AB 5 Ammiano D	Homelessness. Existing law provides that no person in the state shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, sexual orientation, color, genetic information, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency, is funded directly by the state, or receives any financial assistance from the state. This bill would enact the Homeless Person's Bill of Rights and Fairness Act, which would provide that no person's rights, privileges, or access to public services may be denied or abridged because he or she is homeless . The bill would provide that every homeless person has the right , among others, to move freely, rest, eat, share, accept, or give food or water, and solicit donations in public spaces, as defined, and the right to lawful self-employment , as specified, confidentiality of specified records, assistance of legal counsel in specified proceedings, and restitution, under specified circumstances. By requiring a county to pay the cost of providing legal counsel, as specified, the bill would increase the duties of local agencies, thereby imposing a state-mandated local program. The bill would provide immunity from employer retaliation to a public employee who provides specified assistance to a homeless person. The bill would require local law enforcement agencies to make specified information available to the public and report to the Attorney General on an annual basis with regard to enforcement of local ordinances against homeless persons and compliance with the act, as specified, thereby imposing a state-mandated local program. The bill would provide for judicial relief and impose civil penalties for a violation of the act. This bill contains other related provisions and other existing laws. 	monthly wage of \$2,000, as specified. This bill contains other related provisions.				
AB 10 Alejo D	Minimum wage: annual adjustment. Existing law requires that, on and after January 1, 2008, the minimum wage for all industries be not less than \$8.00 per hour. This bill would increase the minimum wage, on and after July 1, 2014, to not less than \$9 per hour. The bill would further increase the minimum wage, on and after January 1, 2016, to not less than \$10 per hour. AB 12 Cooley D	State government: Administrative Procedure Act: standardized regulatory impact analyses. The Administrative Procedure Act governs the procedures for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires each state agency to prepare a standardized regulatory impact analysis, as specified, with respect to the adoption, amendment, or repeal of a major regulation, as defined, that is proposed on or after November 1, 2013. Existing law requires the Department of Finance and the office, from time to time, to review the standardized regulatory impact analyses for adherence to regulations adopted by the department. This bill would instead require the Department of Finance and the office to annually review the standardized regulatory impact analyses for adherence to the regulations adopted by the department. This bill contains other related provisions and other existing laws.	Vetoed: 10/11/2013 pdf html	10/11/2013-Vetoed by the Governor	10/11/2013 A. VETOED	
AB 14 Lowenthal D	State freight plan. Existing law creates the Transportation Agency in state government, consisting of various departments, including the Department of Transportation, which, among other things, is responsible for the state highway system. Existing law also requires the department to prepare a state rail plan, which contains a freight element. Existing law provides for the state and regional agencies to engage in various transportation planning activities, including goods movement planning activities. Existing federal law provides certain incentives to the states for developing a state freight plan consistent with federal guidelines. This bill would require the Transportation Agency to prepare a state freight plan with specified elements to govern the immediate and long-range planning activities and capital investments of the state with respect to the movement of freight. The bill would require the agency to establish a freight advisory committee with various responsibilities in that regard. The initial state freight plan would be submitted to the Legislature, the Governor, and certain state agencies by December 31, 2014, and updated every 5 years thereafter. AB 26 Bonilla D	California Global Warming Solutions Act of 2006: Greenhouse Gas Reduction Fund. The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include the use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board from the auction or sale of allowances as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. This bill would specify that moneys from the Greenhouse Gas Reduction Fund are public funds, as defined. The bill would require that, if moneys from the Greenhouse Gas	Amende d: 6/25/2013 pdf html	7/12/2013-Failed Deadline pursuant to Rule 61(a)(10)(SEN). The bill would require that moneys from the Greenhouse Gas Reduction Fund only be made available for work at a refinery if the work is related to complying with a market-based compliance mechanism to reduce greenhouse gas emissions, as specified. This bill contains other related provisions.				
AB 28 V. Manuel Pérez D	Economic development: enterprise zones. The Enterprise Zone Act provides for the designation and oversight by the Department of Housing and Community Development of various types of economic development areas throughout the state, including enterprise zones, targeted tax areas, and manufacturing enhancement areas, collectively known as geographically targeted economic development areas, or G-TEDAs. Pursuant to these provisions, qualifying entities in those areas may receive certain tax and regulatory incentives. This bill would revise various definitions for purposes of the act and modify specified requirements for designating and administering enterprise zones and G-TEDAs, collectively. The bill would impose new requirements on the Department of Housing and Community Development with respect to the enterprise zone program and modify department and Franchise Tax Board reporting requirements. This bill contains other related provisions and other existing laws.	Amended: 4/29/2013 pdf html	2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.	1/31/2014 A. AB 31 Pan D	Milk products: milk prices: dairy industry sustainability. Existing law empowers the Secretary of Food and Agriculture to formulate stabilization and marketing plans that establish the prices to be paid by milk handlers for specified classes of market milk. Existing law requires the secretary to take relevant economic factors into consideration in establishing the price to be paid for class 4b market milk, which comprises all market milk, market skim milk, or market cream used in the manufacture of cheese other than cottage cheese. This bill would make specified legislative findings and declarations regarding challenges faced by the dairy industry and would state specified intents of the Legislature . AB 152 Yamada D	Unemployment: Self-Employment Assistance Program. Existing law provides for the payment of unemployment compensation benefits during the period that a person is unemployed. Existing law imposes various requirements on the payments of benefits, including work search requirements. Existing law also establishes retraining programs for unemployed workers. Prior law, enacted in 1994 and repealed in 2005, established the Self-Employment Assistance Program for displaced workers. This bill would establish a similar Self-Employment Assistance Program, to be administered by the Director of the Employment Development. The bill would provide for a weekly allowance for participants equal to regular unemployment benefits, subject to various limits, and would impose various eligibility requirements upon participants, and would waive requirements relating to job search and self-employment, as specified. This bill contains other related provisions and other existing laws.	Amended: 3/21/2014 pdf html	2/3/2014-From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.	1/31/2014 A. AB 155 Alejo D	Monterey County Water Resources Agency: Salinas River Management Program. Existing law, the Monterey County Water Resources Agency Act, establishes the Monterey County Water Resources Agency as a flood control and water agency within the County of Monterey. This bill would require the agency to establish a multiobjective, multibenefit consensus-based comprehensive Salinas River Management Program and would require the agency to establish a steering committee to develop the program. By requiring the agency to establish a new program, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. AB 158 Levine D	Solid waste: single-use carryout bags. Existing law, until January 1, 2020, requires an operator of a store, as defined, to establish an at-store recycling program that provides to customers the opportunity to return clean plastic carryout bags to that store. The bill would, on and after July 1, 2016, additionally impose these prohibitions and requirements on convenience food stores, foodmarts, and certain other specified stores. This bill contains other related provisions and other existing laws.	Amended: 1/27/2014 pdf html	1/31/2014-Failed Deadline pursuant to Rule 61(b)(3). Existing law, as amended by Proposition 64 at the November 2, 2004, statewide general election, authorizes an action for relief from this prohibited conduct to be brought by the Attorney General, a district attorney, a county counsel, or a city attorney or prosecutor, or by any person who suffered an injury in fact and has lost money or property as a result of the unfair competition, and provides various remedies, including injunctive relief, restitution, and civil penalties. This bill would define the injury in fact required for a private person to bring suit under these provisions as damages suffered by each individual plaintiff or member of a class amounting to at least \$500, adjusted for inflation, as specified. The bill would also provide that it shall become effective only when submitted to, and approved by, the voters of California.