AB 71 Huber D	<p>Political Reform Act of 1974: lobbyists. Existing law, the Political Reform Act of 1974, requires the Secretary of State to establish and maintain on the Internet an updated Directory of Lobbyists, Lobbying Firms, and Lobbyist Employers. The act further requires lobbyist employers and persons making certain payments to influence legislative or administrative actions to file periodic reports disclosing, among other information, their lobbying interests. This bill would require that the online directory maintained by the Secretary of State also contain information regarding lobbying interests. The bill would require that the periodic reports filed by lobbyist employers and other persons contain, in addition to their lobbying interests, the bill numbers of any legislation lobbied during the reporting period. The bill would also require the Secretary of State to display on his or her Internet Web site, within 90 days of the end of each calendar quarter, a list of the lobbying interests containing a specific reference to a bill number, accompanied by a list of all lobbyist employers who reported each of those lobbying interests, reported for the prior calendar quarter. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 6/23/2011 pdf html</p>	<p>8/15/2011 - In committee: Set, first hearing. AB 226 Solorio D	Unemployment insurance: reporting requirements: status of funds. Existing unemployment insurance law requires the Employment Development Department to submit to the Legislature in May and October of each year a report on the status of the Unemployment Fund and the Unemployment Compensation Disability Fund, containing actual and forecasted information on each fund, as specified. This bill would additionally require the department, whenever the Unemployment Fund indicates a negative balance, to include in the status report on the Unemployment Fund the estimated impact on employers from the changes in a specified federal tax credit and the estimated amount the state is expected to pay in interest charges on any outstanding loan to the federal government . AB 232 V. Manuel Pérez D	Community Development Block Grant Program: funds. Existing law requires the Department of Housing and Community Development to allocate funds under the federal Community Development Block Grant Program to cities and counties. Existing law requires the department to determine, and announce in the applicable Notice of Funding Availability, the maximum amount of grant funds that may be used for economic development projects and programs, housing for persons and families of low or moderate income or for purposes directly related to the provision or improvement of housing opportunities for these persons and families, and for cities and counties that apply on behalf of certain Indian tribes. Existing law requires the department to develop and use certain eligibility criteria and requirements for certain economic development fund applications. This bill would make changes to the eligibility criteria and requirements developed and used by the department. The bill would also make conforming changes. This bill would additionally permit a distilled spirits manufacturer's agent to provide entertainment, food, and distilled spirits, wine, and nonalcoholic beverages at an event described above, as specified. This bill contains other related provisions and other existing laws.</p>				
<p>AB 279 Garrick R</p>	<p>Sales and use taxes: wireless communication devices: bundled transactions. The Sales and Use Tax Law imposes a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. Under existing sales and use tax regulations, gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service are generally equal to the amount of the unbundled sales price of the wireless telecommunication device. This bill would, instead, limit the gross receipts from a retail sale of a wireless telecommunication device sold in a bundled transaction with wireless telecommunication service to the bundled sales price of the wireless telecommunication device. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 3/8/2011 pdf html</p>	<p>4/27/2012 - Failed Deadline pursuant to Rule 61(b)(5). (Last location was A. <p>AB 333 Grove R</p>	<p>California Global Warming Solutions Act of 2006: cap-and-trade program. (1) The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions. The act authorizes the state board, in furtherance of achieving the statewide greenhouse gas emissions limit by January 1, 2011, to adopt a regulation that establishes a system of market-based declining annual aggregate emission limits for sources</p>	<p>Amended: 5/11/2011 pdf html</p>	<p>2/1/2012 - Died pursuant to Art. 	<p>or categories of sources that emit greenhouse gas emissions, applicable from January 1, 2012, to December 31, 2020, inclusive, that the state board determines will achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions, in the aggregate, from those sources or categories of sources. The act also authorizes the state board to include in its regulations the use of market-based compliance mechanisms to comply with the regulations, subject to prescribed requirements. This bill would require the state board to make findings and submit a status report to the Legislature no later than July 31, 2011, on the readiness of a proposed cap-and-trade program to begin January 1, 2012. The bill would authorize the board, if it makes a specified finding in the status report, to commence the cap-and-trade program after January 1, 2012, but no later than January 1, 2013. The bill would require the board to provide an annual cap-and-trade status report to the Legislature . This bill contains other related provisions.</p>				
