<a href="#">AB 5</a> <a href="#">Ammiano D</a>	<p><b>Homelessness.</b> Existing law, the Unruh Civil Rights Act, provides that all persons within the state are free and equal, regardless of their sex, race, color, religion, ancestry, national origin, disability, medical condition, genetic information, marital status, or sexual orientation, and are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever. Existing law provides that no person in the state shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, genetic information, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency, is funded directly by the state, or receives any financial assistance from the state. Existing law, the California Fair Employment and Housing Act (FEHA), provides that the opportunity to seek, obtain, and hold employment without discrimination because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation is recognized to be a civil right, and makes it unlawful for an employer to discriminate against those persons with regard to certain employment practices. Under FEHA, existing law makes it unlawful for the owner of any housing accommodation to discriminate against or harass any person because of the race, color, religion, sex, gender, gender identity, gender expression, sexual orientation, marital status,</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. 	<p>national origin, ancestry, familial status, source of income, disability, or genetic information of that person. Under FEHA, existing law imposes duties upon county counsels and county recorders with regard to unlawfully restrictive covenants and Restrictive Covenant Modifications, as specified. This bill would enact the Homeless Person's Bill of Rights and Fairness Act, which would provide that no person's rights, privileges, or access to public services may be denied or abridged because he or she is homeless, has a low income, or suffers from a mental illness or physical disability. The bill would provide that every person in the state, regardless of actual or perceived housing status, income level, mental illness, or physical disability, shall be free from specified forms of discrimination and shall be entitled to certain basic human rights, including the right to be free from discrimination by law enforcement, in the workplace, while seeking or maintaining housing or shelter, and while seeking services. The bill would provide that every person has the right to access public property, possess personal property, access public restrooms, clean water, affordable housing, educational supplies, as specified, emergency and nonemergency health care, confidentiality of medical records, assistance of legal counsel in specified proceedings, and restitution, under specified circumstances. The bill would provide civil and criminal immunity, and immunity from employer retaliation, to a public employee who provides assistance to a homeless person. The bill would require local law enforcement agencies to make specified information available to the public and report to the Attorney General on an annual basis with regard to enforcement of local ordinances against homeless persons and compliance with the act, as specified, thereby imposing a state-mandated local program. The bill would provide for judicial relief and impose civil penalties for a violation of the act. This bill contains other related provisions and other existing laws.</p>				
<p><a href="#">AB 10</a> <a href="#">Alejo D</a></p>	<p><b>Minimum wage: annual adjustment.</b> Existing law requires that, on and after January 1, 2008, the minimum wage for all industries be not less than \$8.00 per hour. This bill would increase the minimum wage, on and after January 1, 2014, to not less than \$8.25 per hour. The bill would further increase the minimum wage, on and after January 1, 2015, to not less than \$8.75 per hour, and on and after January 1, 2016, to not less than \$9.25 per hour. This bill contains other related provisions.</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. <p><a href="#">AB 12</a> <a href="#">Cooley D</a></p>	<p><b>State government: Administrative Procedure Act: standardized regulatory impact analyses.</b> The Administrative Procedure Act governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires each state agency to prepare a standardized regulatory impact analysis, as specified, with respect to the adoption, amendment, or repeal of a major regulation, as defined, that is proposed on or after November 1, 2013. Existing law requires the Department of Finance and the office, from time to time, to review the standardized regulatory impact analyses for adherence to regulations adopted by the department. This bill would instead require the Department of Finance and the office to annually review the standardized regulatory impact analyses for adherence to the regulations adopted by the department. This bill contains other related provisions and other existing laws.</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. <p><a href="#">AB 14</a> <a href="#">Lowenthal D</a></p>	<p><b>State freight plan.</b> Existing law creates the Business, Transportation and Housing Agency in state government, consisting of various departments, including the Department of Transportation, which, among other things, is responsible for the state highway system. Existing law also requires the department to prepare a state rail plan, which contains a freight element. Existing law provides for the state and regional agencies to engage in various transportation planning activities, including goods movement planning activities. Existing federal law provides certain incentives to the states for developing a state freight plan consistent with federal guidelines. This bill would require the Business, Transportation and Housing Agency to prepare a state freight plan with specified elements to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. This bill would require the agency to establish a freight advisory committee with various responsibilities in that regard. The initial state freight plan would be submitted to the Legislature, the Governor, and certain state agencies by December 31, 2014, and updated every 5 years thereafter.</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. PPACA prohibits a group health plan and a health insurance issuer offering group or individual health insurance coverage from imposing any preexisting condition exclusion with respect to that plan or coverage. PPACA allows the premium rate charge by a health insurance issuer offering small group or individual coverage to vary only by family composition, rating area, age, and tobacco use, as specified, and prohibits discrimination against individuals based on health status. This bill would state the intent of the Legislature to enact legislation that would reform the individual health care coverage market consistent with the PPACA. This bill contains other related provisions and other existing laws.</p>				
