AB 71 Huber D	<p>Political Reform Act of 1974: lobbyists. Existing law, the Political Reform Act of 1974, requires the Secretary of State to establish and maintain on the Internet an updated Directory of Lobbyists, Lobbying Firms, and Lobbyist Employers. The act further requires lobbyist employers and persons making certain payments to influence legislative or administrative actions to file periodic reports disclosing, among other information, their lobbying interests. This bill would require that the online directory maintained by the Secretary of State also contain information regarding lobbying interests. The bill would require that the periodic reports filed by lobbyist employers and other persons contain, in addition to their lobbying interests, the bill numbers of any legislation lobbied during the reporting period. The bill would also require the Secretary of State to display on his or her Internet Web site, within 90 days of the end of each calendar quarter, a list of the lobbying interests containing a specific reference to a bill number, accompanied by a list of all lobbyist employers who reported each of those lobbying interests, reported for the prior calendar quarter. The Sales and Use Tax Law imposes a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. Under existing sales and use tax regulations, gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service are generally equal to the amount of the unbundled sales price of the wireless telecommunication device. This bill would, instead, limit the gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service to the bundled sales price of the wireless telecommunication device. <p>AB 333 Grove R</p>	<p>California Global Warming Solutions Act of 2006: cap-and-trade program. (1) The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. The act authorizes the state board, in furtherance of achieving the statewide greenhouse gas emissions limit by January 1, 2011, to adopt a regulation that establishes a system of market-based declining annual aggregate emission limits for sources or categories of sources that emit greenhouse gas emissions, applicable from January 1, 2012, to December 31, 2020, inclusive, that the state board determines will achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions, in the aggregate, from those sources or categories of sources. The act also authorizes the state board to include in its regulations the use of market-based compliance mechanisms to comply with the regulations, subject to prescribed requirements. This bill would require the state board to make findings and submit a status report to the Legislature no later than July 31, 2011, on the readiness of a proposed cap-and-trade program to begin January 1, 2012. The bill would authorize the board, if it makes a specified finding in the status report, to commence the cap-and-trade program after January 1, 2012, but no later than January 1, 2013. The bill would require the board to provide an annual cap-and-trade status report to the Legislature . This bill would require the office to also submit to the Legislature for review a copy of each disapproved regulation where the basis for that disapproval was a determination that the agency exceeded its statutory authority in adopting the regulation. This bill would also require that a regulation become effective on the 60th day after it is filed with the Secretary of State, unless prescribed conditions occur.</p>				
<p>AB 350 Solorio D</p>	<p>Displaced Janitor Opportunity Act. Existing law, the Displaced Janitor Opportunity Act, requires contractors and subcontractors, that are awarded contracts or subcontracts by an awarding authority to provide janitorial or building maintenance services at a particular job site or sites, to retain, for a period of 60 days, certain employees who were employed at that site by the previous contractor or subcontractor. The act requires the successor contractors and subcontractors to offer continued employment to those employees retained for the 60-day period if their performance during that 60-day period is satisfactory. The act authorizes an employee who was not offered employment or who has been discharged in violation of these provisions by a successor contractor or successor subcontractor, or an agent of the employee, to bring an action against a successor contractor or successor subcontractor in any superior court of the state having jurisdiction over the successor contractor or successor subcontractor, as specified. This bill would rename the act the Displaced Property Service Employee Opportunity Act and make the provisions of the act applicable to property services, which would consist of licensed security, as defined, window cleaning, food cafeteria and dietary services, janitorial services, and building maintenance services. This bill would exclude from the definitions of "contractor" and "subcontractor" specified types of food service providers. AB 484 Alejo D	Enterprise zones: expiration of designation. The Enterprise Zone Act requires the Department of Housing and Community Development to administer the act and to designate no more than 42 enterprise zones at any one time that may be proposed by a city, county, or city and county from applications selected on the basis of the most effective, innovative, and comprehensive regulatory, tax program, and other incentives in attracting private sector investment in the zone proposed. The act specifies that any enterprise zone designated by the department on or after January 1, 1997, may not exceed a designation period of 15 years. Existing law also authorizes an expiring enterprise zone that applies for a new