2017 A. E. & R.	
AB 29 Nazarian D	Pharmacy benefit managers. Existing law requires a pharmacy benefit manager that reimburses a contracting pharmacy for a drug on a maximum allowable cost basis to provide the contracting pharmacy with specified information regarding the data used to determine the maximum allowable cost of a drug. This bill would require, except as provided, a pharmacy benefit manager to disclose certain information to a purchaser, including, among other things, the aggregate amount of rebates, retrospective utilization discounts, and other income that the pharmacy benefit manager would receive from a pharmaceutical manufacturer or labeler in connection with drug benefits related to the purchaser. The bill would excuse a pharmacy benefit manager from making these disclosures unless the purchaser agrees to keep any proprietary information disclosed to it pursuant to these provisions confidential, as specified. This bill contains other related provisions and other existing laws.	Amended: 5/11/2017 Text	5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. 	Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of his or her employment. Under existing law, an employer must provide reasonably required treatments, including, but not limited to, medical and surgical treatment, to cure or relieve an employee's injuries sustained in the course of his or her employment. Existing law requires an employer to establish a utilization review process to review, approve, modify, or deny a treatment claim. This bill would require employers to provide immediately accessible advocacy services to employees injured in the course of employment by an act of domestic terrorism, as defined, would require employer-appointed advocates to assist employees and others to obtain approval for medical treatments, as specified, and would require an employer to provide a prescribed notice to claimants, as specified. The bill would make its provisions applicable only if the Governor declares a state of emergency, as defined, in connection with the act of domestic terrorism. This bill contains other related provisions.	17 Text	referred to Com. on APPR.		
AB 46 Cooper D	Employers: wage discrimination. Existing law prohibits an employer from paying any of its employees at wage rates less than the rates paid to employees of the opposite sex for substantially similar work, when viewed as a composite of skill, effort, and responsibility, and performed under similar working conditions, unless the employer demonstrates that one or more specific factors, reasonably applied, account for the entire wage differential. Existing law also similarly prohibits an employer from paying any of its employees at wage rates less than the rates paid to employees of another race or ethnicity for substantially similar work. This bill would define "employer" for those purposes to include public and private employers. The bill would specify that a public employer is not subject to the misdemeanor provision. This bill contains other existing laws.	Introduced: 12/5/2016 Text	7/12/2017-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (July 11). AB 61 Holden D	State Compensation Insurance Fund: board. Existing law establishes the State Compensation Insurance Fund to be administered by a board of directors for the purpose of transacting workers' compensation insurance and other public employment-related insurances, as specified. Under existing law, the board is composed of 11 members, 9 of whom are appointed by the Governor. Existing law requires the Governor to appoint the chairperson and one board member from organized labor, as well as appointing board members, other than the labor member, who have specified qualifications. This bill would require one of the board members that the Governor appoints to be a current or former small business owner who is or has been a small business owner for more than 5 years and who is a State Compensation Insurance Fund policyholder, as specified. The bill would require the exemption from specified qualifications that currently applies to the labor member to also apply to the small business owner member. The bill would provide that the small business owner member shall be appointed to the first board vacancy that is not left by the labor member or the member with an auditing background. AB 162 Cervantes D	Income taxation: credits. Existing law allows a credit against the taxes imposed under the Corporation Tax Law and the Personal Income Tax Law for each taxable year beginning on or after January 1, 2014, and before January 1, 2025, in an amount as provided in a written agreement between the Governor's Office of Business and Economic Development and the taxpayer, agreed upon by the California Competes Tax Credit Committee, and based on specified factors, including the number of jobs the taxpayer will create or retain in the state and the amount of investment in the state by the taxpayer. Existing law provides for the allocation of credit amounts through the 2017-18 fiscal year and limits the aggregate	Amended: 6/26/2017 Text	7/14/2017-Failed Deadline pursuant to Rule 61(a)(10). 	amount of credit that may be allocated in a fiscal year. Existing law defines “small business” for these purposes as a trade or business, except as specified, that has an aggregate gross receipts, less returns and allowances reportable to the state, of less than \$2,000,000 during the previous taxable year. This bill, to be known as the Small Business Tax Cut Act of 2017, would, for allocations for the 2018–19 fiscal year and each fiscal year thereafter, define “small business” as having 50 or fewer full-time equivalent employees, on average, in the current and 2 preceding tax years.				
AB 164 Arambula D	Food assistance. Existing law provides the federal Supplemental Nutrition Assistance Program (SNAP), administered in California as CalFresh, under which each county distributes nutrition assistance benefits provided by the federal government to eligible households. Existing state law authorizes a county to deliver CalFresh benefits through the use of an electronic benefits transfer (EBT) system. This bill would require, on and after July 1, 2018, the department to develop a mechanism to respond to changing needs for food assistance and to allow the department flexibility to provide nutrition benefits for specific populations. The bill would set forth criteria for the mechanism, including requiring the mechanism to be designed to issue nutrition benefits using EBT and designed in a manner that can target various populations, depending on the purpose of the specific benefit. The bill would also require that benefits be provided under the mechanism contingent upon the appropriation of funds for that purpose by the Legislature. The bill would also include a statement of legislative findings and declarations. This bill contains other existing laws. AB 168 Eggman D	Employers: salary information. Existing law imposes various restrictions on employers with respect to applicants for employment. A violation of those restrictions is a misdemeanor. This bill would prohibit an employer from seeking salary history information about an applicant for employment and would require an employer, upon reasonable request, to provide the pay scale for a position to an applicant for employment. The bill would apply to all employers, including state and local government employers and the Legislature. The bill would specify that a violation of its provisions would not be subject to the misdemeanor provision.	Amended: 6/6/2017 Text	7/18/2017-Read second time. Ordered to third reading.	7/18/2017 S. THIRD READING	Oppose
AB 178 Eggman D	California Beverage Container Recycling and Litter Reduction Act. (1) Under existing law, the California Beverage Container Recycling and Litter Reduction Act, every beverage container sold or offered for sale in this state is required to have a minimum refund value. A distributor is required to pay a redemption payment for every beverage container sold or offered for sale in the state to the Department of Resources Recycling and Recovery for deposit in the California Beverage Container Recycling Fund. The money in the fund is continuously appropriated to the department for, among other things, the payment of refund values. The act defines the term “beverage” for purposes of the act to include certain types of products in liquid, ready-to-drink form, as specified. The act excludes from the definition of “beverage,” among other products, any product sold in a container that is not an aluminum beverage container, a glass container, a plastic beverage container, or a bimetal container. This bill would eliminate reference to the material from which a beverage container is made in defining the terms “beverage” and “beverage container.” Because redemption payments for the previously excluded beverage container material types made subject to the act by this bill would be deposited in a continuously appropriated fund, the bill would make an appropriation. This bill contains other related provisions and	Amended: 4/24/2017 Text	4/25/2017-Referred to Com. on NAT. RES.	3/20/2017 A. NAT. RES.