</p>	<p>ed: 1/23/2013 pdf html</p>	<p>Deadline pursuant to Rule 61(b)(1). Existing law provides for the federal Supplemental Nutrition Assistance Program (SNAP), under which each county distributes nutrition assistance benefits provided by the federal government to eligible households, and the CalWORKs program, under which each county provides cash assistance and other benefits to qualified low-income families and individuals. In California, federal nutrition assistance benefits are administered through CalFresh. This bill would require the State Department of Social Services, to the extent permitted by federal law, to design and implement a program of categorical eligibility for the purpose of establishing the gross income limit for the federal Temporary Assistance for Needy Families and state maintenance of effort funded service that confers categorical eligibility for any household that is categorically eligible and that includes a member who receives, or is eligible to receive, medical assistance under the Medi-Cal program. Existing law encourages the Department of Food and Agriculture to assist producers in organizing certified farmers' markets, field retail stands, farm stands, and other forms of direct marketing by providing technical advice on marketing methods and in complying with the regulations that affect direct marketing programs. This bill would also encourage the department to assist in organizing community-supported agriculture. The bill would require producers that market whole produce, shell eggs, or processed foods through single-farm or multi-farm community-supported agriculture programs, as defined, to register annually with the department as a California direct marketing producer, and, among other things, to specify whether the producer is part of a single-farm community-supported agriculture program or a multi-farm community-supported agriculture program. The bill would impose specified requirements relating to the labeling and maintenance of consumer boxes and containers that are used in community-supported agriculture programs to deliver farm products, and would require a registered California direct marketing producer to maintain records of the contents and origin of all of the items included in each consumer box or container in accordance with department regulations. The act imposes civil penalties of not more than \$2,500 per day upon persons who violate those prohibitions, and provides for the enforcement of those prohibitions by the Attorney General, a district attorney, or specified city attorneys or prosecutors, and by any person in the public interest. The act requires any person bringing an action in the public interest, or any private person filing an action in which a violation of the act is alleged, to notify the Attorney General, the district attorney, city attorney, or prosecutor in whose jurisdiction the violation is alleged to have occurred, and the alleged violator that such an action has been filed. This bill would require a person filing an enforcement action in the public interest for certain specified exposures to provide a notice in a specified proof of compliance form. The bill would prohibit an enforcement action from being filed by that person, and would prohibit the recovery of certain payments or reimbursements, if the notice to the alleged violator alleges a failure to provide a clear and reasonable warning for those specified exposures and, within 14 days after receiving the notice, the alleged violator corrects the alleged violation, pays a civil penalty in the amount of \$500 per facility or premises, and notifies the person bringing the action that the violation has been corrected pursuant to the specified proof of compliance form. The bill would specify that the alleged violator may correct the violation, pay the civil penalty, and serve a correction notice on the person who served notice of the violation only one time for a violation arising from the same exposure in the same facility or on the same premises. The bill would require the Judicial Council, on April 1, 2019, and at each 5-year interval thereafter, to adjust that civil penalty, as specified. Existing law provides for the Director of the Department of Industrial Relations within the Labor and Workforce Development Agency to oversee and assist the divisions under its jurisdiction with the enforcement of provisions of law related to private employment, including claims for wage and hour violations and occupational safety violations. This bill would authorize both the director and the commissioner, or their deputies, to waive any penalties against an employer if the employer resolves the claim within 30 days of receiving a notice, as specified, from the commissioner. The bill would not apply to violations of minimum wage requirements. Existing law provides that an employee who made a bona fide complaint, and was consequently discharged or otherwise suffered an adverse action, is entitled to reinstatement and reimbursement for lost wages. Existing law makes it a misdemeanor for an employer to willfully refuse to reinstate or otherwise restore an employee who is determined by a specified procedure to be eligible for reinstatement. This bill would also prohibit an employer from retaliating or taking adverse action against any employee or applicant for employment because the employee or applicant has engaged in protected conduct. The bill would expand the protected conduct to include a written or oral complaint by an employee that he or she is owed unpaid wages. The bill would provide that an employee who was retaliated against or otherwise was subjected to an adverse action is entitled to reinstatement and reimbursement for lost wages. The bill would subject a person who violates these provisions to a civil penalty of up to \$10,000 per violation. The bill would also provide that it is not necessary to exhaust administrative remedies or procedures in the enforcement of specified provisions. Because the willful refusal by an employer to reinstate or reimburse an employee who suffered a retaliatory action under these provisions would be a misdemeanor, the bill would expand the scope of a crime and impose a state-mandated local program. AB 282 Wieckowski D	Underground storage tanks: petroleum: charges. Under the existing Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989, every owner of an underground storage tank is required to pay a storage fee for each gallon of petroleum placed in the tank. The fees are required to be deposited in the Underground Storage Tank Cleanup Fund and the State Water Resources Control Board is authorized to expend the moneys in the fund, upon appropriation by the Legislature, for various purposes, including the payment of claims to aid owners and operators of petroleum underground storage tanks who take corrective action to clean up unauthorized releases from those tanks, corrective actions undertaken by the board, a California regional water quality board, or a local agency, the cleanup and oversight of unauthorized releases at abandoned tank sites, and grants to small businesses to retrofit certain hazardous substance underground storage tanks. Existing law repeals the act on January 1, 2016, but specifies that certain associated rights, obligations, and authorities that apply prior to the repeal date do not terminate until the moneys in the fund are exhausted. This bill would require payment of the additional \$0.006 per gallon until January 1, 2016. The bill would extend the repeal date of the fund until January 1, 2018, and make conforming changes. The bill would require the board, no later than January 1, 2015, to make specified information relating to the payment of claims available on its Internet Web site. This bill would constitute a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of 2/3 of the membership of each house of the Legislature. (1) The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Amounts are determined annually by the Office of Emergency Services, and upon collection are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Mobile Telephony Service Surcharge Collection Act (act). The bill would establish a prepaid MTS surcharge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid MTS surcharge would include the emergency telephone users surcharge, as defined, and PUC surcharges, as defined. The bill would require a seller, as defined, to collect the prepaid MTS surcharge, as provided, from a prepaid consumer, as defined, and remit the amounts collected to the State Board of Equalization pursuant to the Fee Collection Procedures Law. Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including electrical and gas corporations, as defined. Existing law authorizes the commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law requires the commission to designate a baseline quantity of electricity and gas necessary to supply a significant portion of the reasonable energy needs of the average residential customer and requires that electrical and gas corporations file rates and charges, to be approved by the commission, providing baseline rates. Existing law requires the commission, in establishing the baseline rates, to avoid excessive rate increases for residential customers. Existing law requires the commission to establish a program of assistance to low-income electric and gas customers, referred to as the California Alternate Rates for Energy (CARE) program. The CARE program provides lower rates to low-income customers that are financed through a separate rate component, which is required to be a nonbypassable element of the local distribution service and collected on the basis of usage. Eligibility for the CARE program is for those electric and gas customers with annual household incomes that are no greater than 200% of the federal poverty guideline levels. This bill would repeal the limitations upon increasing the electric service rates of residential customers, including the rate increase limitations applicable to electric service provided to CARE customers, but would require the commission, in establishing rates for CARE program participants, to ensure that low-income ratepayers are not jeopardized or</p>	<p>Chaptered: 10/7/2013 pdf html</p>	<p>10/7/2013-Chaptered by Secretary of State - Chapter 611, Statutes of 2013.</p>	<p>10/7/2013 A. The bill would require that this needs assessment be performed not less often than every 3rd year. The bill would revise the CARE program eligibility requirements to provide that for one-person households, program eligibility would be based on 2-person household guideline levels. The bill would require the commission, when establishing the CARE discounts for an electrical corporation with 100,000 or more customer accounts in California, to ensure that the average effective CARE discount be no less than 30% and no more than 35% of the revenues that would have been produced for the same billed usage by non-CARE customers and that the entire discount be provided in the form of a reduction in the overall bill for the eligible CARE customer. The bill would require that increases to rates and charges in rate design proceedings, including any reduction in the CARE discount, be reasonable and subject to a reasonable phase-in schedule relative to the rates and charges in effect prior to January 1, 2014. The bill would authorize the commission to approve new, or expand existing, fixed charges, as defined, for an electrical corporation for the purpose of collecting a reasonable portion of the fixed costs of providing service to residential customers. The bill would require the commission to ensure that any new or expanded fixed charges reasonably reflect an appropriate portion of the different costs of serving small and large customers, do not unreasonably impair incentives for conservation and energy efficiency, and do not overburden low-income and moderate-income customers. The bill would impose a \$10 limit per residential customer account per month for customers not enrolled in the CARE program, would impose a \$5 per month limit per residential customer account per month for customers enrolled in the CARE program, and would, beginning January 1, 2016, authorize the commission to adjust this maximum allowable fixed charge by no more than the annual percentage increase in the Consumer Price Index for the prior calendar year. The bill would authorize the commission to consider whether minimum bills are an appropriate substitute for any fixed charges. Existing law requires junk dealers and recyclers, as defined, to maintain written records of all sales and purchases made in the course of their business, and makes a violation of the recordkeeping requirements a misdemeanor. Existing law prohibits a junk dealer or recycler from providing payment for nonferrous material, as defined, unless the payment is made by cash or check, the check is mailed or the cash or check is provided no earlier than 3 days after the date of sale, and the dealer or recycler obtains a photograph or video of the seller and certain other identifying information, as specified, which information is to be retained by the dealer or recycler, as part of the written record of purchases, for a specified period of time. This bill would require junk dealers and recyclers to obtain specified information before providing payment for nonferrous materials marked with an indicia of ownership, as defined, and would require that this information be retained as part of the written record of purchases. Existing law, the federal Patient Protection and Affordable Care Act, requires applicable large employers, as defined, who offer full-time employees and their dependents the opportunity to enroll in minimum essential coverage and for whom one full-time employee has been certified as having enrolled in a qualified health plan for which a premium tax credit or cost-sharing reduction is allowed or paid, to pay a specified fee. This bill would , commencing January 1, 2015, require a large employer, as defined, to pay the Employment Development Department an employer responsibility penalty for each covered employee, as defined, enrolled in Medi-Cal based on the average cost of employee-only coverage provided by large employers to their employees, including both the employer's and employee's share of the premiums, as specified. The bill would assess interest of 10% per annum on employer responsibility penalties not paid on or before the date payment is due, as specified, and would require a large employer subject to an employer responsibility penalty to pay a penalty, as specified, for any employer responsibility penalty payment that is more than 60 days overdue. The bill would establish the Employer Responsibility for Medi-Cal Trust Fund, which would consist of the penalty amounts and interest collected pursuant to these provisions and would require that , upon appropriation, the moneys in the fund be used by the State Department of Health Care Services to provide payment for the nonfederal share of Medi-Cal costs for covered employees, to increase reimbursement to providers of care by providing supplemental Medi-Cal	Amended: 6/24/2013 pdf html	2/3/2014-Died on inactive file.	2/3/2014 A. The revenues from this fee are to be used for specified administrative costs, to fund increased certified access specialist (CASp) services in the jurisdiction for the public, and to facilitate compliance with construction-related accessibility requirements. Existing law requires each city, county, or city and county, commencing March 1, 2014, to annually report to the Legislature regarding the collection and distribution of disability access fees in the previous calendar year, as prescribed. The California Global Warming Solutions Act of 2006, hereafter the Global Warming Solutions Act, designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include use of market-based compliance mechanisms. Existing law requires all moneys, except for fines and penalties, collected by the state board as part of a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund and to be available upon appropriation by the Legislature. Existing law requires the Department of Finance, in consultation with the state board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. Existing law permits moneys from the fund be allocated for the research, development, and deployment of innovative technologies, measures, and practices related to programs and projects funded under the Global Warming Solutions Act. This bill would create the Clean Technology Investment Account within the Greenhouse Gas Reduction Fund and would require the Legislature to annually appropriate moneys from the Greenhouse Gas Reduction Fund into the Clean Technology Investment Account. This bill would make those moneys available to the state board for the purposes of accelerating the development, demonstration, and deployment of clean technologies that will reduce greenhouse gas emissions and foster job creation in the state. AB 1386 Committee on Labor and Employment	Employment: employee complaints: final orders. Existing law vests with the Labor Commissioner the authority to hear employee complaints regarding the payment of wages and other employment-related issues. Existing law requires the Labor Commissioner to file an order, decision, or award within 15 days of hearing an employee complaint. If no party to the action appeals the order, decision, or award within 10 days after its service, existing law provides that the order, decision, or award becomes the final order for the action. The Labor Commissioner is required to file the final order with the clerk of the superior court of the appropriate county within 10 days of the order, decision, or award becoming the final order for the action, unless the parties reach a settlement approved by the Labor Commissioner. Existing law then requires the clerk of the superior court to enter judgment in conformity with the final order, which has the same force and effect as a judgment entered in a civil action. This bill would provide that, under the above provisions, upon an order becoming final, a lien is created and the Labor Commissioner may record a certificate of lien, as specified, with the county recorder of any county in which the employer's property may be located. Existing law deems an individual unemployed in any week if the individual works less than his or her normal weekly hours of work for the individual's regular employer as the result of a plan by the employer, in lieu of layoff, to reduce employment and stabilize the work force by work sharing. Existing law requires that plan to have been approved by the Director of Employment Development, pursuant to prescribed requirements. Existing law requires the plan to involve the participation of at least two employees and include not less than 10 percent of the employer's regular permanent work force, as specified. Existing law requires an approved plan to expire 