enterprise zone designation and receives a conditional designation letter from the department, to offer, and a taxpayer doing business within the geographic boundaries of the new zone referenced in the conditional designation letter is eligible to receive, all enterprise zone benefits until the department makes a final designation or declines to redesignate the zone, as specified. This bill would authorize the jurisdiction of an expiring enterprise zone to send a letter to the department expressing the intent of the jurisdiction to reapply for a new enterprise zone designation prior to the expiration of the designation of the enterprise zone. The bill would provide that if that letter is sent and, if prior to the expiration of the designation of the enterprise zone, the department has not issued a request for proposal and has not conditionally designated the maximum number of enterprise zones within the state, then businesses within the geographic boundaries of the existing enterprise zone may continue to be eligible to receive all enterprise zone benefits until the department completes any regulatory or administrative review, issues a request for proposal, and issues conditional designation letters to the maximum number of enterprise zones within the state. Under the plan, an assessment is to be imposed on the carpet sold in the state for the purposes of funding the implementation of the plan. The bill would state the intent of the Legislature to develop a method whereby a seller is required to collect the local component. The bill would require a seller, as defined, to collect the prepaid communications charge from a consumer and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board to remit that portion of the state component collected pursuant to the Emergency Telephone Users Surcharge Act to the California Technology Agency and remit the balance of the state component, minus certain administrative costs incurred by the board, to the Public Utilities Commission. The bill would require the State Board of Equalization to remit the local component, if applicable, to the local government. The existing Medical Waste Management Act, administered by the State Department of Public Health, regulates the management and handling of medical waste, as defined. Existing law requires that all medical waste be hauled by either a registered hazardous waste hauler or by a person with an approved limited-quantity exemption granted pursuant to specified provisions of law. Violation of these provisions of law is a crime. This bill would define pharmaceutical waste for purposes of the Medical Waste Management Act, and would authorize a medical waste generator or parent organization that employs health care professionals who generate pharmaceuticals to apply to the enforcement agency for a pharmaceutical waste hauling exemption if the generator, health care professional, or parent organization retains specified documentation and meets specified requirements and if the facility receiving the medical waste retains specified documentation . AB 1444 Feuer D	Environmental quality: record of proceedings. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure for the preparation and certification of the record of proceedings upon the filing of an action or proceeding challenging a lead agency's action on the grounds of noncompliance with CEQA. This bill would require the lead agency, at the request of a project applicant and the agreement of the project applicant to bear the costs incurred by the lead agency, to, among other things, prepare a record of proceedings concurrently with the preparation, and adoption or certification, of an environmental document. Because the bill would require a lead agency to prepare the record of proceedings as provided, this bill would impose a state-mandated local program. In an action or proceeding filed challenging the lead agency's action pursuant to CEQA, the bill would require the court to schedule a hearing within 30 days of the filing of the statement of issues regarding the record of proceedings. Existing law provides for the licensing and administration by the Department of Motor Vehicles of traffic violator schools, operators, and instructors. Existing law authorizes the court, after a deposit of bail and bail forfeiture, a plea of guilty or no contest, or a conviction, to order a continuance of the proceeding against a person who receives a notice to appear in court for a violation of a statute relating to safe operation of a vehicle, in consideration for completion of a program at a licensed school for traffic violators. The court is authorized to order that the conviction be held confidential, unless the person holds a commercial driver's license or the violation occurred in a commercial vehicle. The court is prohibited from ordering or permitting a person who holds a class A, class B, or commercial class C driver's license to complete a licensed traffic violator school. Existing law requires that no violation point count be assessed if the record of conviction is confidential. A violation of the Vehicle Code is a crime. This bill would allow the court, after a deposit of a specified fee or bail, a plea of guilty or no contest, or a conviction, to order or permit a person who holds a class A license, class B license, or commercial class C driver's license to attend a commercial driver violator school. The bill would specify procedures for the confidentiality of the record of conviction. The bill would prohibit the point count for the violation from being added to the driver's record if the driver is licensed with a class A license, class B license, or commercial class