AB 195 Obernolte R	Local initiative measures: ballot printing specifications. Existing law requires that the ballots used when voting upon a proposed county, city, or district ordinance submitted to the voters as an initiative measure have printed on them a specified statement describing the nature of the proposed ordinance. This bill would extend these ballot requirements to any measure submitted to the voters that is proposed by a local governing body or submitted to the voters as an initiative or referendum measure. The bill would require the statement describing the measure to be a true and impartial synopsis of the proposed measure, as specified. By expanding the local measures to which the ballot requirements apply, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. AB 249 Mullin D	Political Reform Act of 1974: campaign disclosures. (1) Existing law, the Political Reform Act of 1974, provides for the comprehensive regulation of campaign financing and activities. The act requires a committee that supports or opposes ballot measures to name and identify itself using a name or phrase that clearly identifies the economic or other special interests of its major donors of \$50,000 or more. The act also requires that the identity of a common employer shared by major donors be disclosed. This bill would repeal these provisions. AB 274 Garcia, Cristina D	Sales and use taxes: exemption: food products. Existing sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. These laws provide various exemptions from these taxes, including an exemption for food products, which, pursuant to Proposition 163, approved by the voters on November 3, 1992, are required to include, among other items, candy, confectionery, and snack foods. This bill, on and after July 1, 2019, would exempt from those taxes the gross receipts from the sale of, and the storage, use, or other consumption in this state of those certain, food products for human consumption subject to those taxes pursuant to Assembly Constitutional Amendment 2 of the 2017-18 Regular Session, except for food products that are candy or confectionery, as defined, or processed snacks, as defined. This bill contains other related provisions and other existing laws.	Amended: 5/1/2017 Text	5/15/2017-In committee: Set, first hearing. Hearing canceled at the request of author.	3/20/2017 A. AB 315 Wood D	Pharmacy benefit management. Existing law, the Pharmacy Law, provides for the licensure and regulation of pharmacists and pharmacies by the California State Board of Pharmacy. A violation of the Pharmacy Law is a crime. Existing law also imposes requirements on audits of pharmacy services provided to beneficiaries of a health benefit plan, as specified. This bill would require pharmacy benefit managers, as defined, to be registered with the Department of Managed Health Care, as prescribed. The bill would require the department to develop applications for the registration, and would specify certain information to be provided in those applications. The bill would authorize the department to charge a fee for registration, as specified. The bill would authorize the director of the department to suspend the registration of a pharmacy benefit manager under specified circumstances. This bill contains other related provisions. 	defined, sold or offered for sale in this state, to generally meet one of specified criteria. This bill would prohibit a retailer, on and after January 1, 2020, from selling or offering for sale a single-use plastic beverage container with a cap that is not tethered to or contiguously affixed to the beverage container. The bill would define terms for purposes of these provisions.	Text	NAT. RES. on 2/21/2017)(May be acted upon Jan 2018)		
AB 345 Ridley- Thomas D	Municipal code violations. (1)Existing law authorizes the legislative body of a city or county to establish a procedure to use a nuisance abatement lien or a special assessment to collect abatement costs and related administrative costs. This bill would authorize, until January 1, 2023, the legislative body of a city or county to also collect fines related to the nuisance abatement using a nuisance abatement lien or a special assessment. This bill contains other related provisions and other existing laws.	Amended: 7/17/2017 Text	7/17/2017-Read second time and amended. Ordered to third reading.	7/17/2017	S. THIRD READING
AB 347 Chau D	Weights and measures: inspection: fees. Existing law requires the sealer of a county to inspect and test weighing and measuring devices, as specified, that are used or sold in the county. Existing law also requires the sealer of a county to weigh or measure packages to determine whether they contain the amount represented, as provided. Existing law, until January 1, 2019, authorizes the board of supervisors of a county, by ordinance, to charge fees, not to exceed the county's total cost of actually inspecting or testing weighing and measuring devices required of the county sealer, to recover the costs of the county sealer to perform these duties. Existing law, until January 1, 2019, requires the Secretary of Food and Agriculture to establish by regulation an annual administrative fee to recover reasonable administrative and enforcement costs incurred by the Department of Food and Agriculture for exercising supervision over and performing investigations in connection with the activities performed by sealers described above, and requires the administrative fee to be collected for every device registered with each county office of weights and measures and paid annually to the Department of Food and Agriculture Fund. This bill would extend the authority of the board of supervisors of a county to charge fees to recover the costs of the county sealer, as provided, until January 1, 2022, and would extend certain other related provisions. The bill would also continue the annual administrative fee to recover the costs incurred by the department described above until January 1, 2022. AB 351 Melendez R	Transportation funding. (1)Existing law provides for loans of revenues from various transportation funds and accounts to the General Fund, with various repayment dates specified. This bill, with respect to any loans made to the General Fund from specified transportation funds and accounts with a repayment date of January 1, 2019, or later, would require the loans to be repaid by December 31, 2018. This bill contains other related provisions and other existing laws.	Introduced: 2/8/2017 Text	4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). 	statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020 and to ensure that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. This bill would additionally require the state board to consider and account for the social costs of the emissions of greenhouse gases when adopting those rules and regulations. The bill would authorize the state board to adopt or amend regulations that establish a market-based compliance mechanism, applicable from January 1, 2021, to December 31, 2030, to complement direct emissions reduction measures in ensuring that statewide greenhouse gas emissions are reduced to at least 40% below the 1990 level by 2030. The bill would authorize the state board to adopt no-trade zones or facility-specific declining greenhouse gas emissions limits where facilities' emissions contribute to a cumulative pollution burden that creates a significant health impact. This bill contains other related provisions and other existing laws.		Garcia. (FAILED)	
AB 391 Chiu D	Medi-Cal: asthma preventive services. Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income persons receive health care benefits. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Existing federal law authorizes, at the option of the state, preventive services, as defined, to be provided by practitioners other than physicians or other licensed practitioners. This bill, which would be known as the Asthma Preventive Services Program Act of 2017, would require the department to seek an amendment to its Medicaid state plan to include qualified asthma preventive services providers, as defined, as providers of asthma preventive services, as defined, for individuals with poorly controlled asthma, under the Medi-Cal program. The bill would require the department to approve at least 2 governmental or nongovernmental accrediting bodies with expertise in asthma to review and approve training curricula for qualified asthma preventive services providers, as specified, and would require the curricula to be, at a minimum, 16 hours of instruction on specified topics. The bill would require an individual to satisfy specified educational and experience requirements in order to become a qualified asthma preventive services provider and would require any entity or supervising licensed provider who employs or contracts with a qualified asthma preventive services provider to comply with specified requirements. The bill would authorize the department to seek any federal waivers or other state plan amendments as necessary to implement these provisions and would require these provisions to be implemented only if and to the extent that all necessary federal approvals are obtained and federal financial participation is available. 	remote dispensing site pharmacy license to a supervising pharmacy, as defined, of a remote dispensing site pharmacy, as defined, if all the requirements for licensure are met for the purpose of increasing access to dispensing or pharmaceutical care services in the geographic area in which the remote dispensing site pharmacy is located. The bill would require a remote dispensing site pharmacy to use a telepharmacy system, as specified, and would prohibit pharmacy services from being provided at a remote dispensing site pharmacy if the telepharmacy system is unavailable. The bill would require a remote dispensing site pharmacy to be located in a medically underserved area, as defined, unless otherwise approved by the board. The bill would authorize a pharmacy located in this state to serve as a supervising pharmacy to provide telepharmacy services for one remote dispensing site pharmacy. The bill would require a remote dispensing site pharmacy to utilize specified security communications systems and security systems. The bill would prohibit a remote dispensing site pharmacy from being located in any state facility and would prohibit a remote dispensing site pharmacy from being located or operated for the purpose of displacing state employees. The bill would require a remote dispensing site pharmacy that dispenses more than 300 prescriptions per day, calculated each calendar year, to cease being a remote dispensing site pharmacy and authorizes the remote dispensing site pharmacy to become a full-service pharmacy if it meets all the requirements for licensure as a pharmacy. This bill contains other related provisions and other existing laws.		on APPR.	