6 months after its effective date. Existing law provides that employees participating are eligible to receive unemployment compensation benefits in an amount equal to the percentage of reduction of the employee's wages resulting from an approved plan, as specified. This bill would limit the application of these provisions to work sharing plans that become effective before July 1, 2014. Existing law also requires jurisdictions to implement a commercial solid waste recycling program meeting specified elements. Existing law defines commercial solid waste by reference to a specified regulation. This bill instead would define commercial solid waste to include all types of solid waste generated by a store, office, or other commercial or public entity source, including a business or a multifamily dwelling of 5 or more units, thereby imposing a state-mandated local program by imposing new requirements upon local jurisdictions. This bill, as of January 1, 2017, would redefine "restricted drug" to also include a livestock drug that is recognized by either the Center for Disease Control and Prevention or the World Health Organization to increase the prevalence of antibiotic-resistant bacteria, as specified. The bill would prohibit registration of a restricted drug if the director finds that the restricted drug poses a risk to public health through the increased prevalence of antibiotic-resistant bacteria. Existing law requires each city, county, and regional agency, if any, to develop a source reduction and recycling element of an integrated waste management plan. The act requires the source reduction and recycling element to divert from disposal 50% of all solid waste subject to the element through source reduction, recycling, and composting activities, with specified exceptions. Under the act, the use of solid waste for beneficial reuse in the construction and operation of a solid waste landfill, including the use of alternative daily cover, constitutes diversion through recycling and is not considered disposal. This bill would authorize the department, if the department makes a specified determination, to adopt regulations to provide that the use of green material as alternative daily cover or alternative intermediate cover does not constitute diversion through recycling and would be considered disposal for purposes of the act.	014 pdf html

Pursuant to this requirement, the commission adopted Decision 01-03-073, dated March 27, 2001, that established program incentives for demand-responsiveness and self-generation that were modified in later decisions. This bill would authorize the Public Utilities Commission, in consultation with the State Energy Resources Conservation and Development Commission, to authorize the annual collection of not more than the amount authorized for the self-generation incentive program in the 2008 calendar year, through December 31, 2020, and would require the Public Utilities Commission to require electrical corporations to administer the program for distributed energy resources originally established pursuant to the above-described former law through and including December 31, 2021. Existing law authorizes the division to conduct hearings, inspections, and investigations regarding alleged violations of employment safety laws and to issue a citation for a violation of those laws, including violations that regulations adopted by the division classify as serious, repeat, or willful violations. Existing law establishes the Occupational Safety and Health Appeals Board in the department, and prescribes procedures for the appeals board to hear and decide appeals of a citation. Regulations adopted by the appeals board generally stay the abatement period of a citation until the conclusion of the appeal. This bill would prohibit the stay of an abatement period during the pendency of an appeal of a citation for a violation that is classified as a serious violation, repeat serious violation, or willful serious violation. Existing law makes it a violation of law, including, but not limited to, a violation of the Unruh Civil Rights Act, to discriminate against an individual because he or she holds or presents a driver's license issued under these provisions. This bill would prohibit a governmental authority, or agent of a governmental authority, or person acting on behalf of a governmental authority, from discriminating against an individual because he or she holds or presents a license issued pursuant to those provisions. AB 1717 Perea D	Telecommunications: prepaid mobile telephony services: state surcharge and fees: local charges collection. The existing Emergency Telephone Users Surcharge Act generally imposes a surcharge on amounts paid by every person in the state for intrastate telephone service to provide revenues sufficient to fund "911" emergency telephone system costs. Amounts are determined annually by the Office of Emergency Services, and upon collection are paid to the State Board of Equalization on a monthly basis by the telephone service supplier and are deposited into the State Treasury to the credit of the State Emergency Telephone Number Account in the General Fund, to be expended for limited purposes, including to pay the Department of General Services for its costs in administration of the "911" emergency telephone number system. This bill would enact the Prepaid Mobile Telephony Service Surcharge Collection Act. The bill would establish a prepaid MTS surcharge, as defined, based upon a percentage of the sales price of each retail transaction that occurs in this state for prepaid mobile telephony services, as defined. The prepaid MTS surcharge would include the emergency telephone users surcharge, as defined, and PUC surcharges, as defined. SB 20 Hernandez D	Health care: workforce training. Existing law provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and imposes certain requirements on health care service plans. Existing law imposes, for certain violations of these provisions, various fines and administrative penalties, which are deposited in the Managed Care Administrative Fines and Penalties Fund. Existing law requires the first \$1,000,000 in the fund to be transferred each year to the Medically Underserved Account for Physicians in the Health Professions Education Fund for purposes of the Steven M. Thompson Physician Corps Loan Repayment Program. Existing law requires all remaining funds to be transferred each year to the Major Risk Medical Insurance Fund for purposes of the Major Risk Medical Insurance Program. This bill, beginning on the date that the Major Risk Medical Insurance Program becomes inoperative, would instead require all the funds in the Managed Care Administrative Fines and Penalties Fund to be transferred each year to the Medically Underserved Account for Physicians in the Health Professions Education Fund for purposes of the Steven M. Thompson Physician Corps Loan Repayment Program. The bill would require the Director of Finance to notify the Joint Legislative Budget Committee in that regard. SB 25 Steinberg D	Agricultural labor relations: contract dispute resolution. Existing law specifies the time for filing a declaration by an agricultural employer, as defined, or a certified labor organization representing agricultural employees that the parties have failed to reach a collective bargaining agreement, thus triggering mandatory mediation. Under existing law, the declaration may be filed under specified circumstances, including 90 days after a renewed demand to bargain where the parties have failed to reach agreement for at least one year, the employer committed an unfair labor practice, and the parties have not previously had a binding contract between them. This bill would require the agricultural employer or labor organization filing the declaration to additionally declare that it has made itself available to meet and bargain with the other party at reasonable times and places during the applicable period. This bill would permit the filing of a declaration as described above without having to meet the condition that the parties have not previously had a binding contract between them. SB 118 Lieu D	Unemployment insurance: education and workforce investment systems. Existing law provides that the California Workforce Investment Board is responsible for assisting the Governor in the development, oversight, and continuous improvement of California's workforce investment system. Existing law further provides that the board must assist the Governor in targeting resources to specified high-wage industry sectors and providing guidance to ensure that services reflect the needs of those sectors. This bill would provide that the board is also responsible for assisting the Governor in the alignment of the education and workforce investment systems to the needs of the 21st century workforce and the promotion of the development of a well-educated and highly skilled 21st century economy and workforce. This bill would require the board to assist the Governor in targeting resources to specified industry clusters that provide economic security and leverage state and federal funds to ensure that resources are invested in activities that meet the needs of specified industry sectors and advance the education and employment of students and workers so they can meet the specified needs of the state, its regional economies, and leading industry sectors. Existing law requires a pharmacy to submit its request for payment with an itemization of services provided and the charge for each service, a copy of all reports showing the services performed, the prescription or referral from the primary treating physician if the services were performed by a person other than