<p>AB 338 Wagner R</p>	<p>Regulations: legislative validation: effective date. The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. That act requires the office to transmit a copy of a regulation to the Secretary of State for filing if the office approves the regulation or fails to act on it within 30 days. That act provides that a regulation or an order of repeal of a regulation becomes effective on the 30th day after it is filed with the Secretary of State, unless prescribed conditions occur. This bill would require the office to also submit to the Legislature for review a copy of each disapproved regulation where the basis for that disapproval was a determination that the agency exceeded its statutory authority in adopting the regulation. This bill would also require that a regulation become effective on the 60th day after it is filed with the Secretary of State, unless prescribed conditions occur.</p>	<p>Amended: 2/17/2012 pdf html</p>	<p>3/19/2012 - In committee: Set, first hearing. 	<p>who were employed at that site by the previous contractor or subcontractor. The act requires the successor contractors and subcontractors to offer continued employment to those employees retained for the 60-day period if their performance during that 60-day period is satisfactory. The act authorizes an employee who was not offered employment or who has been discharged in violation of these provisions by a successor contractor or successor subcontractor, or an agent of the employee, to bring an action against a successor contractor or successor subcontractor in any superior court of the state having jurisdiction over the successor contractor or successor subcontractor, as specified. This bill would rename the act the Displaced Property Service Employee Opportunity Act and make the provisions of the act applicable to property services, which would consist of licensed security, as defined, window cleaning, food cafeteria and dietary services, janitorial services, and building maintenance services. This bill would exclude from the definitions of "contractor" and "subcontractor" specified types of food service providers. The bill also would make conforming changes.</p>				
<p>AB 375 Skinner D</p>	<p>Workers' compensation: hospital employees: presumption. Existing law provides that an injury of an employee arising out of and in the course of employment is generally compensable through the workers' compensation system. Existing law provides that, in the case of certain public employees, the term "injury" includes heart trouble, hernia, pneumonia, human immunodeficiency virus, lower back impairment, and other injuries and diseases. This bill would provide, with respect to hospital employees who provide direct patient care in an acute care hospital, as defined, that the term "injury" includes a bloodborne infectious disease, as defined, or methicillin-resistant Staphylococcus aureus (MRSA) that develops or manifests itself during the period of the person's employment with the hospital. This bill contains other related provisions.</p>	<p>Amended: 8/31/2011 pdf html</p>	<p>9/9/2011 - Read third time. Refused passage. (Ayes 20. Noes 16. Page 2474.).</p>	<p>9/1/2011 S . 	<p>program, and other incentives in attracting private sector investment in the zone proposed. The act specifies that any enterprise zone designated by the department on or after January 1, 1997, may not exceed a designation period of 15 years. Existing law also authorizes an expiring enterprise zone that applies for a new enterprise zone designation and receives a conditional designation letter from the department, to offer, and a taxpayer doing business within the geographic boundaries of the new zone referenced in the conditional designation letter is eligible to receive, all enterprise zone benefits until the department makes a final designation or declines to redesignate the zone, as specified. This bill would authorize an enterprise zone that expired in 2012 a letter to the department in 2012 expressing the intent of the jurisdiction to reapply for a new enterprise zone designation before the expiration of the designation of the enterprise zone. The bill would provide that if that letter is sent and, if before the expiration of the designation of the enterprise zone, the department has not issued a request for proposal and has not conditionally designated the maximum number of enterprise zones within the state, then the enterprise zone shall be deemed to be temporarily redesignated and businesses within the geographic boundaries of the previous enterprise zone may continue to be eligible to receive all enterprise zone benefits . The bill would provide that the temporary redesignation of an enterprise zone pursuant to this section shall continue until the earlier of December 31, 2014, or the date that the department completes any regulatory or administrative review, issues a request for proposal, and issues conditional designation letters to the maximum number of enterprise zones within the state. The bill would also require the department to notify the Franchise Tax Board within 60 days of any extension of enterprise zone benefits pursuant to these provisions. The bill would also require the department to notify the Franchise Tax Board and any affected taxpayers within an enterprise zone that has been temporarily redesignated pursuant to this section 60 days prior to the date that the temporary redesignation period is to expire or December 31, 2014.</p>		<p>Read second time, amended, and re-referred to Com. on T. & H.</p>

This bill would provide, with respect to hospital employees who provide direct patient care in an acute care hospital, that the term "injury" includes methicillin-resistant Staphylococcus aureus (MRSA) that develops or manifests itself during the period of the person's employment with the hospital. This bill would create a presumption that MRSA arises out of and in the course of the person's employment if MRSA develops or manifests as specified. This bill would prohibit attributing MRSA that develops or manifests in those cases to any disease or skin infection existing prior to that development or manifestation.</p>				