AB 417 Wood D	Health coverage: small employers. Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA), enacts various health care coverage market reforms that took effect January 1, 2014. Among other things, PPACA requires each state, by January 1, 2014, to establish an American Health Benefit Exchange that facilitates the purchase of qualified health plans by qualified individuals and qualified small employers. Existing state law establishes the California Health Benefit Exchange (the Exchange) within state government for the purpose of facilitating the enrollment of qualified individuals and qualified small employers in qualified health plans, and specifies the powers and duties of the board governing the Exchange. Existing law requires the board to establish the Small Business Health Options Program, otherwise referred to as the SHOP Program, separate from the activities of the board related to the individual market, to assist qualified small employers in facilitating the enrollment of their employees in qualified health plans offered through the Exchange in the small employer market in a manner consistent with a specified provision of the federal act. This bill would change the name of the SHOP Program to the Covered California for Small Business Exchange and make related conforming changes. AB 442 Frazier D	Employer liability: small business and microbusiness. Under existing law, the California Occupational Safety and Health Act of 1973, the Division of Occupational Safety and Health investigates complaints that a workplace is not safe and may issue orders necessary to ensure employee safety. Under existing law, certain violations of that act or a standard, order, or special order authorized by the act are a crime. This bill would prohibit the division from commencing any enforcement action for any nonserious violation, as defined, against any employer where the employer is a small business or microbusiness, as defined, without first giving the employer written notice and providing the employer 30 days to correct the violation. The bill would authorize the division to assess a reasonable fee to cover its costs not to exceed \$50.	Introduced: 2/13/2017 Text	4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). AB 476 Gipson D	Vehicular air pollution: heavy-duty vehicles. Existing law imposes various limitations on emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. Existing law generally designates the State Air Resources Board as the state agency with the primary responsibility for the control of vehicular air pollution. Existing law defines a heavy-duty vehicle as having a manufacturer's maximum gross vehicle weight rating of 6,001 or more pounds, a light-duty vehicle as having a manufacturer's gross vehicle weight rating of under 6,001 pounds, and a medium duty vehicle as a heavy-duty vehicle having a manufacturer's gross vehicle weight rating under a limit established by the state board. This bill instead would define a heavy-duty vehicle as having a manufacturer's maximum gross vehicle weight rating of 26,001 or more pounds. AB 479 Gonzalez Fletcher D	Sales and use taxes: exemption: menstrual and incontinence products: alcoholic beverage taxes: distilled spirits: additional surtax. (1) Existing sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. The Sales and Use Tax Law provides various exemptions from those taxes, including an exemption for the sale of, or the storage, use, or consumption of, medicines. This bill, beginning January 1, 2018, would exempt from those taxes the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, wearable incontinence supplies designed, manufactured, processed, fabricated, or package for use by infants, children, or adults, and of tampons, sanitary napkins, menstrual sponges, and menstrual cups. The Bradley-Burns Uniform Local Sales and Use Tax Law authorizes cities and counties to impose local sales and use taxes in conformity with the Sales and Use Tax Law, and existing laws authorize districts, as specified, to impose transactions and use taxes in accordance with the Transactions and Use Tax Law, which generally conforms to the Sales and Use Tax Law. Amendments to the Sales and Use Tax Law are automatically incorporated into the local tax laws. Existing law requires the state to reimburse cities and counties for revenue losses caused by the enactment of sales and use tax exemptions. 	bill would provide that, notwithstanding these provisions, no appropriation is made and the state shall not reimburse cities and counties for sales and use tax revenues lost by them pursuant to this bill.(2)The Alcoholic Beverage Tax Law imposes an excise tax, at specified rates, for the privilege of selling or possessing for sale beer, wine, sparkling wine, sparkling cider, and distilled spirits. The proceeds from the excise tax are deposited in the Alcohol Beverage Control Fund for transfer to the General Fund. The Alcoholic Beverage Tax Law also imposes a surtax, at specified rates, for the privilege of selling or possessing for sale, beer, wine, sparkling cider, and distilled spirits. The proceeds from the surtax are deposited into the General Fund.This bill, beginning on January 1, 2018, would impose an additional surtax, and a related floor stock tax, on distilled spirits at specified rates.By imposing an additional surtax on distilled spirits, this bill would include a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of 2/3 of the membership of each house of the Legislature.This bill would take effect immediately as a tax levy.				