the primary treating physician, and any evidence of authorization for the services that may have been received. This bill would prohibit a copy of the prescription from being required with a request for payment of pharmacy services, unless the provider of services has entered into a written agreement, as provided, that requires a copy of a prescription for a pharmacy service, and would give any entity until March 31, 2014, to resubmit pharmacy bills for payment, originally submitted on or after January 1, 2013, where payment was denied because the bill did not include a copy of the prescription from the treating physician. The bill would also clarify that an employer, insurer, pharmacy benefits manager, or 3rd-party claims administrator would not be precluded from requesting a copy of a prescription during a review of any records of prescription drugs dispensed by a pharmacy. Existing law prohibits a person from transacting any class of insurance business, including health insurance, in this state without first being an admitted insurer. Under existing law, admission is secured by procuring a certificate of authority from the Insurance Commissioner. Existing law prohibits a health insurance policy from being issued or delivered to any person in this state unless specified requirements have been met, including that a copy of the form and premium rates are filed with the commissioner. Under existing law, if the commissioner notifies the health insurer that the filed form does not comply with specified requirements, it is unlawful for that health insurer to issue any health insurance policy in that form. This bill would prohibit a stop-loss insurer, as defined, from excluding any employee or dependent on the basis of actual or expected health status-related factors, as specified. Except as specified, the bill would require a stop-loss insurer to renew, at the option of the small employer, all stop-loss insurance policies. The bill would prohibit a stop-loss insurance policy issued, reissued, or renewed on or after January 1, 2014, and prior to January 1, 2016, except as provided, to a small employer from containing certain individual or aggregate attachment points for a policy year or providing direct coverage, as defined, of an employee or his or her dependent. The bill would require a stop-loss insurer to report to the Department of Insurance, on April 1, 2014, and annually thereafter, the number of small employer stop-loss policies it had issued and in effect in the previous year, as specified. The bill would make a stop-loss insurer in violation of these provisions subject to administrative penalties and would prohibit the act from affecting the ongoing operations of multiple employer welfare arrangements that provide health care benefits to their members on a self-funded or partially self-funded basis and that comply with small group health reforms. Among other things, PPACA allows the premium rate charged by a health insurance issuer offering small group or individual coverage to vary only by family composition, rating area, age, and tobacco use, as specified, and prohibits discrimination against individuals based on health status, as specified. PPACA prohibits a health insurance issuer from requiring any individual to pay a premium or contribution that is greater than the premium or contribution paid by a similarly situated individual on the basis of any health status-related factor and prohibits construing this provision to prevent a group health insurance issuer from establishing premium discounts or rebates or modifying copayments or deductibles in return for adherence to wellness programs, as specified. This bill, until January 1, 2020, would prohibit a health care service plan or health insurer from offering a wellness program in connection with a group health care service plan contract or group health insurance policy, or offering an incentive or reward under a group health care service plan contract or group health insurance policy, based on adherence to a wellness program, unless specified requirements are satisfied. That repository is known as the Hazard Evaluation System and Information Service (HESIS). Existing law requires the HESIS, among other things, to provide information and collect and evaluate data relating to possible hazards to employees resulting from exposure to toxic materials or harmful physical agents. Existing law expressly does not require employers to report any information not otherwise required by law. This bill, except as specified, when there is new scientific or medical information and the Chief of HESIS, in consultation with the Chief of the Division of Environmental and Occupational Disease Control in DPH, makes a specified determination, would require chemical manufacturers, formulators, suppliers, distributors, importers, and their agents to provide to HESIS the names and addresses of their customers who have purchased specified chemicals or commercial products containing those chemicals, and certain other information related to those shipments , upon written request of HESIS, for every product the final destination of which may be a place of employment in California . The bill would deem the names and addresses of customers , the quantities and dates of shipments, and the proportion of a specified chemical within a mixture to be confidential. The bill would authorize the directions for use, as specified, to be translated into additional non-English languages if a trained and qualified translator or translation service, as defined, is utilized to complete the additional translations. The bill would authorize a pharmacist to use the English language directions for use, as specified, if he or she reasonably believes a translation of the directions for use contains an error due to software or equipment malfunction. The bill would also provide that a pharmacist that reasonably uses the translations of the directions for use in non-English languages published on the board's Internet Web site has not breached his or her legal duty if the published translations contain an error and the pharmacist did not know, or did not have reason to know, of the error. The bill would require that the board's English language directions for use be provided in each instance in which a non-English translation of the directions for use is used. SB 242 Wyland R	Toll collection: alternative technologies. Existing law requires the Department of Transportation, in cooperation with the Golden Gate Bridge, Highway and Transportation District and all known entities planning to implement a toll facility, to develop and adopt functional specifications and standards for an automatic vehicle identification system, as specified, and generally requires any automatic vehicle identification system purchased or installed after January 1, 1991, to comply with those specifications and standards. Existing federal law, pursuant to the Moving Ahead for Progress in the 21st Century Act, requires all toll facilities on federal-aid highways to implement technologies or business practices that provide for the interoperability of electronic toll collection programs no later than a specified date. This bill would authorize the Department of Transportation and local and regional transportation agencies with existing or planned toll facilities to conduct a pilot project that uses automated toll collection technologies as an alternative to the existing radio-frequency identification tolling technology, in order to identify opportunities to facilitate lower cost tolling infrastructure, lower related operating costs, and more rapid deployment of high-occupancy toll lane networks. The bill would allow the test of tolling technologies that may not meet the interoperability requirements in existing law. The bill would authorize pilot projects in that regard for a period of up to 4 years . Existing law, until January 1, 2020, requires an operator of a store, as defined, to establish an at-store recycling program that provides to customers the opportunity to return clean plastic carryout bags to that store. The bill would require a reusable grocery bag that a store is required to sell on and after July 1, 2016, to meet specified requirements. A violation of that requirement and the requirements that would be imposed upon grocery bag producers to submit certain laboratory test results would be subject to an administrative civil penalty assessed by the Department of Resources Recycling and Recovery. The department would be required to deposit these penalties into the Reusable Bag Account, which would be created in the Integrated Waste Management Fund, for expenditure by the department, upon appropriation by the Legislature, to implement those requirements. Existing law establishes the Division of Labor Standards Enforcement (DLSE) in the Department of Industrial Relations for the enforcement of labor laws, including wage claims. This bill would make that prohibition applicable to any meal or rest or recovery period mandated by applicable statute or applicable regulation, standard, or order of the IWC, the Occupational Safety and Health Standards Board, or the Division of Occupational Safety and Health. The bill would authorize a piece-rate worker, pursuant to a civil action or a claim filed with DLSE, to recover his or her unpaid average piece-rate wage for each rest or recovery period in which a violation of these provisions occurred. The bill would provide that it does not apply to an employee whose wages, hours, and working conditions are covered by a collective bargaining agreement that expressly addresses rest or recovery periods for employees paid on a piece-rate basis, or to employees exempt under specified law.				