<p>AB 828 Swanson D</p>	<p>CalFresh: eligibility: drug felonies. Existing law provides for the CalFresh program, under which supplemental nutrition assistance benefits allocated to the state by the federal government are distributed to eligible individuals by each county. Existing law provides that a person convicted of a drug-related felony, with certain exemptions, is eligible for aid under CalFresh , if specified requirements are met. This bill would, instead, provide that a person convicted of a drug felony shall be eligible for aid under CalFresh, provided that 6 months have passed since the person has been convicted of any crime, and would eliminate the above-referenced eligibility requirements. This bill contains other related provisions and other existing laws.</p>	<p>Amended: 3/8/2012 pdf html</p>	<p>3/8/2012 - From committee chair, with author's amendments: Amend, and re-refer to committee. Under the plan, an assessment is to be imposed on the carpet sold in the state for the purposes of funding the implementation of the plan. This bill would reenact the state law that enacted the carpet stewardship program and would provide that law continues to be operative on and after November 3, 2011. Telecommunications: prepaid mobile telephony services: taxes and fees. (1) The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Surcharge amounts are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Wireless Surcharge Collection Act. The bill would establish a prepaid communications charge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid communications charge would include a state component, as defined, and if a local government has adopted utility user taxes or other specified charges that are otherwise applicable to prepaid mobile telephony services and the retail transaction occurs within that jurisdiction, a local component. The bill would state the intent of the Legislature to develop a method whereby a seller is required to collect the local component. The bill would require a seller, as defined, to collect the prepaid communications charge from a consumer and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. The bill would require the board to remit that portion of the state component collected pursuant to the Emergency Telephone Users Surcharge Act to the California Technology Agency and remit the balance of the state component, minus certain administrative costs incurred by the board, to the Public Utilities Commission. The bill would require the State Board of Equalization to remit the local component, if applicable, to the local government. The bill would require the Public Utilities Commission to annually compute the commission's reimbursement fee and specified telecommunications universal service program fees, to post notice of those fees on its Internet Web site and to notify the State Board of Equalization of the amounts. This bill contains other related provisions and other existing laws.

The existing California Integrated Waste Management Act of 1989 allows each county, city, or district to determine aspects of solid waste handling that are of local concern and the means by which the services are to be provided. This bill would prohibit an ordinance enacted by a city or county, including an ordinance enacted by initiative by the voters of a city or county, from otherwise restricting or limiting the importation of solid waste into a privately owned solid waste facility in that city or county based on place of origin. The bill would provide that this prohibition does not require a privately owned or operated solid waste facility to accept certain waste, does not allow a privately owned solid waste facility to abrogate certain agreements, does not prohibit a city, county, or a regional agency from requiring a privately owned solid waste facility to guarantee permitted capacity to a host jurisdiction, and does not otherwise limit or affect the land use authority of a city or county . Those laws define "qualified employer" as a taxpayer that employed 20 or fewer employees as of the last day of the preceding taxable year. This bill, under both laws, for taxable years beginning on or after January 1, 2011, would expand the definition of "qualified employer" to mean a taxpayer that employed 50 or fewer employees as of the last day of the preceding taxable year. Existing law also makes it a misdemeanor for a retailer to knowingly or under circumstances in which it has knowledge, or should otherwise have grounds for knowledge, sell, give, or in any way furnish a minor with tobacco products or paraphernalia. This bill would remove the schedule for board action in response to the occurrence of a violation, as defined, of the STAKE Act or the misdemeanor provision. The bill would declare that these changes would not result in the limitation or termination of ongoing board actions. The bill would require the board to suspend or revoke a retailer's license, as specified, for the 3rd, 4th, or 5th violation. The act defines various words for purposes of those provisions, including "redemption rate." This bill would delete the provisions that require the department to establish reporting periods for redemption rates and that require the department to determine redemption rates for specified types of beverage containers. The bill also would delete the definition of "redemption rate" and make other conforming changes. This bill contains other related provisions and other existing laws.		referred to Com. on APPR.