AB 514 Salas D	Medical waste: pharmaceuticals. Existing law, the Medical Waste Management Act, administered by the State Department of Public Health, regulates the management, handling, and disposal of medical waste, as defined, including pharmaceutical waste. The act provides that transporting, storing, treating, disposing, or causing the treatment or disposal of medical waste in a manner not authorized by permit or registration, or by the act, is a crime, except as specified. For purposes of the act, the term "pharmaceutical" is defined to mean a prescription or over-the-counter human or veterinary drug, including, but not limited to, a drug defined in the Federal Food, Drug, and Cosmetic Act, but does not include a pharmaceutical regulated pursuant to the federal Resource Conservation and Recovery Act of 1976 or the Radiation Control Law.This bill would additionally except from the definition of "pharmaceutical" herbal-based remedies, homeopathic drugs, remedies, and any other product with a National Drug Code identifying the product as "homeopathic," and cosmetics, soap, shampoo, sunscreen, toothpaste, lip balm, antiperspirant, and saline products. AB 522 Cunningham R	Alcoholic beverages: nonprofit corporations: raffles. The Alcoholic Beverage Control Act, administered by the Department of Alcoholic Beverage Control, prohibits any licensee from giving any premium, gift, or free goods in connection with the sale or distribution of any alcoholic beverage, but permits alcoholic beverages to be provided in consumer contests and sweepstakes subject to specified conditions. Existing law permits the department to issue a special temporary on-sale or off-sale beer or wine license to certain nonprofit corporations that entitles the licensee to sell beer or wine, as specified. Existing law generally makes it a misdemeanor for a person to sell chances in a lottery, but excepts from this prohibition a charitable organization that has been registered with the Department of Justice that conducts a raffle pursuant to certain requirements. This bill would authorize a nonprofit corporation issued a special temporary on-sale or off-sale beer or wine license and that also obtains a raffle registration to offer, provide, or award alcoholic beverages as a prize in a raffle. license who is guilty of unprofessional conduct, as described, or whose license has been issued by mistake. That law also requires the records of manufacture and of sale, acquisition, receipt, shipment, or disposition of dangerous drugs or dangerous devices to be open for inspection during business hours and preserved for at least 3 years, as specified. That law authorizes a board inspector to embargo any dangerous drug or dangerous device that the board inspector finds or has probable cause to believe is adulterated, misbranded, or counterfeit. Under that law, a person who fails to maintain or produce those records and who violates any provision of that law, when no other penalty is provided, is guilty of a crime. This bill would make it unprofessional conduct for a licensee to acquire a nonprescription diabetes test device from a person that the licensee knew or should have known was not the nonprescription diabetes test device's manufacturer or manufacturer's authorized distributor or to submit to specified persons a claim for reimbursement for a nonprescription diabetes test device when the licensee knew or should have known that the diabetes test device was not purchased directly from the manufacturer or from a manufacturer's authorized distributor. The bill would authorize the board to embargo any nonprescription diabetes test device that a board inspector finds or has probable cause to believe was not purchased directly from the manufacturer or from a manufacturer's authorized distributor, as specified. The bill would require pharmacies that dispense nonprescription diabetes test devices pursuant to prescriptions to retain records of acquisition and sale of those nonprescription diabetes test devices for at least 3 years and keep those records open to inspection during business hours, as described above. The bill would require a manufacturer of nonprescription diabetes test devices to make the names of its authorized distributors available on its Internet Web site, to provide those names to the board, and to, within 30 days of making changes, update its Internet Web site and inform the board of the changes, as specified. The bill would require the board to post the names of authorized distributors on the board's Internet Web site, as specified. By expanding the scope of an existing crime, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

California Retail Food Code: microenterprise home kitchen operations. Existing law, the California Retail Food Code, establishes uniform health and sanitation standards for retail food facilities for regulation by the State Department of Public Health, and requires local health agencies to enforce these provisions. Existing law defines "food facility" as an operation that stores, prepares, packages, serves, vends, or otherwise provides food for human consumption at the retail level, as specified. Existing law exempts, among others, a private home, including a registered or permitted cottage food operation, from the definition of food facility. A violation of any provision of the California Retail Food Code or regulation adopted pursuant to it is generally a misdemeanor. This bill would, among other things, include a microenterprise home kitchen operation within the definition of a food facility, and would define a microenterprise home kitchen operation to mean a food facility that is operated by a resident of a private home where food is prepared for a consumer and that meets specified requirements, including, among others, that the operation has no more than one full-time equivalent food employee and has no more than \$50,000 in verifiable gross annual sales. The bill would specify that a city or county, or city and county, shall have full discretion to authorize, by ordinance or resolution, the permitting of microenterprise home kitchen operations in

The bill would require a microenterprise home kitchen operation to be considered a restricted food service facility for purposes of certain provisions of the code, except as otherwise provided. The bill would require the applicant for a permit to operate a microenterprise home kitchen operation to submit to the enforcement agency written standard operating procedures that include specified information, including all food products that will be handled and the days and time that the home kitchen will be utilized as a microenterprise home kitchen operation. AB 652 Flora R	Property taxation: base year value: new construction. (1)The California Constitution generally limits the maximum amount of any ad valorem tax on real property to 1% of its full cash value and defines "full cash value" for these purposes as the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. Existing property tax law requires the assessor to determine a new base year value for the portion of any taxable real property which has been newly constructed and that new construction in progress on the lien date be appraised at its full value on that date, and each lien date thereafter, until construction is completed, at which time the entire portion of property which is newly constructed is reappraised at its full value. This bill would instead prohibit new construction that is in progress from acquiring a new base year value until the date of completion. AB 655 O'Donnell D	California Renewables Portfolio Standard Program. The California Renewables Portfolio Standard Program requires the Public Utilities Commission to establish a renewables portfolio standard requiring all retail sellers, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of these resources sold to their retail end-use customers achieves 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 40% by December 31, 2024, 45% by December 31, 2027, and 50% by December 31, 2030. The program additionally requires each local publicly owned electric utility, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources to achieve the procurement requirements established by the program. Existing law provides that a facility engaged in the combustion of municipal solid waste is not an eligible renewable energy resource, except as regards generation before January 1, 2017, from a facility located in Stanislaus County prior to September 26, 1996. This bill would provide that a facility engaged in the transformation of municipal solid waste is an eligible renewable energy resource, and can earn renewable energy credits, if it operates, on an annual basis, at not less than 20% below the permitted emissions of air contaminants, or toxic air contaminants concentration limits, for the facility and the operator of the facility has reported its emissions to the applicable air pollution control district or air quality management district for a period of not less than 5 years, as specified. Existing law authorizes the commission to conduct a continuing examination of the workers' compensation system. Existing law authorizes the commission to conduct or contract for studies it deems necessary to carry out its responsibilities. This bill would prohibit a study that is conducted or contracted for by the commission from being funded or commenced prior to a public hearing on the purpose and design of the study, the sources from which the required data will be obtained, and the proposed researcher or entity. The bill would require a majority vote of the commission to approve the study and the researcher or entity selected to perform the study. AB 881 Gallagher R	Property taxation: new construction exclusion: methane digester. The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. This bill would exclude from classification as "newly constructed" and "new construction" the construction or addition, on or after January 1, 2018, of a methane digester or methane digester electric generating system, as provided. By imposing new duties upon county assessors, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above. Existing law requires the state