SB 462 Monning D	Employment: compensation. This bill would make the award of attorney's fees and costs where the prevailing party is not an employee contingent on a finding by the court that the employee brought the court action in bad faith. SB 465 Correa D	Packaging and labeling: containers: slack fill. Existing law establishes the Department of Food and Agriculture and sets forth its powers and duties, including, but not limited to, enforcement of the Fair Packaging and Labeling Act. The act prohibits specified persons from distributing any packaged commodity that is not in conformity with prescribed packaging and labeling requirements, except as provided. The act prohibits a container wherein commodities are packed to have a false bottom, false sidewalls, false lid or covering, or to be constructed or filled as to facilitate the perpetration of deception or fraud. The act prohibits a commodities container, or a food container subject to the Federal Food, Drug, and Cosmetic Act from being made, formed, or filled as to be misleading. The act provides that a container that does not allow a consumer to fully view its contents violates this provision if it contains nonfunctional slack fill. The act provides that nonfunctional slack fill is the empty space in a package that is filled to less than its capacity for other than specified reasons. However, existing law provides that these state provisions regarding food containers are operative only to the extent they are identical to specified federal requirements. This bill would instead define nonfunctional slack fill for all of these provisions as the empty space in a package that is filled to substantially less than its capacity for other than any one or more of the applicable reasons. The bill would provide that slack fill in a package shall not be used as grounds to allege a violation of the applicable provisions based solely on its presence in any of these types of packages unless it is nonfunctional slack fill, except that, for food containers, this would be operative only to the extent it is identical to the federal requirement. This bill would change the definition of a foreign labor contractor to mean a person who performs foreign labor contracting activity, as defined, and would require a foreign labor contractor to register with the Labor Commissioner and would impose certain conditions for registration, including payment of specified fees. The bill would require the commissioner to enforce and administer the registration and supervision of foreign labor contractors, and would authorize the commissioner to adopt regulations or policies and procedures to implement these provisions. The bill would prohibit a person from knowingly entering into an agreement for the services of a foreign labor contractor that is not registered with the commissioner. The bill would also require foreign labor contractors to disclose specified information and deposit with the commissioner a surety bond in a specified amount, for payment of any amount adjudicated against the foreign labor contractor, as a condition of registration, as specified. This bill would revise and recast the area and business plan requirements and, among other things, would require instead that a unified program agency enforce these requirements. The bill would instead require the inspection program that is part of the unified program to include the onsite inspections of businesses and would delete the requirement to institute a data management system. The bill would require the unified program agency to provide to agencies that have certain shared responsibilities access to information collected in the statewide information management system and would require handlers to submit certain information to that system, as specified. SB 498 Lara D	<p>Solid waste: biomass conversion. The California Integrated Waste Management Act of 1989, which is administered by the Department of Resources Recycling and Recovery, requires each city, county, and regional agency, if any, to develop a source reduction and recycling element of an integrated waste management plan. With certain exceptions, the source reduction and recycling element of that plan is required to divert 50% of all solid waste, through source reduction, recycling, and composting activities. Existing law allows the 50% diversion requirement to include not more than 10% through transformation or "biomass conversion," as defined, if specified conditions are met. The act defines "biomass conversion," to mean the controlled combustion used for the production of heat or electricity of specified materials for the purposes of the act. This bill would revise the definition of the term "biomass conversion" to mean the production of heat, fuels, or electricity by the controlled combustion of, or the use of other noncombustion thermal technologies on, those specified materials.</p>	Amended: 1/27/2014 014 pdf html	1/28/2014-In Assembly. This bill would require a social networking Internet Web site, as defined, to remove the personal identifying information, as defined, of any registered user that is accessible online, within 96 hours after his or her request and would also require removal of that information in that same manner regarding a user under 18 years of age upon request by the user's parent or legal guardian. The bill would also authorize a social networking Internet Web site to require a request submitted for the removal of personal identifying information to include a specified statement. The bill would not require removal or elimination of the personal identifying information if federal or state law otherwise requires the social networking Internet Web site to maintain the information. Existing law does not classify ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine within any of these 5 schedules, but provides that it is a crime, punishable as specified, for a person in this state who engages in specified transactions involving those drugs to fail to submit a report to the Department of Justice of all of those transactions, or to fail to submit an application to, and obtain a permit for the conduct of that business from, the Department of Justice, as specified. This bill would additionally require the above mentioned notices to be filed with both the Office of Planning and Research and the county clerk and be posted by the county clerk for public review. The bill would require the county clerk to post the notices within one business day, as defined, of receipt and stamp on the notice the date on which the notices were actually posted. CEQA requires the guidelines to include a list of classes of projects that have been determined not to have a significant effect on the environment and to exempt those classes of projects from CEQA. These are referred to as categorical exemptions. This bill would , for purposes of the new information exception to the prohibition on requiring a subsequent or supplemental EIR, specify that the exception applies if new information that becomes available was not known and could not have been known by the lead agency or any responsible agency at the time the EIR was certified as complete. The bill would authorize the office, by July 1, 2015, to draft and transmit to the secretary revisions to the guidelines to include as a categorical exemption projects involving minor temporary uses of land and public gatherings that have been determined not to have a significant effect on the environment. The bill would require the secretary, if the Office of Planning and Research transmits the revisions to the secretary , to certify and adopt the proposed revisions to the guidelines by January 1, 2016 . Existing federal law provides for the federal Supplemental Nutrition Assistance Program (SNAP), under which nutrition assistance benefits are allocated to each state by the federal government. Under existing state law, the CalFresh program, California's federal allocation is distributed to eligible individuals by each county. Existing law requires that the eligibility of households be determined to the extent permitted by federal law, and requires the State Department of Social Services to establish a program of