C driver's license and is allowed to, and completes, a course of instruction at a licensed commercial driver violator school. The act requires an agency, prior to submitting a proposal to adopt, amend, or repeal an administrative regulation, to determine the economic impact of the regulation by preparing an economic impact analysis. The act defines a major regulation as a regulation that the agency determines has an expected economic impact on California business enterprises and individuals in an amount exceeding \$50,000,000. Existing law requires an agency proposing to adopt, amend, or repeal a major regulation to also prepare a standardized regulatory impact analysis. The act requires an agency that is proposing an administrative regulation to prepare and submit to the office, and make available to the public upon request, specific information. The act requires the office to return to an agency any proposed regulation that does not meet certain requirements. This bill would require a state agency proposing an administrative regulation that would require a person or entity to use a new or emerging technology or equipment in order to achieve the identified purpose of the regulation to determine if that technology is available and effective in accordance with certain requirements. The bill would also require the state agency that is proposing the regulation to include certain provisions in the regulation. Existing law also prohibits the sale of a plastic product that is labeled as "biodegradable," "degradable," "decomposable," or as otherwise specified, and imposes certain labeling requirements upon a manufacturer of a compostable plastic bag. Prior to January 1, 2013, existing law imposed those prohibitions on plastic bags and plastic food or beverage containers. Existing law provides for the imposition of a civil penalty for a violation of those prohibitions. This bill would prohibit a person from being subject to an enforcement action pursuant to the provisions regulating the labeling of plastic products on and after January 1, 2013, or plastic bags before that date, if the person manufacturing the plastic product submits an action plan to the department, city, or county and the plan is approved, as specified. SB 359 Hernandez D	Food facilities: hand washing. Existing law, the California Retail Food Code, establishes uniform health and sanitation standards for mobile food facilities and retail food facilities, as defined. The law requires the State Department of Public Health to adopt regulations to implement and administer those provisions, and delegates primary enforcement duties to local health agencies. A violation of any of these provisions is punishable as a misdemeanor. This bill would revise requirements in connection with glove use and hand washing. This bill would revise the definition of "limited food preparation," and authorize a local enforcement agency to approve temporary alternative storage methods and locations. By imposing new duties upon local agencies, and expanding the definition of a crime, this bill would impose a state-mandated local program. The act also requires the department to determine the redemption rates and recycling rates for those beverage containers for each reporting period and to issue a report on those determinations. The act defines various words for purposes of those provisions, including "redemption rate." The act also makes various findings and declarations, including a declaration that, when the redemption rate for any one type of beverage container falls below 65%, the act provides for an increased refund value. This bill would delete the provisions that require the department to establish reporting periods for redemption rates and that require the department to determine redemption rates for specified types of beverage containers. The bill also would delete the definition of redemption rate and make other conforming changes.</p>				
<p>SB 568 Lowenthal D</p>	<p>Recycling: polystyrene food containers. Existing law requires all rigid plastic bottles and rigid plastic containers sold in the state to be labeled with a code that indicates the resin used to produce the rigid plastic bottle or rigid plastic container. The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, requires every rigid plastic packaging container, as defined, sold or offered for sale in this state to generally meet one of specified criteria. This bill would prohibit a food vendor, on and after January 1, 2016, from dispensing prepared food to a customer in a polystyrene foam food container and would define related terms. The bill would provide that a food vendor that is a school district is not required to comply with the bill's requirements until July 1, 2017, and would allow a food vendor that is a school district to dispense prepared food to a customer in a polystyrene foam food container after that date if the governing board of the school district elects to adopt a policy to implement a verifiable recycling program for polystyrene foam food containers , which would be renewable, as specified . The bill would also allow a food vendor to dispense prepared food to a customer in a polystyrene foam food container after January 1, 2016, in a city or county if the city or county elects to adopt an ordinance establishing a specified recycling program for polystyrene foam food containers , which would be operative, as specified .</p>	<p>Amended: 7/12/2011 pdf html</p>	<p>9/8/2011 - Ordered to inactive file on request of Assembly Member Allen.