to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation. Existing law requires each state agency that significantly regulates small business or that significantly impacts small business to designate at least one person who is required to serve as a small business liaison. This bill would require a state agency to assist a small business, as defined, in complying with all statutes and regulations administered by the state agency and in any enforcement action by the state agency. The bill would require a state agency to establish a policy, by December 31, 2018, that provides for the reduction of civil penalties for violations of regulatory or statutory requirements by a small business under appropriate circumstances. The bill would authorize the state agency to update the policy to reflect current issues and conditions affecting small businesses and the state agency. The bill would require the state agency to post a current copy of the policy on the state agency's Internet Web site and, until June 30, 2022, to annually post specified information about enforcement actions and penalty reductions (annual report). Existing law provides that an attorney or unrepresented party who presents a pleading, petition, or other similar paper to the court is certifying that specified conditions have been met, including, but not limited to, that the action is not being presented primarily for an improper purpose, such as to harass or to cause unnecessary delay. This bill would authorize a court to enter a prefiling order prohibiting an extremely high-frequency litigant, as defined, from filing any new litigation in the courts of this state without first obtaining leave of the presiding justice or presiding judge of the court where the litigation is proposed to be filed. The bill would require the clerk of the court to provide the Judicial Council with a copy of all prefiling orders, and would require the Judicial Council to maintain and annually disseminate a record of extremely high-frequency litigants subject to those prefiling orders, as specified. The bill would also authorize a defendant in a construction-related disability action to move the court for an order requiring a plaintiff who is an extremely high-frequency litigant to furnish security or for an order dismissing the litigation on the ground that the plaintiff is an extremely high-frequency litigant subject to a prefiling order and the litigation was filed for an improper purpose.</p>	<p>Introduced: 2/16/2017 Text</p>	<p>4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). AB 1036 McCarty D	Organic waste: composting. Existing law requires the California Environmental Protection Agency, in coordination with the Department of Resources Recycling and Recovery, the State Water Resources Control Board, the State Air Resources Board, and the Department of Food and Agriculture, to develop and implement policies to aid in diverting organic waste from landfills by promoting the composting of specified organic waste and by promoting the appropriate use of that compost throughout the state. Existing law requires the California Environmental Protection Agency and the Department of Food and Agriculture, with the Department of Resources Recycling and Recovery, the State Water Resources Control Board, and the State Air Resources Board, to, among other things, assess the state's progress toward developing the organic waste processing and recycling infrastructure necessary to meet the state goals specified in certain state laws and documents. This bill would require those entities to assess the state's progress towards developing the organic waste processing and recycling infrastructure necessary to meet the state goals specified in an additional state law, as provided, and would make other changes in these provisions. The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. This bill instead would require the state board, when funding a specified class of projects, to allocate, until December 31, 2020, no less than 20% of that available funding to support the early commercial deployment of existing zero- and near-zero-emission heavy-duty truck technology. <p>Garcia, Eduardo D</p>	<p>Employment Initiative. Existing law, the California Workforce Innovation and Opportunity Act, establishes the California Workforce Development Board as the body responsible for assisting the Governor in the development, oversight, and continuous improvement of California's workforce investment system and the alignment of the education and workforce investment systems to the needs of the 21st century economy and workforce. That act requires the establishment of a local workforce development board in each local workforce development area of the state to, among other things, carry out analyses of the economic conditions in the local region. This bill would enact the Removing Barriers to Employment Act, which would establish the Breaking Barriers to Employment Initiative administered by the California Workforce Development Board. The bill would specify that the purpose of the initiative is to create a grant program to provide individuals with barriers to employment the services they need to enter, participate in, and complete broader workforce preparation, training, and education programs aligned with regional labor market needs. The bill would specify that people completing these programs should have the skills and competencies to successfully enter the labor market, retain employment, and earn wages that lead to self-sufficiency and economic security. The bill would require the board to develop criteria for the selection of grant recipients, as specified. The bill also would specify the criteria by which grants are required to be evaluated, the populations that are eligible to be served by grants, and the activities eligible for grant funding. The bill would make the funding of the initiative subject to an appropriation by the Legislature for that purpose and would make implementation of the initiative contingent on the board notifying the Department of Finance that sufficient moneys have been appropriated. Existing law also grants state employees the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on matters of employer-employee relations and provides that once an employee organization is recognized as the exclusive representative of an appropriate bargaining unit, it may enter into an agreement with the state employer to provide for organizational security in the form of maintenance of membership or fair share fee deduction. Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires that every beverage container sold or offered for sale in this state have a minimum refund value. The act requires a beverage manufacturer to clearly indicate on all beverage containers sold or offered for sale by the beverage manufacturer a specified message relating to the beverage container's redemption value or refund by either printing or embossing the beverage container or by securely affixing a clear and prominent stamp, label, or other device to the beverage container. AB 1552 Quirk-Silva D	<p>Electricity: distributed generation. Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations. Existing law authorizes the PUC to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law requires the PUC to require each electrical corporation under the operational control of the Independent System Operator as of January 1, 2001, to modify tariffs so that all customers that install new distributed energy resources, as defined, in accordance with specified criteria are served under rates, rules, and requirements identical to those of a customer within the same rate schedule that does not use distributed energy resources and to withdraw any provisions in otherwise applicable tariffs that activate other tariffs, rates, or rules if a customer uses distributed energy resources. Existing law provides, notwithstanding these requirements, that a customer that installs new distributed energy resources not be exempted from (1) reasonable interconnection charges, (2) charges imposed pursuant to the Reliable Electric Service Investment Act, and (3) charges imposed to repay the Department of Water Resources for electricity procurement expenses incurred in response to the electricity crisis of 2000–01. Existing law requires the PUC, in establishing the rates applicable to customers that install new distributed energy resources, to create a firewall that segregates distribution cost recovery so that any net costs, taking into account the actual costs and benefits of distributed energy resources, proportional to each customer class, as determined by the PUC, resulting from the tariff modifications granted to members of each customer class may be recovered only from that class. This bill would, by July 1, 2018, to the extent authorized by federal law, require the state’s 3 largest electrical corporations to stop assessing utility-imposed nonbypassable charges against customers using clean distributed generation resources, as defined, for electricity generated and consumed on-site and instead require those customers to pay all applicable fees based only on electricity purchased from the electrical corporation that is delivered over the electrical grid. Existing law provides that federally qualified health center (FQHC) services and rural health clinic (RHC) services, as defined, are covered benefits under the Medi-Cal program, to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of an FQHC or RHC and specified health care professionals. Existing law allows an FQHC or RHC to apply for an adjustment to its per-visit rate based on a change in the scope of services it provides. This bill would include a licensed professional clinical counselor within those health care professionals covered under that definition. The bill would require an FQHC or RHC that currently includes the cost of the services of a licensed professional clinical counselor for the purposes of establishing its FQHC or RHC rate to apply to the department for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the department, would require the FQHC or RHC to bill for these services as a separate visit, as specified. The bill would require the manufacturer or organization to, among other things, establish a plastic