<p><a href="#">AB 26</a> <a href="#">Bonilla D</a></p>	<p><b>California Global Warming Solutions Act of 2006: Greenhouse Gas Reduction Fund.</b> The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. This bill would make a technical, nonsubstantive change to this provision.</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. Pursuant to these provisions, qualifying entities in those areas may receive certain tax and regulatory incentives. This bill would revise various definitions for purposes of the act and modify specified requirements for designating and administering enterprise zones,</p>	<p>Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>12/4/2012 - From printer. 	LAMBRAs, and G-TEDAs, collectively. The bill would impose new requirements on the Department of Housing and Community Development with respect to the enterprise zone program and modify department and Franchise Tax Board reporting requirements. This bill contains other related provisions and other existing laws.				
<a href="#">AB 31 Pan D</a>	<b>Stabilization and marketing plan for market milk.</b> Existing law empowers the Secretary of Food and Agriculture to formulate stabilization and marketing plans that establish the prices to be paid by milk handlers for specified classes of market milk. Existing law requires the secretary to take relevant economic factors into consideration in establishing the price to be paid for class 4b market milk, which comprises all market milk, market skim milk, or market cream used in the manufacture of cheese other than cottage cheese. This bill would provide a specific formula that the secretary would be required to use to establish the price for class 4b market milk that includes a dry whey value factor that is no less than 80 percent of the dry whey value used in federal milk marketing orders in establishing minimum producer prices. The bill would authorize each handler's milk plant that purchases class 4b market milk to deduct a dry whey credit, as specified. <a href="#">AB 37 Perea D</a>	<b>Environmental quality: California Environmental Quality Act: record of proceedings.</b> The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes a procedure for the preparation and certification of the record of proceedings upon the filing of an action or proceeding challenging a lead agency's action on the grounds of noncompliance with CEQA. This bill would require, until January 1, 2017, the lead agency, at the request of a project applicant, to, among other things, prepare a record of proceedings concurrently with the preparation of negative declarations, mitigated	Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a>	12/4/2012 - From printer. 	negative declarations, EIRs, or other environmental documents for specified projects. Because the bill would require a lead agency to prepare the record of proceedings as provided, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.				
<a href="#">AB 38</a> <a href="#">John A. Pérez</a> D	<b>The California Food, Farms, and Jobs Act.</b> Existing law establishes the Department of Food and Agriculture, which is tasked with, among other things, promoting and protecting the agricultural industry of the state, and seeking, enhancing, protecting, and perpetuating the ability of the private sector to produce food and fiber in a way that benefits the general welfare and economy of the state. Existing law also establishes the California Healthy Food Financing Initiative for the purpose of promoting healthy food access in the state. This bill would express the intent of the Legislature to enact legislation that would establish the California Food, Farms, and Jobs Act, for the purpose of improving state programs that support local and regional farm and food system infrastructure, expanding access to healthy foods for consumers, and creating new job growth and economic development through increasing the number of direct and retail markets. <a href="#">ACA 1</a> <a href="#">Donnelly</a> R	<b>Administrative regulations: legislative approval.</b> The California Constitution provides that the powers of government are legislative, executive, and judicial, and that persons charged with the exercise of one power may not exercise either of the other powers, with specified exceptions. The California Constitution prohibits the Legislature from making a law except by statute and from enacting a statute except by bill. The Legislature may statutorily authorize an administrative agency to adopt regulations to implement, interpret, or make specific the statutes that the agency is charged with enforcing or administering. This measure would require an administrative agency to submit all regulations to the Legislature for approval. This measure would authorize the Legislature, by means of a concurrent resolution, to approve a regulation adopted by an administrative agency of the state. This bill contains other related provisions.	Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a>	12/4/2012 - From printer. May be heard in committee January 3.	12/3/2012 A . PRINT

Existing law makes a knowing or willful violation of the Political Reform Act of 1974 a misdemeanor and subjects offenders to criminal penalties. This bill would declare the intent of the Legislature to enact legislation that would strengthen the Political Reform Act of 1974 and the campaign disclosure requirements within that act to increase penalties for failing to properly disclose campaign contributions, tighten the disclosure requirements on mass mailings, and campaign messages presented through television, and other forms of media, and close the loophole associated with campaign contributions from multipurpose groups and nonprofit organizations.