The Enterprise Zone Act provides for the designation and oversight by the Department of Housing and Community Development of various types of economic development areas throughout the state, including enterprise zones, targeted tax areas, local agency military base recovery areas (LAMBRAs), and manufacturing enhancement areas, collectively known as geographically targeted economic development areas, or G-TEDAs. Pursuant to these provisions, qualifying entities in those areas may receive certain tax and regulatory incentives. This bill would revise various definitions for purposes of the act and modify specified requirements for designating and administering enterprise zones, LAMBRAs, and G-TEDAs collectively. The bill would impose new requirements on the Department of Housing and Community Development with respect to the enterprise zone program and modify department and Franchise Tax Board reporting requirements. AB 1442 Wieckowski D	Pharmaceutical waste. The existing Medical Waste Management Act, administered by the State Department of Public Health, regulates the management and handling of medical waste, as defined. Existing law requires that all medical waste be hauled by either a registered hazardous waste hauler or by a person with an approved limited-quantity exemption granted pursuant to specified provisions of law. Violation of these provisions of law is a crime. This bill would define pharmaceutical waste for purposes of the Medical Waste Management Act, and would authorize a medical waste generator or parent organization that employs health care professionals who generate pharmaceuticals to apply to the enforcement agency for a pharmaceutical waste hauling exemption if the generator, health care professional, or parent organization retains specified documentation and meets specified requirements and if the facility receiving the medical waste retains specified documentation . The bill would authorize pharmaceutical waste to be transported by the generator or health care professional who generated the pharmaceutical waste, a staff member of the generator or health care professional, or common carrier, as defined, pursuant to these provisions. Existing law defines for these purposes the term "legislative body" and includes within that definition a board of a local agency. This bill would modify the definition of the term "legislative body" to include as a board, an assessment appeals board which may meet in closed session, as specified by another provision of existing law. This bill would authorize the Director of the Department of Managed Health Care to issue a health care service plan license, and the Insurance Commissioner to issue a certificate of authority , to a consumer operated and oriented plan (CO-OP) established consistent with PPACA, as specified. The bill would specify that a CO-OP issued a license or a certificate of authority is subject to all other provisions of law relating to health care service plans or insurance , respectively, and would further specify that a CO-OP insurer and any solvency loan obtained by the CO-OP pursuant to PPACA are subject to certain requirements imposed on mutual insurers. The bill would authorize the director and the commissioner to request documentation relating to a CO-OP's solvency or start-up loan. The bill would prohibit a CO-OP from converting or selling to a for-profit or nonconsumer-operated entity after receiving a solvency loan, would require a CO-OP to comply with specified governance standards , and would authorize the director to revoke a CO-OP health care service plan's license, and the commissioner to revoke a CO-OP insurer's certificate of authority , for violating those prohibitions. The bill would authorize the departments to enact regulations implementing these provisions and would enact other related provisions. Under the act, "child" means a biological, adopted, foster, or stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under 18 years of age or an adult dependent child. The act defines "parent" to mean the employee's biological, foster, or adoptive parent, stepparent, legal guardian, or other person who stood in loco parentis to the employee when the employee was a child. This bill would increase the circumstances under which an employee is entitled to protected leave pursuant to the Family Rights Act by (1) eliminating the age and dependency elements from the definition of "child," thereby permitting an employee to take protected leave to care for his or her independent adult child suffering from a serious health condition, (2) expanding the definition of "parent" to include an employee's parent-in-law, and (3) permitting an employee to also take leave to care for a seriously ill grandparent, sibling, grandchild, or domestic partner, as defined.</p>	<p>pdf html</p>	<p>time. SB 419 Simitian D	Solid waste: home-generated sharps. Existing law requires a pharmaceutical manufacturer selling or distributing medication that is intended to be self-injected at home to submit, on an annual basis, to the Department of Resources Recycling and Recovery a plan supporting the safe collection and proper disposal of specified waste devices. The manufacturer is required to post and maintain a copy of the plan on its Internet Web site. This bill would require the above plan to be submitted in an electronic format as prescribed by the department. The bill would require the manufacturer to post and maintain a copy of the plan in a readily accessible location on its Internet Web site. SB 568 Lowenthal D	Recycling: polystyrene food containers. Existing law requires all rigid plastic bottles and rigid plastic containers sold in the state to be labeled with a code that indicates the resin used to produce the rigid plastic bottle or rigid plastic container. The California Integrated Waste Management Act of 1989, administered by the Department of Resources Recycling and Recovery, requires every rigid plastic packaging container, as defined, sold or offered for sale in this state to generally meet one of specified criteria. This bill would prohibit a food vendor, on and after January 1, 2016, from dispensing prepared food to a customer in a polystyrene foam food container and would define related terms. The bill would provide that a food vendor that is a school district is not required to comply with the bill's requirements until July 1, 2017, and would allow a food vendor that is a school	Amended: 7/12/2011 pdf html	9/8/2011 - Ordered to inactive file on request of Assembly Member Allen.	9/8/2011 A . The bill would also allow a food vendor to dispense prepared food to a customer in a polystyrene foam food container after January 1, 2016, in a city or county if the city or county elects to adopt an ordinance establishing a specified recycling program for polystyrene foam food containers , which would be operative, as specified .				