packaging stewardship fee that would be imposed on members of the organization and to determine the appropriate projects and programs to be funded by the stewardship fee that would further the efforts to recycle the particular type of plastic packaging. The bill would require each plastic packaging stewardship organization to make reasonable efforts to achieve specified rate of community access to residential curbside collection programs for each type of plastic packaging covered by the organization's plan, with an overall goal of a 75% rate of community access for each type of plastic packaging on or before January 1, 2043. Similar to the carpet stewardship organization, a manufacturer or plastic packaging stewardship organization would be required to pay the department an annual administrative fee, as determined by the department. The bill would require the department to identify the direct development or regulatory costs incurred by the department prior to the submittal of plastic packaging stewardship plans and to establish a fee in an amount adequate in aggregate to cover those costs, to be paid by each plastic packaging stewardship organization that submits a plastic packaging stewardship plan. The bill would provide for the imposition of administrative civil penalties upon a person who violates the bill. Existing law also provides for the regulation of health insurers by the Department of Insurance (DOI). Existing law requires health care service plans and health insurers to file specified rate information with DMHC or DOI, as applicable, for health care service plan contracts or health insurance policies in the individual or small group markets and for health care service plan contracts and health insurance policies in the large group market. Existing law requires health care service plans and health insurers to also disclose specified supporting information for the rate information described above. Existing law requires the DMHC and DOI, as applicable, to conduct an annual public meeting regarding large group rates within 3 months of posting that information. This bill would require health care service plans or health insurers that file the above-described rate information to report to DMHC or DOI, on a date no later than the reporting of the rate information, specified cost information regarding covered prescription drugs, including generic drugs, brand name drugs, and specialty drugs, dispensed as provided. DMHC and DOI would be required to compile the reported information into a report for the public and legislators that demonstrates the overall impact of drug costs on health care premiums and publish the reports on their Internet Web sites by January 1 of each year. Except for the report, DMHC and DOI would be required to keep confidential all information provided pursuant to these provisions. The bill would also require health care service plans or health insurers that file the above-described rate information to disclose to DMHC and DOI with the rate information specified information regarding the relation of prescription drug costs to plan or insurer spending and premium charges. The bill would instead require DMHC and DOI to conduct an annual public meeting within 4 months of posting the rate information described above. Galgiani D	Existing law imposes various limitations on the emissions of air contaminants for the control of air pollution from vehicular and nonvehicular sources. The State Air Resources Board has adopted a regulation to significantly reduce emissions of particulate matter, oxides of nitrogen, and other criteria air pollutants from existing diesel trucks and buses operating in the state, commonly known as the Truck and Bus Regulation. This bill would require the state board, until January 1, 2023, to deem a person, as defined, to be in compliance with the Truck and Bus Regulation and would prohibit the state board from requiring a person to expend further moneys to achieve compliance with, or from seeking to enforce against that person, that regulation if specified conditions are met.	ded: 3/23/2017 Text	Deadline pursuant to Rule 61(a)(2). SB 45 Mendoza D	Political Reform Act of 1974: mass mailing prohibition. The Political Reform Act of 1974 prohibits sending mass mailings at public expense. The act defines "mass mailing" as over 200 substantially similar pieces of mail not including form letters or other mail that is sent in response to an unsolicited request, letter, or other inquiry. An existing regulation adopted by the Fair Political Practices Commission prescribes criteria for mass mailings that are prohibited by the act and for mass mailings that are permissible under the act. This bill would codify this regulation. The bill would additionally prohibit a mass mailing from being sent within the 60 days preceding an election by or on behalf of a candidate whose name will appear on the ballot, except as specified. This bill contains other related provisions and other existing laws.	Amended: 7/17/2017 Text	7/17/2017-Read second time and amended. Re-referred to Com. on APPR. (Amended 7/17/2017)	7/17/2017 A. SB 49 De León D	California Environmental, Public Health, and Workers Defense Act of 2017. (1)The federal Clean Air Act regulates the discharge of air pollutants into the atmosphere. The federal Clean Water Act regulates the discharge of pollutants into water. The federal Safe Drinking Water Act establishes drinking water standards for drinking water systems. The federal Endangered Species Act of 1973 generally prohibits activities affecting threatened and endangered species listed pursuant to that act unless authorized by a permit from the United States Fish and Wildlife Service or the National Marine Fisheries Service, as appropriate. This bill would prohibit state or local agencies from amending or revising their rules and regulations implementing the above state laws to be less stringent than the baseline federal standards, as defined, and would require specified agencies to take prescribed actions to maintain and enforce certain requirements and standards pertaining to air, water, and protected species. The bill would make conforming changes to the Protect California Air Act of 2003. By imposing new duties on local agencies, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.	Amended: 7/18/2017 Text	7/18/2017-Read second time and amended. Re-referred to Com. on APPR.	7/11/2017 A. APPR.	
SB 60 Glazer D	Recycling: beverage containers: convenience zones. Existing law, the California Beverage Container Recycling and Litter Reduction Act, requires a distributor to pay a redemption payment for every beverage container sold or offered for sale in the state. The act requires the Department of Resources Recycling and Recovery to annually designate convenience zones, as defined, statewide and requires at least one certified recycling center or location within every convenience zone that accepts all types of empty beverage containers and pays the refund value, if any, at one location, and that is open for business 30 hours per week. This bill, until July 1, 2017, would exempt from the requirement that each convenience zone be served by at least one certified recycling center (1) a convenience zone that was served by or exempted because of a recycling center that closed between January 1, 2016, and March 31, 2016, or that is closed as a result of an action taken by the department on or after July 1, 2016, and (2) a	Introduced: 12/21/2016 Text	2/15/2017-February 15 hearing: Testimony taken. SB 63 Jackson D	Unlawful employment practice: parental leave. Existing law, the Moore-Brown-Roberti Family Rights Act, or California Family Rights Act (CFRA), makes it an unlawful employment practice for an employer, as defined, to refuse to grant a request by an eligible employee to take up to 12 workweeks of unpaid protected leave during any 12-month period (1) for reason of a child born to, adopted by, or placed for foster care with, the employee, (2) to care for the employee's parent or spouse who has a serious health condition, as defined, or (3) because the employee is suffering from a serious health condition rendering him or her unable to perform the functions of the job. This bill would prohibit an employer, as defined, from refusing to allow an employee with more than 12 months of service with the employer, who has at least 1,250 hours of service with the employer during the previous 12-month period, and who works at a worksite in which the employer employs at least 20 employees within 75 miles, to take up to 12 weeks of parental leave to bond with a new child within one year of the child's birth, adoption, or foster care placement. The bill would also prohibit an employer from refusing to maintain and pay for coverage under a group health plan for an employee who takes this leave. The bill would allow the employer to recover coverage costs under specific circumstances. The bill would provide that it would not apply to an employee who is subject to both specified state law regarding family care and medical leave, and the federal Family and Medical Leave Act of 1993. Under the bill, if the employer employs both parents and they are entitled to leave pursuant to this bill for the same birth, adoption, or foster care placement, the parents' mandated parental leave would be capped at the amount granted to an employee by the bill. The bill would authorize the employer to grant simultaneous leave to these parents. This bill contains other related provisions and other existing laws. SB 100 De León D	California Renewables Portfolio Standard Program: emissions of greenhouse gases. (1) Under existing law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, while local publicly owned electric utilities, as defined, are under the direction of their governing boards. The California Renewables Portfolio Standard Program requires the PUC to establish a renewables portfolio standard requiring all retail sellers, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources, as defined, so that the total kilowatthours of those products sold to their retail end-use customers achieve 25% of retail sales by December 31, 2016, 33% by December 31, 2020, 40% by December 31, 2024, 45% by December 31, 2027, and 50% by December 