</p>	<p>9/8/2011 A . SB 1058 Lieu D	Victims of Corporate Fraud Compensation Fund. Existing law establishes the Victims of Corporate Fraud Compensation Fund, a continuously appropriated fund, within the State Treasury administered by the Secretary of State, the sole purpose of which is to provide restitution to victims of corporate fraud. Existing law requires the Secretary of State to adopt regulations regarding the administration of the fund and the eligibility of those victims to receive that restitution. This bill would revise and recast those provisions, including eliminating the requirement that the Secretary of State adopt those regulations. The bill would provide that an aggrieved person who obtains a final judgment, as specified, against a corporation based upon the corporation's fraud, misrepresentation, or deceit, made with intent to defraud, may file an application with the Secretary of State for payment from the fund for the amount unpaid on the judgment that represents an actual and direct loss to the claimant in the transaction. The bill would limit the amount to be paid from the fund for any one action by a corporation to \$20,000, with respect to applications filed before January 1, 2013, and \$50,000, with respect to applications filed on or after January 1, 2013. SB 1255 Wright D	Employee compensation: itemized statements. Existing law requires every employer, semimonthly or at the time of each payment of wages, to furnish each employee an accurate itemized statement in writing showing specified information, including, among other things, the name of the employee and the last 4 digits of his or her social security number or an employee identification number, the gross wages earned, all deductions, net wages earned, the inclusive dates of the period for which the employee is paid, and the name and address of the legal entity that is the employer and, if the employer is a farm labor contractor, as defined, the name and address of the legal entity that secured the services of the employer. Existing law provides that an employee suffering injury as a result of a knowing and intentional failure by an employer to comply with this requirement is entitled to recover the greater of all actual damages or a specified sum, not exceeding an aggregate penalty of \$4,000, and is entitled to an award of costs and reasonable attorney's fees. This bill would provide that an employee is deemed to suffer injury for purposes of the above-referenced penalty if the employer fails to provide a wage statement or fails to provide a wage statement showing the name of the employee and the last 4 digits of his or her social security number or employee identification number. The bill would also provide that an employee is deemed to suffer injury for that penalty if the employer fails to provide accurate and complete information, as specified, and the employee cannot promptly and easily determine from the wage statement alone the amount of the gross and net wages paid to the employee during the pay period and how those gross and net wages were determined by reference only to specified information on the itemized wage statement , the deductions the employer made from the gross wages to determine the net wages paid to the employee during the pay period, and the name and address of the employer or legal entity that secured the services of the employer, as specified. SB 1547 Simitian D	Recycling: beverage containers: enforcement. The California Beverage Container Recycling and Litter Reduction Act requires a distributor of specified beverage containers to pay a redemption payment to the Department of Resources Recycling and Recovery, for each beverage container, as defined, sold or transferred. Existing law prohibits any person from paying, claiming, or receiving any refund value, processing payment, handling fee, or administrative fee for imported beverage container material, previously redeemed containers, rejected containers, line breakage, or other ineligible material. Existing law also prohibits any person from redeeming or attempting to redeem those containers or materials, returning previously redeemed containers to the marketplace for redemption, or bringing those containers or materials to the marketplace for redemption, as specified. This bill would also require the department, when conducting those surveys, to exclude other ineligible material. This bill contains other existing laws. SB 1572 Pavley D	California Global Warming Solutions Act of 2006: Greenhouse Gas Reduction Account. The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emission reductions. The act authorizes the state board to include use of market-based compliance mechanisms. The act authorizes the state board to adopt a schedule of fees to be paid by the sources of greenhouse gas emissions regulated pursuant to the act, and requires the revenues collected pursuant to that fee schedule be deposited into the Air Pollution Control Fund and be available, upon appropriation by the Legislature, for the purposes of carrying out the act. This bill would create the Greenhouse Gas Reduction Account within the Air Pollution Control Fund. The bill would require moneys, as specified, collected pursuant to a market-based compliance mechanism be	Introduced: 2/24/2012 pdf html	3/28/2012 - Set for hearing April 16.	3/22/2012 S . E.Q. 	deposited in this account. The bill also would require those moneys, upon appropriation by the Legislature, be used for purposes of carrying out the California Global Warming Solutions Act of 2006. The bill would declare the intent of the Legislature to enact legislation that would establish criteria for the development and implementation of an expenditure plan, as specified, for moneys appropriated from the Greenhouse Gas Reduction Account.				