SB 777 Lieu D	Workers' compensation insurance: coverage program. Existing law requires the Labor Commissioner to establish and maintain a program that systematically identifies unlawfully uninsured employers. Existing law requires all state departments and agencies and any rating organization, as specified, to cooperate with the Labor Commissioner and on reasonable request provide information and data in their possession reasonably necessary to carry out the program. This bill would require the Director of Industrial Relations, in consultation with the state department or agency, or rating organization, in possession of the information or data, to determine the reasonableness of any request to provide the information and data. This bill would establish notice requirements for an alleged aggrieved party to follow before bringing an action against a business for an alleged violation of the above-described provisions. The bill would require that party to provide specified notice to the owner of the property, agent, or other responsible party where the alleged violation occurred. The bill would require that owner, agent, or other responsible party to respond within 30 days with a description of the improvements to be made or with a rebuttal to the allegations, as specified. If that owner, agent, or other responsible party elects to fix the alleged violation, the bill would provide 120 days to do so. The bill would provide that its provisions do not apply to claims for recovery of special damages for an injury in fact, and would authorize the court to consider previous or pending actual damage awards received or prayed for by the alleged aggrieved party for the same or similar injury. The bill would further state the intent of the Legislature to institute certain educational programs related to special access laws. This bill contains other related provisions.				
SB 855 Kehoe D	Electric service: direct transactions. Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations and gas corporations, as defined. Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. This bill would modify the annual maximum allowable total kilowatthour limit for each electrical corporation to include the total kilowatthours of new load previously authorized and implemented by the commission pursuant to a specified statute. The bill would require the commission to adopt a specified schedule to phase in the allowable amount of increased kilowatthours by July 1, 2012, instead of July 1, 2010. The bill would change an existing requirement that the commission review and modify its currently effective rules governing direct transactions to instead authorize the commission to perform such review and modification. Under existing law, a county administering CalFresh, and operating an early fraud detection and prevention program in accordance with existing law, is required to make a referral for fraud investigation when reasonable grounds for fraud exist, including when an overpayment or overissuance of benefits, or both, may result from an applicant's failure to report information pertinent to eligibility or benefits. This measure would repeal the existing provisions imposing annual appropriations limits. Commencing in the 2013-14 fiscal year, the measure would instead impose an annual state expenditure limit based on total expenditures in the prior fiscal year, excluding specified amounts allocated to school districts and community college districts to meet a constitutional minimum funding obligation, from General Fund revenues and special fund revenues, adjusted for the percentage change in state population and the percentage change in the cost of living, as specified. The measure would authorize the expenditure limit to be exceeded for an emergency, as defined, declared by the Governor, not including revenue shortfalls, excessive spending, or other similar conditions limiting the ability to fund government operations. The measure would require the Director of Finance to report quarterly on the state's compliance with the expenditure limits for the current fiscal year. Taxation: voter approval. The California Constitution requires that a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax be imposed in an act that is passed with the approval of not less than 2/3 of the membership of each house of the Legislature. This measure would alternatively allow a change in state statute, passed by the Legislature, that results in a taxpayer paying a higher tax to be imposed in an act passed by a majority of the membership of each house of the Legislature, where that change becomes effective only when submitted to the voters and approved by a majority of the voters voting on that measure at a statewide election.