categorical eligibility for CalFresh in accordance with federal law. Existing law requires each county welfare department to carry out the local administrative responsibilities of this program, subject to the supervision of the department and to rules and regulations adopted by the department. This bill would require the department to issue guidance to simplify the verification of dependent care expense deductions necessary to determine a household's eligibility for, or the benefit level of, CalFresh. SB 673 DeSaulnier D	County employees' retirement: Contra Costa County. The County Employees Retirement Law of 1937 authorizes counties and districts to establish retirement systems pursuant to its provisions in order to provide pension benefits to their employees. The law defines a district for these purposes and includes specified county retirement systems within that definition. The law generally provides that the personnel of a county retirement system are county employees, but also authorizes the board of retirement in specified counties to appoint certain personnel who are designated employees of the retirement system. This bill would make the Contra Costa County retirement system for purposes of the County Employees Retirement Law of 1937. The bill would authorize the board of retirement to appoint a retirement administrator and other personnel as required to accomplish the necessary work of the board and would authorize the administrator to make appointments on its behalf. The bill would provide that these employees are employees of the retirement system, not the county, and would except them from civil service provisions and merit system rules that would otherwise apply. The bill would make the retirement board a public agency for purposes of collective bargaining and provide that the compensation of the personnel so employed by the board is an expense of the system. SB 700 Wolk D	Natural resources: parks: carryout bags. Existing law requires an operator of a store, as defined, to establish an at-store recycling program that provides to customers the opportunity to return clean plastic carryout bags to that store. This requirement is repealed on January 1, 2013. Existing law prohibits a city, county, or other local public agency from taking specified regulatory actions with regard to the recycling of plastic carryout bags. Existing law provides for the enforcement of those provisions by local agencies and by the state and requires the civil penalties collected by the state to be expended by the Attorney General, upon appropriation by the Legislature, to implement these requirements. This bill would require a retail establishment, as defined, to collect a charge of \$0.05 for each single-use carryout bag provided to a customer. The bill would require the retail establishment to retain \$0.005 of that charge and would allow a retail establishment to retain an additional \$0.005 if the retail establishment credits the consumer no less than \$0.05 for each carryout bag provided by the consumer for packaging his or her purchases, and meets other requirements. <p>SB 731 Steinberg D</p>	<p>Environment: California Environmental Quality Act. The California Environmental Quality Act, or CEQA, requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report, or EIR, on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires the Office of Planning and Research to develop and prepare, and the Secretary of the Natural Resources Agency to certify and adopt, guidelines for the implementation of CEQA by public agencies. CEQA establishes a procedure for the preparation and certification of the record of proceedings upon the filing of an action or proceeding challenging a lead agency's action on the grounds of noncompliance with CEQA. CEQA establishes time periods within which a person is required to bring a judicial action or proceeding to challenge a public agency's action taken pursuant to CEQA. This bill would provide that aesthetic and parking impacts of a residential, mixed-use residential, or employment center project, as defined, on an infill site, as defined, within a transit priority area, as defined, shall not be considered significant impacts on the environment. The bill would require the office to prepare and submit to the Secretary of the Natural Resources Agency, and the secretary to certify and adopt, revisions to the guidelines for the implementation of CEQA establishing thresholds of significance for noise and transportation impacts of projects within transit priority areas. The bill would require the office, on or before July 1, 2015, to prepare, develop, and transmit to the secretary recommended proposed changes or amendments to the guidelines establishing criteria for a lead agency to assess the need for translating specified notices into non-English languages and requirements for the posting of those notices in non-English languages. Because the bill would require the development of guidelines that would require a lead agency to translate notices into non-English languages and to post those translated notices, this bill would impose a state-mandated local program. The bill would require the office to produce a report on economic displacement and would require the office to publicly circulate a draft of the report. The bill would require the lead agency, in making specified findings, to make those findings available to the public at least 10 days prior to the adoption of the findings and to provide specified notice of the availability of the findings for public review. Because the bill would require the lead agency to make the draft finding available for public review and to provide specified notices to the public, this bill would impose a state-mandated local program. The bill would authorize the tolling of the time period in which a person is required to bring a judicial action or proceeding challenging a public agency's action taken pursuant to CEQA through a tolling agreement that does not exceed 4 years. Existing law requires the State Board of Equalization to annually adjust the excise tax rate for the state's next fiscal year so that the revenues from the sales and use tax exemption and motor vehicle fuel excise tax increase are revenue neutral. This bill would eliminate the requirement that the State Board of Equalization adjust the rate of the excise tax on motor vehicle fuel, and instead would require the Department of Finance to annually calculate that rate and report that calculated rate to the Joint Legislative Budget Committee. SB 913 DeSaulnier D	Vehicular air pollution: vehicle retirement. Existing law creates an enhanced fleet modernization program for the retirement of high polluting vehicles to be administered by the Bureau of Automotive Repair in the Department of Consumer Affairs pursuant to guidelines adopted by the State Air Resources Board. Existing law requires the department to pay a person who retires his or her vehicle \$1,500 for a low-income motor vehicle owner, as defined, and \$1,000 for all other motor vehicle owners, and authorizes additional payments above these amounts based on consideration of specified criteria. This bill would require the guidelines adopted by the state board to additionally include specific goals for retirement and replacement of passenger vehicles and light- and medium-duty trucks that are high polluters. The bill would require the state board and the bureau to cooperate in the issuance of a specified number of replacement vouchers through the Enhanced Fleet Modernization Program for specified fiscal years and a specified number of retirement vouchers through the Consumer Assistance Program and the Enhanced Fleet Modernization Program for specified fiscal years. The bill would state the intent of the Legislature regarding the funding of these activities. This bill contains other existing laws. The violation of these provisions, except as provided, is punishable by imprisonment in the county jail not to exceed one year, or in the state prison, or by a fine of not more than \$20,000, or by both the fine and imprisonment, at the discretion of the court. This bill would raise the limit of the fine to not more than \$50,000.				