Existing law makes a knowing or willful violation of the Political Reform Act of 1974 a misdemeanor and subjects offenders to criminal penalties. This bill would declare the intent of the Legislature to enact legislation that would strengthen the Political Reform Act of 1974 and the campaign disclosure requirements within that act to increase disclosure penalties and to strengthen and modify specified existing disclosure requirements and campaign contribution provisions as they relate to particular groups and organizations. This bill would add to that list of acts an act representing a product as made in California, by using a specified Made in California label, unless the product complies with standards adopted by the Governor's Office of Business and Economic Development, to the extent those standards are adopted. The bill would establish the Made in California Program within the office, as provided, and would create the Made in California Fund as a special fund in the State Treasury, which, upon an appropriation of those funds by the Legislature, would be available for that purpose. The bill would require the office to report to the	Introduced: 12/3/2012 <a href="#">pdf</a> <a href="#">html</a>	12/4/2012 - From printer. May be acted upon on or after January 3.	12/3/2012 S . The bill would additionally authorize the office to receive monetary donations and other donations from businesses, nonprofit organizations, or the public, for implementation of the program, as specified, and would authorize the office to charge an application fee for participation in the program.				
<a href="#">SB 18 Hernandez D</a>	<b>Individual health care coverage.</b> Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA) enacts various health care coverage market reforms that take effect January 1, 2014. Among other things, PPACA requires each health insurance issuer that offers health insurance coverage in the individual or group market in a state to accept every employer and individual in the state that applies for that coverage and to renew that coverage at the option of the plan sponsor or the individual. PPACA prohibits a group health plan and a health insurance issuer offering group or individual health insurance coverage from imposing any preexisting condition exclusion with respect to that plan or coverage. PPACA allows the premium rate charge by a health insurance issuer offering small group or individual coverage to vary only by family composition, rating area, age, and tobacco use, as specified, and prohibits discrimination against individuals based on health status. <a href="#">SB 20 Hernandez D</a>	<b>Health care coverage: basic health program.</b> Existing law, the federal Patient Protection and Affordable Care Act (PPACA), requires each state to, by January 1, 2014, establish an American Health Benefit Exchange that makes available qualified health plans to qualified individuals and small employers. PPACA also authorizes the establishment of a basic health program under which a state may, if specified criteria are met, enter into contracts to offer one or more standard health plans providing a minimum level of essential health benefits to eligible individuals instead of offering those individuals coverage through an exchange. This bill would state the intent of the Legislature to enact legislation that would establish a basic health program in California as described in PPACA. Under existing law, the declaration may be filed 90 days after a renewed demand to bargain where the parties have failed to reach agreement for at least one year, the employer committed an unfair labor practice, and the parties have not previously had a binding contract between them or 180 days after an initial request to bargain. This bill would permit the filing of a declaration without having to meet the prior bargaining and time requirements and would expand the definition of an agricultural employer to include subsequent purchasers of an agricultural employer's business where the original employer had an obligation to bargain with its workers. This bill contains other related provisions and other existing laws.</p>	<p>12/3/2012 <a href="#">pdf</a> <a href="#">html</a></p>	<p>printer. May be acted upon on or after January 3.</p>	<p>S . The Fair Political Practices Commission administers and enforces the act. A violation of the act's provisions is punishable as a misdemeanor. This bill would revise the definition of a "contribution" to include payments made by a donor who, at the time of making the payment, knows or has reason to know that the payment, or funds with which the payment will be commingled, will be used to make contributions or expenditures. The bill establishes presumptions as to whether a donor has reason to know that a payment will be used to make contributions or expenditures based on the number of years the recipient has existed and the amount of the recipient's first contribution or expenditure, as specified.