SB 1573 Cannella R	Employment: meal periods. Existing law requires an employer to provide an employee with one meal period during a work period of more than 5 hours and 2 meal periods during a work period of 10 hours, as prescribed. This bill would make nonsubstantive changes to these provisions.	Introduced: 2/24/2012 pdf html	3/22/2012 - Referred to Com. on RLS.	3/22/2012 S . RLS.	Watch
SBX1 23 Committee on Budget and Fiscal Review	Local taxation: counties: school districts: community college districts: county offices of education: general authorization. The California Constitution prohibits the Legislature from imposing taxes for local purposes, but allows the Legislature to authorize local governments to impose them. This bill would authorize the governing board of any county or city and county, any school district, any community college district, and any county office of education, subject to specified constitutional and voter approval requirements, to levy, increase, or extend a local personal income tax, transactions and use tax, vehicle license fee, and excise tax, including, but not limited to, an alcoholic beverages tax, a cigarette and tobacco products tax, a sweetened beverage tax, and an oil severance tax, as provided. SCA 14 Cannella R	Expenditure limitations. The California Constitution prohibits the annual appropriations subject to limitation, as defined, of any entity of state or local government from exceeding its adjusted annual appropriations limit and provides for the disposition of excess revenues received by the state, as specified. The California Constitution also establishes the Budget Stabilization Account, commonly known as the rainy day fund, in the General Fund, and requires the Controller, no later than September 30 of each year, to transfer from the General Fund to the account a sum equal to 3% of the estimated amount of General Fund revenues for the current fiscal year. This transfer of moneys is not required, unless otherwise	Introduced: 6/28/2011 pdf html	2/2/2012 - Referred to Coms. on B. & F.R. and E. & C.A.	2/2/2012 S . B. & F. I.	Watch

	<p>directed by the Legislature by statute, in any fiscal year to the extent that the resulting balance in the account would exceed 5% of the General Fund revenue estimate set forth in the Budget Bill for that fiscal year, as enacted, or \$8 billion, whichever is greater. This transfer of moneys may also be suspended or reduced for a fiscal year, as specified, by an executive order issued by the Governor. This measure would repeal the existing provisions imposing annual appropriations limits. Commencing in the 2013-14 fiscal year, the measure would instead impose an annual state expenditure limit based on total expenditures in the prior fiscal year, excluding specified amounts allocated to school districts and community college districts to meet a constitutional minimum funding obligation, from General Fund revenues and special fund revenues, adjusted for the percentage change in state population and the percentage change in the cost of living, as specified. The measure would authorize the expenditure limit to be exceeded for an emergency, as defined, declared by the Governor, not including revenue shortfalls, excessive spending, or other similar conditions limiting the ability to fund government operations. The measure would require the Director of Finance to report quarterly on the state's compliance with the expenditure limits for the current fiscal year. <p>SCA 15 Hancock D</p>	<p>Taxation: voter approval. The California Constitution requires that a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax be imposed in an act that is passed with the approval of not less than 2/3 of the membership of each house of the Legislature. This measure would alternatively allow a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax to be imposed in an act passed by a majority of the membership of each house of the Legislature, where that change becomes effective only when submitted to the voters and approved by a majority of the voters voting on that measure at a statewide election.