SB 919 Wright D	Employees: wage disputes. Existing law authorizes the Labor Commissioner to investigate employee complaints and enforce statutes and orders of the Industrial Welfare Commission that, among other things, specify the requirements for the payment of wages by employers. Under existing law, the Labor Commissioner is authorized to provide for a hearing for an action to recover wages, penalties, and other demands for compensation, as specified. Existing law requires a party who receives actual notice of a wage dispute claim before the Labor Commissioner to notify the commissioner in writing of any change in the party's business or personal address, as specified, for purposes of being served with a notice of hearing on the matter. This bill would provide that a party that has failed, without just and substantial cause, to timely provide the above-described change of address information is subject to repayment of treble the amount of all costs incurred by the opposing party in attempting to perfect service. The bill would allow for a default to be taken against a defendant that has willfully evaded service of process to avoid responsibility for unpaid wages or penalties, under specified circumstances. This bill contains other related provisions and other existing laws.	Introduced: 1/27/2014 pdf html	1/28/2014-From printer. May be acted upon on or after February 27.	1/27/2014 S. PRINT	
SB 935 Leno D	Minimum wage: annual adjustment. Existing law requires that, on and after July 1, 2014, the minimum wage for all industries be not less than \$9 per hour. Existing law further increases the minimum wage, on and after January 1, 2016, to not less than \$10 per hour. This bill would increase the minimum wage, on and after January 1, 2015, to not less than \$11 per hour, on and after January 1, 2016, to not less than \$12 per hour, and on and after January 1, 2017, to not less than \$13 per hour. The bill would further increase the minimum wage annually thereafter, to maintain employee purchasing power. The automatically adjusted minimum wage would be calculated using the California Consumer Price Index, as specified. The bill would prohibit the Industrial Welfare Commission from adjusting the minimum wage downward and from adjusting the minimum wage if the average percentage of inflation for the previous year was negative. The bill would require the Industrial Welfare Commission to publicize the automatically adjusted minimum wage. This bill contains other related provisions. SB 941 Monning D	Vessel operator cards. Existing law prohibits the operation or navigation of a for-hire vessel, as defined, in the waters of California while carrying passengers, except by a person who holds a valid operator's license issued by the Division of Boating and Waterways. Under existing law, a person applying for an operator's license is required to undergo an examination, that may include, among other things, an inspection of the for-hire vessel. This bill would prohibit the operation of a vessel that is propelled by an engine in the waters of the state except by a person who is in possession of a valid vessel operator card developed and issued by the division, and would impose that prohibition on persons pursuant to a specified schedule. The bill would exempt certain persons from that	Introduced: 2/4/2014 pdf html	2/20/2014-Referred to Com. on N.R. & W.	2/20/2014 S. N.R. & W.

SB 964 Hernandez D	Health care service plans: medical surveys. Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. Existing law establishes the California Health Benefit Exchange for the purpose of facilitating the enrollment of qualified individuals and small employers in qualified health plans. This bill would specify that a plan that provides services solely to Medi-Cal beneficiaries is not exempt from the medical survey with respect to quality management, utilization review, timely access, network adequacy, and any other requirements related to access and availability, except as specified. The bill would require a plan that provides services to Medi-Cal beneficiaries, except for a plan that serves Medi-Cal beneficiaries exclusively, and a plan that provides services to enrollees in the California Health Benefit Exchange to be surveyed separately with respect to those products. The bill would also require a plan that provides services to Medi-Cal beneficiaries through specified programs to be surveyed annually with respect to those products until 5 years after completion of initial enrollment in those products, as specified. SB 966 Lieu D	Drug Medi-Cal. Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing law establishes the Drug Medi-Cal Treatment Program (Drug Medi-Cal) under which the department is authorized to enter into contracts with counties for the provision of various drug treatment services to Medi-Cal recipients, or is required to directly arrange for the provision of these services if a county elects not to do so. Existing law defines Drug Medi-Cal reimbursable services for purposes of these provisions. This bill would make technical, nonsubstantive changes to that definition. SB 1000 Monning D	Public health: sugar-sweetened beverages: safety warnings. Existing federal law, the Federal Food, Drug, and Cosmetic Act, regulates, among other things, the quality and packaging of foods introduced or delivered for introduction into interstate commerce and generally prohibits the misbranding of food. Existing federal law, the Nutrition Labeling and Education Act, governs state and local labeling requirements, including those that characterize the relationship of any nutrient specified in the labeling of food to a disease or health-related condition. Existing state law, the Sherman Food, Drug, and Cosmetic Law, generally regulates misbranded food and provides that any food is misbranded if its labeling does not conform with the requirements for nutrient content or health claims as set forth in the Federal Food, Drug, and Cosmetic Act and the regulations adopted pursuant to that federal act. Existing law requires that a food facility, as defined, make prescribed disclosures and warnings to consumers, as specified. A violation of these provisions is a crime. This bill would establish the Sugar-Sweetened Beverage Safety Warning Act, which would prohibit a person from distributing, selling, or offering for sale a sugar-sweetened beverage in a sealed beverage container, or a multipack of sugar-sweetened beverages, in this state unless the beverage container or multipack bears a specified safety warning, as prescribed. The bill also would require every person who owns, leases, or otherwise legally controls the premises where a vending machine or beverage dispensing machine is located, or where a sugar-sweetened beverage is sold in an unsealed container to place a specified safety warning in certain locations, including, on the exterior of any vending machine that includes a sugar-sweetened beverage for sale. SB 1002 De León D	Medi-Cal: redetermination. Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. This bill would require a county, when a redetermination is performed due to a change in circumstances, and the county received the information about the change in circumstance in a CalFresh application, or gathered the information about the change in circumstances during a CalFresh redetermination, and the beneficiary is determined eligible to receive CalFresh benefits, to begin the new 12-month eligibility period on a date that would align the beneficiary's Medi-Cal eligibility period with his or her household CalFresh certification period. The bill would also require the county, in certain circumstances, to begin a new 12-month Medi-Cal eligibility period that would align a beneficiary's eligibility period with his or her CalFresh household certification period. The bill would provide that these provisions only be implemented to the extent permitted by federal law and to the extent that they do not violate federal maintenance of effort rules. By imposing additional duties on counties, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. SB 1017 Evans D	Taxation: Oil Severance Tax Law. Existing law establishes the University of California, under the administration of the Regents of the University of California, the California State University, under the administration of the Trustees of the California State University, and the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as the 3 segments of public postsecondary education in this state. This bill would establish the California Higher Education Endowment Corporation (CHEEC) in state government. The bill would establish an oversight board to govern the CHEEC and would require that board to appoint the chief executive officer of the CHEEC. The bill would require the CHEEC to annually allocate the moneys in the continuously appropriated California Higher Education Fund, which would be created by the bill, to the California Community Colleges, the California State University, and the University of California, the Department of Parks and Recreation, and to the California Health and Human Services Agency, in specified proportions and for expenditure as provided. The bill also would authorize the board to invest the moneys in the fund in accordance with prescribed procedures. This bill contains other related provisions and other existing laws. SB 1029 Hancock D	CalWORKs and CalFresh eligibility. Existing law requires each county to provide cash assistance and other social services to needy families through the California Work Opportunity and Responsibility to Kids (CalWORKs) program using federal Temporary Assistance to Needy Families (TANF) block grant program, state, and county funds. Under existing law, an individual is ineligible for aid if the individual has been convicted in state or federal court after December 31, 1997, of any offense classified as a felony and that has as an element the possession, use, or distribution of a controlled substance. This bill would authorize CalWORKs benefits to be paid to an individual who is convicted in state or federal court after December 31, 1997, of any offense classified as a felony that has as an element the possession, use, or distribution of a controlled substance. If the person is on supervised release, he or she would be ineligible for CalWORKs benefits during any period of revocation of that supervised release.