31, 2030. The program additionally requires each local publicly owned electric utility, as defined, to procure a minimum quantity of electricity products from eligible renewable energy resources to achieve the procurement requirements established by the program. The Legislature has found and declared that its intent in implementing the program is to attain, among other targets for sale of eligible renewable resources, the target of 50% of total retail sales of electricity by December 31, 2030. This bill would revise the above-described legislative findings and declarations to state that the goal of the program is to achieve that 50% renewable resources target by December 31, 2026, and to achieve a 60% target by December 31, 2030. The bill would require that retail sellers and local publicly owned electric utilities procure a minimum quantity of electricity	Amen ded: 7/18/2017 Text	7/18/2017-Read second time and amended. SB 168 Wieckowski D	Beverage Container Recycling Act of 2017. (1)Existing law, the Used Mattress Recovery and Recycling Act, requires a mattress recycling organization, comprised of manufacturers of mattresses sold in the state, to develop and submit to the Department of Resources Recycling and Recovery for approval a plan, including a budget to implement the plan, for the recovery and recycling of used mattresses. The act requires the organization to submit annual reports to the department and subjects the organization to audits, if necessary. The act requires the organization to reimburse the department for costs for implementing and enforcing the act. Under the act, a retailer is prohibited from selling, distributing, or offering for sale a mattress in the state unless the retailer is in compliance with the act, and a manufacturer or renovator is prohibited from selling, offering for sale, or importing a mattress, or selling or distributing a mattress to a distributor or retailer, unless the manufacturer or renovator is in compliance with the chapter. A violation of the act may be subject to an administrative civil penalty. This bill would require distributors of beverage containers in the state to form a beverage container stewardship organization. The organization would be required to develop and submit a plan and budget for the recovery and recycling of empty beverage containers similar to that described in the Used Mattress Recovery and Recycling Act, and would require the organization to establish a stewardship fee, to be paid by distributor members of the organization, to assist in covering the costs of implementing the program. The act would require the organization to reimburse the department for the department's costs of enforcement. The bill would impose similar administrative civil penalties for a violation of these provisions. This bill contains other related provisions and other existing laws. Existing law establishes the Public Utilities Commission and vests the commission with regulatory jurisdiction and authority over public utilities, including electrical corporations. Existing law places various responsibilities upon the commission to ensure that public utility services are provided in a manner that protects the public safety and the safety of utility employees. This bill would appropriate moneys resulting from a settlement agreement between Southern California Edison Company and the commission for power outages that occurred in the City of Long Beach in the summer of 2015 to the City of Long Beach for certain public infrastructure projects located in, or benefitting, areas affected by the outages. This bill would require a manufacturer of a designated product, as defined, that is sold in the state to disclose on the product label and on the product-specific Internet Web site information related to chemicals contained in the designated product, as specified. The bill would authorize a manufacturer to protect certain chemicals from disclosure by use of a generic name, as specified. The bill would prohibit the sale in the state of a designated product that does not satisfy these requirements. This bill contains other related provisions and other existing laws. The Alcoholic Beverage Control Act prohibits the sale, furnishing, giving, or giving away of alcoholic beverages to, or the purchase of alcoholic beverages by, persons under the age of 21 years, and imposes penalties in that regard. This bill would authorize the department to not aggregate a first violation of those provisions pertaining to minors as the first violation for the purposes of determining penalties, suspension, or an offer in compromise if the licensee or designee has completed or agrees to complete a Responsible Retailer Course within 6 months of the date of settlement or final decision. The bill would prescribe the requirements of the course and would require the licensee to submit to the department a certificate of completion of the course. The bill would authorize the department to accept a certificate of completion only if the department previously had received from the training provider an attestation under penalty of perjury that the course meets the prescribed requirements. By expanding the scope of the existing crime of perjury, this bill would impose a state-mandated local program. This bill contains other existing laws. SB 288 Hernandez D	Health coverage: small employers. Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA), enacts various health care coverage market reforms that took effect January 1, 2014. Among other things, PPACA requires each state, by January 1, 2014, to establish an American Health Benefit Exchange that facilitates the purchase of qualified health plans by qualified individuals and qualified small employers. Existing state law establishes the California Health Benefit Exchange (the Exchange) within state government for the purpose of facilitating the enrollment of qualified individuals and qualified small employers in qualified health plans, and specifies the powers and duties of the board governing the Exchange. Existing law requires the board to establish the Small Business Health Options Program, otherwise referred to as the SHOP Program, separate from the activities of the board related to the individual market, to assist qualified small employers in facilitating the enrollment of their employees in qualified health plans offered through the Exchange in the small employer market in a manner consistent with a specified provision of the federal act. Existing law requires that a food facility, as defined, make prescribed disclosures and warnings to consumers, as specified. A violation of these provisions is a crime. This bill would establish the Sugar-Sweetened Beverages Health Warning Act, which would prohibit a person from distributing, selling, or offering for sale a sugar-sweetened beverage in a sealed beverage container, or a multipack of sugar-sweetened beverages, in this state unless the beverage container or multipack bears a health warning, as prescribed. The bill also would require every person who owns, leases, or otherwise legally controls the premises where a vending machine or beverage dispensing machine is located, or where a sugar-sweetened beverage is sold in an unsealed container, to place a specified safety warning in certain locations, including on the exterior of any vending machine that includes a sugar-sweetened beverage for sale. SB 352 Stone R	Income taxes: withholding: real property sales. Existing law requires the transferee of a California real property interest, in specified circumstances, to withhold for income tax purposes 31/3% of the sales price of the property when the property is acquired from either an individual, or a partnership or corporation without a permanent place of business, as specified. Existing law also allows, by election of the transferor, alternative withholding amounts that are not less than the amount of gain required to be recognized under income tax laws multiplied by the corporation tax rate, bank and financial corporate tax rate, the highest personal income tax rate, or the current "S" corporation tax rate plus the highest personal income tax rate, as applicable. Existing law imposes a penalty for a failure to withhold, as specified, and requires a real estate escrow person to provide written notification to the transferee, other than a transferee that is an intermediary or accommodator in a deferred exchange, of withholding requirements. This bill would eliminate these withholding provisions for the disposition of a California real property interest that occurs on or after January 1, 2018, and would instead require the transferee, including any intermediary or accommodator in a deferred exchange, of a California real property interest to withhold 3?% of the purchase price of the property if the property was either acquired from a person with a last known street address outside this state at the time of title transfer, or from a corporation if after the transfer that corporation has no permanent place of business in this state. <p>SB 562 Lara D</p>	<p>The Healthy California Act. Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA), enacted various health care coverage market reforms that took effect January 1, 2014. PPACA required each state, by January 1, 2014, to establish an American Health Benefit Exchange to facilitate the purchase of qualified health benefit plans by qualified individuals and qualified small employers. PPACA defines a "qualified health plan" as a plan that, among other requirements, provides an essential health benefits package. Existing state law creates the California Health Benefit Exchange, also known as Covered California, to facilitate the purchase of qualified health plans by qualified individuals and qualified small employers. This bill, the Healthy California Act, would create the Healthy California program to provide comprehensive universal single-payer health care coverage and a health care cost control system for the benefit of all residents of the state. The bill, among other things, would provide that the program cover a wide range of medical benefits and other services and would incorporate the health care benefits and standards of other existing federal and state provisions, including, but not limited to, the state's Children's Health Insurance Program (CHIP), Medi-Cal, ancillary health care or social services covered by regional centers for persons with developmental disabilities, Knox-Keene, and the federal Medicare program. The bill would require the board to seek all necessary waivers, approvals, and agreements to allow various existing federal health care payments to be paid to the</p>	<p>Amended: 5/26/2017 Text</p>	<p>7/14/2017-Failed Deadline pursuant to Rule 61(a)(10). SB 567 Lara D	Taxation. (1)The Personal Income Tax Law does not conform to specified provisions of federal law relating to the taxation of specified trusts. Existing law exempts from tax for the taxable year any charitable remainder annuity trust or charitable remainder unitrust, subject to specified requirements, including that the value of the charitable remainder interest must be at least 10% of the initial fair market value of all of the property placed in trust. This bill would, for charitable remainder annuity trusts formed on or after January 1, 2018, require that the charitable remainder interest must be at least 40% of the initial fair market value of all of the property placed in trust. This bill contains other related provisions and other existing laws.	Amen ded: 5/ 15/20 17 Text	6/1/2017-Ordered to inactive file on request of Senator Lara.	6/1/2017 S. INACTIVE FILE

SB 602 Allen D	Pesticides: neonicotinoids: labeling. Existing law generally regulates pesticide use by the Department of Pesticide Regulation, and requires the Director of Pesticide Regulation to endeavor to eliminate from use any pesticide that endangers the agricultural or nonagricultural environment. A violation of those provisions and regulations adopted pursuant to those provisions is generally a misdemeanor. Existing law requires the department, on or before July 1, 2018, to issue a determination with respect to its reevaluation of neonicotinoids, and to adopt control measures necessary to protect pollinator health within 2 years, as specified. This bill, on and after July 1, 2018, would require labeling, as specified, of commercially available seeds and plants sold at retail establishments, excluding noxious weed seeds and plants, that have been treated with a neonicotinoid pesticide. The bill would specify that a violation of this requirement is not a crime but would constitute an unfair and unlawful business act or practice. SB 629 McGuire D	Alcoholic beverages: fees: adjustment: posting. The Alcoholic Beverage Control Act provides for the issuance of licenses for which various annual fees are charged depending upon the type of license issued. That law authorizes an annual adjustment of the fees, as provided, commencing with the 2010 calendar year. Existing law requires that the adjusted fee list be published by the department and transmitted to the Legislature for approval as part of the department's budget submission for the fiscal year in which the fees would be implemented. This bill also would require the department to post the adjusted fee list on its Internet Web site.	Introd uced: 2/ 17/2 017 Text	7/14/2017-Failed Deadline pursuant to Rule 61(a)(10). SB 631 Nielsen R	Nitrous oxide: retail sales. Existing law prohibits the possession of nitrous oxide with the intent of inhaling it for specified purposes, including to cause intoxication. Existing law also prohibits the sale of nitrous oxide to any person under 18 years of age. Existing law makes it a misdemeanor to knowingly dispense nitrous oxide to a person who will use it for specified prohibited purposes, if that person then causes death or great bodily injury to himself or herself or another person. Finally, existing law requires a seller of nitrous oxide to keep a record of persons who purchase nitrous oxide from it and also to provide certain written warnings to the purchaser. This bill would prohibit a retailer of tobacco or tobacco-related products, as defined, from selling, offering, or exposing for sale nitrous oxide, as specified. The bill would authorize a civil penalty to be assessed against a retailer who violates this prohibition and would require the suspension of the retailer's license to	Amen ded: 7/ 3/201 7 Text	7/14/2017-Failed Deadline pursuant to Rule 61(a)(10). SB 640 Hertzberg D	Taxation. Existing sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. This bill would make legislative findings regarding responding to pending proposals for federal tax reform and California's tax climate and would state that the intent of the bill is to make 3 changes to taxation within the state, including broadening the tax base by imposing a modest sales tax on services. This bill would also establish the Retail Sales Tax on Services Fund in the State Treasury and state the intent of the Legislature that moneys in the fund would be appropriated to, among other purposes, provide tax relief to middle- and low-income Californians to offset the effect of a sales tax on services. SB 650 Glazer D	Alcoholic beverage licensees: events: sponsorship and participation. The Alcoholic Beverage Control Act regulates the application for, the issuance of, the suspension of, and the conditions imposed upon, various alcoholic beverage licenses pursuant to which the licensees may exercise specified privileges in the state. Existing law authorizes licensees to sponsor or otherwise participate in an event conducted by, and for the benefit of, a nonprofit organization subject to specified conditions, including, except as otherwise provided, that a retail licensee shall not give, sell, or furnish any alcoholic beverages to the temporary licensee. This bill would revise this provision to provide that, except as otherwise provided, a retail licensee shall not, directly or indirectly, give, sell, or furnish any alcoholic beverages to the temporary licensee. SB 692 Allen D	Transmission: transmission and wheeling access charges. Existing law vests the Public Utilities Commission (PUC) with jurisdiction over the delivery of electrical services. Existing law provides for the establishment of an Independent System Operator (ISO) as a nonprofit public benefit corporation and requires the ISO to make certain filings with the Federal Energy Regulatory Commission (FERC) and to seek authority from FERC as needed to give the ISO the ability to secure generating and transmission resources necessary to guarantee achievement of planning and operating reserve criteria no less stringent than those established by the Western Electricity Coordinating Council and the North American Electric Reliability Council. This bill would require the ISO to undertake a stakeholder initiative to consider modification of the billing determinants to which the operator applies the transmission and wheeling access charges, as specified. The bill would require the ISO, by June 30, 2018, to submit to FERC proposed modifications of the billing determinants for approval. The bill would require the ISO to fully implement any modification approved by FERC within one year of the date of approval. The bill would prohibit all food vendors from dispensing prepared food to a customer in an expanded polystyrene food service container on and after January 1, 2022. The bill would authorize a city or county to grant a food vendor an exemption from these prohibitions, as specified, upon request of the food vendor, if the food vendor demonstrates to the satisfaction of the city or county that compliance with the prohibition would impose an undue economic hardship, as defined. The bill would authorize a city, a county, a city and county, or the state to impose civil liability on a person or entity that knowingly violates that prohibition, or reasonably should have known that it was violating that prohibition, in the amount of \$1,000 per day for the first violation, \$2,000 per day for the 2nd violation, and \$5,000 per day for the 3rd and subsequent violations. The bill would require any civil penalties collected to be paid to the office that brought the action and would authorize these penalties, if collected by the Attorney General, to be expended, upon appropriation by the Legislature, to enforce that prohibition. The bill would require the Department of Resources Recycling and Recovery to develop an Internet Web page with information on how to comply with, and how to file a complaint for a violation of, that prohibition. The act would also define related terms.</p>

SB 774 Leyva D	Hazardous substances: California Toxic Substances Board. The hazardous waste control laws provide that the Department of Toxic Substances Control regulates the handling and management of hazardous substances, materials, and waste. The Carpenter-Presley-Tanner Hazardous Substance Account Act establishes a program authorizing certain responses to releases of hazardous substances, including spills and hazardous waste disposal sites, that pose a threat to the public health or the environment, and imposes liability for hazardous substance removal or remedial actions. The hazardous waste control laws and the Carpenter-Presley-Tanner Hazardous Substance Account Act require the department to adopt regulations to implement their provisions and establish various procedures and standards. This bill would establish the California Toxic Substances Board in the department. The bill, notwithstanding any other law, would require the board to appoint the Director of Toxic Substances Control, who would hold office at the pleasure of the board. The bill would provide for the membership of the board, the salary and terms of the board members, and other various powers and duties of the board. The bill would require the board to conduct monthly public hearings to consider matters before the board relating to hazardous waste facilities permits and sites. The bill would require the department to provide information and records, and testify, concerning the agenda items at the hearing. The bill would authorize the board, based on the documents submitted, information presented, and testimony taken at the hearing, to, through a board action, direct the department to take certain actions with regard to a hazardous waste facilities permit or site, and would require the department to comply with those directions.
